

Lunenburg Public Schools Fiscal Year 2027 Budget Request

February 26, 2026
Presentation to Finance Committee

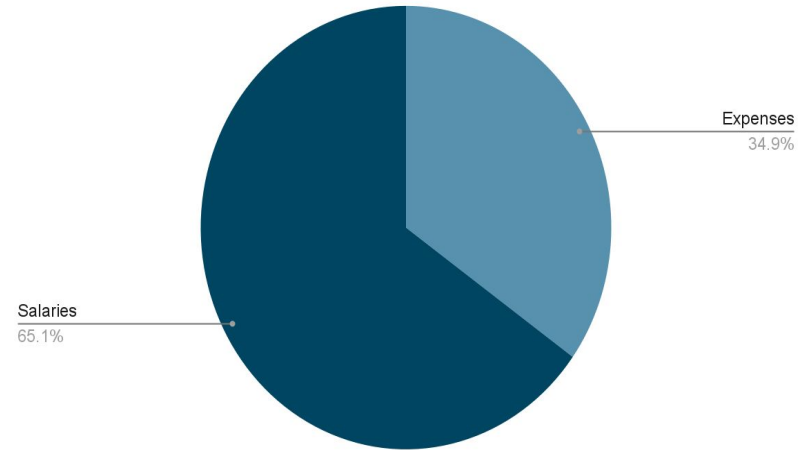

FY26 Budget Summary

Salaries - \$17,110,394

Expenses - \$9,177,080

FY26 Budget including \$500,000 free cash -
\$26,287,474

FY26 Budget

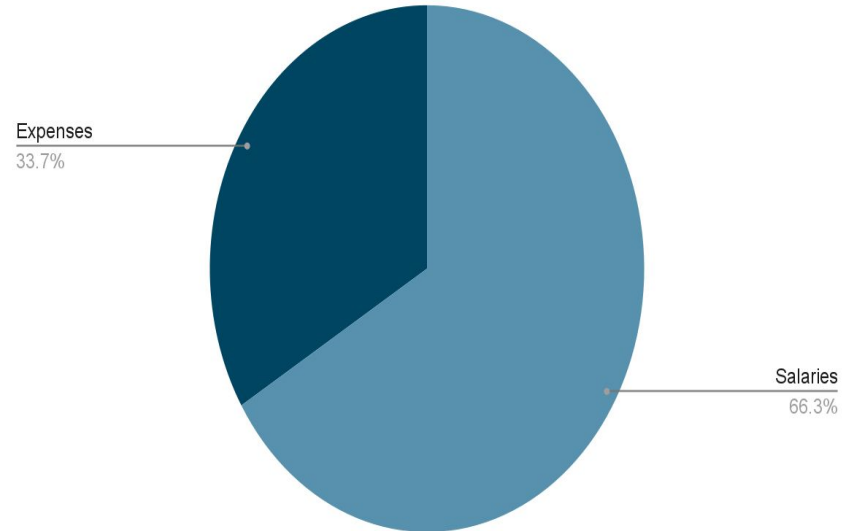

5200 - Insurance Programs	Health Insurance	\$ 8,451.00
5200 - Insurance Programs	Unemployment Insurance	\$ 26,063.00
1410 - Business Office Salaries	Business Manager	\$ 20,000.00
2210 - H.S. Principal Office Salaries	H.S. Principal/Asst. Prin.	\$ 22,654.00
2305 - Primary School Teachers -General Education	P.S. Teachers/Regular	\$ 69,991.00
2305 - Elementary School Teachers -General Education	E.S. Teachers/Regular	\$ 97,230.00
2305 - High School Teachers - General Education	H.S. Teachers/Regular	\$ 95,659.00
2310 - Teachers Specialists - Special Education	P.S. Special Ed Teachers	\$ 87,161.00
2310 - Teachers Specialists - Special Education	ES Special Ed Teachers	\$ 27,384.00
3510 - Athletics Salaries	Athletic Secretary	\$ 20,407.00
3510 - Athletic Expenses	Athletic Transportation	\$ 25,000.00
	ONE TIME FREE CASH	\$ 500,000.00

Executive Summary:

FY27 Anticipated Expenses & Salaries

Expenses

FY27 Projected Salaries and Expenses

Superintendent's Introduction

The Core Theme: Restoration, Not Expansion

- **The Reality:** This budget request is higher than the previous fiscal year.
- **The Distinction:** Personnel requisitions are identified strictly as **needed positions** (restoration) rather than discretionary enhancements (expansion).

The Strategic Approach

- **Three-Year Plan:** This proposal serves as the **foundational year** of a systematic process.
- **Objective:** Restore critical roles and functions that were eliminated during the FY26 budget cycle.

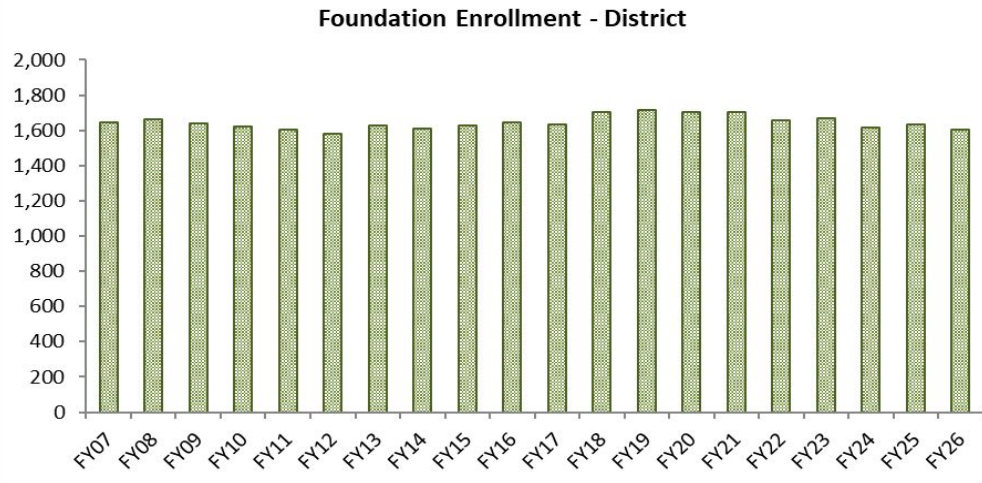

The Primary Goal: Bridging the Gap

- **Essential Service Levels:** Return the district to operational stability.
- **Outcomes:**
 - Stabilize class sizes.
 - Reinstate critical support services.
 - Meet requisite standards for student success.

Budget Assumptions

Enrollment

Enrollment has remained relatively flat since FY07, which directly impacts revenue.

Source: <https://www.doe.mass.edu/finance/chapter70/fy2026/chapter-2026-local.xlsx>

"Enrollment directly affects Chapter 70 funding in Massachusetts because it is the primary factor in calculating a district's foundation budget. A district's total enrollment, including adjustments for full-time equivalents and weighted categories like special education, English learners, and low-income students, determines its total funding amount."

Average Class Size K-5 2025-2026

Grade Level	Class Size
K	22-23
1	23-24
2	22-23
3	22-23
4	27-28
5	21-22

5

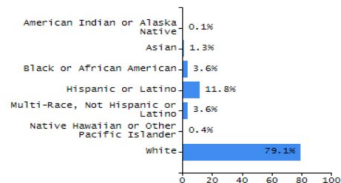

Enrollment

1,663

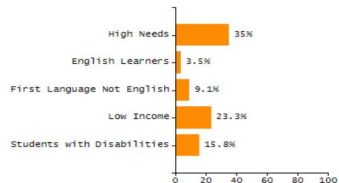

Grades Served

PK - 12

Student Race and Ethnicity

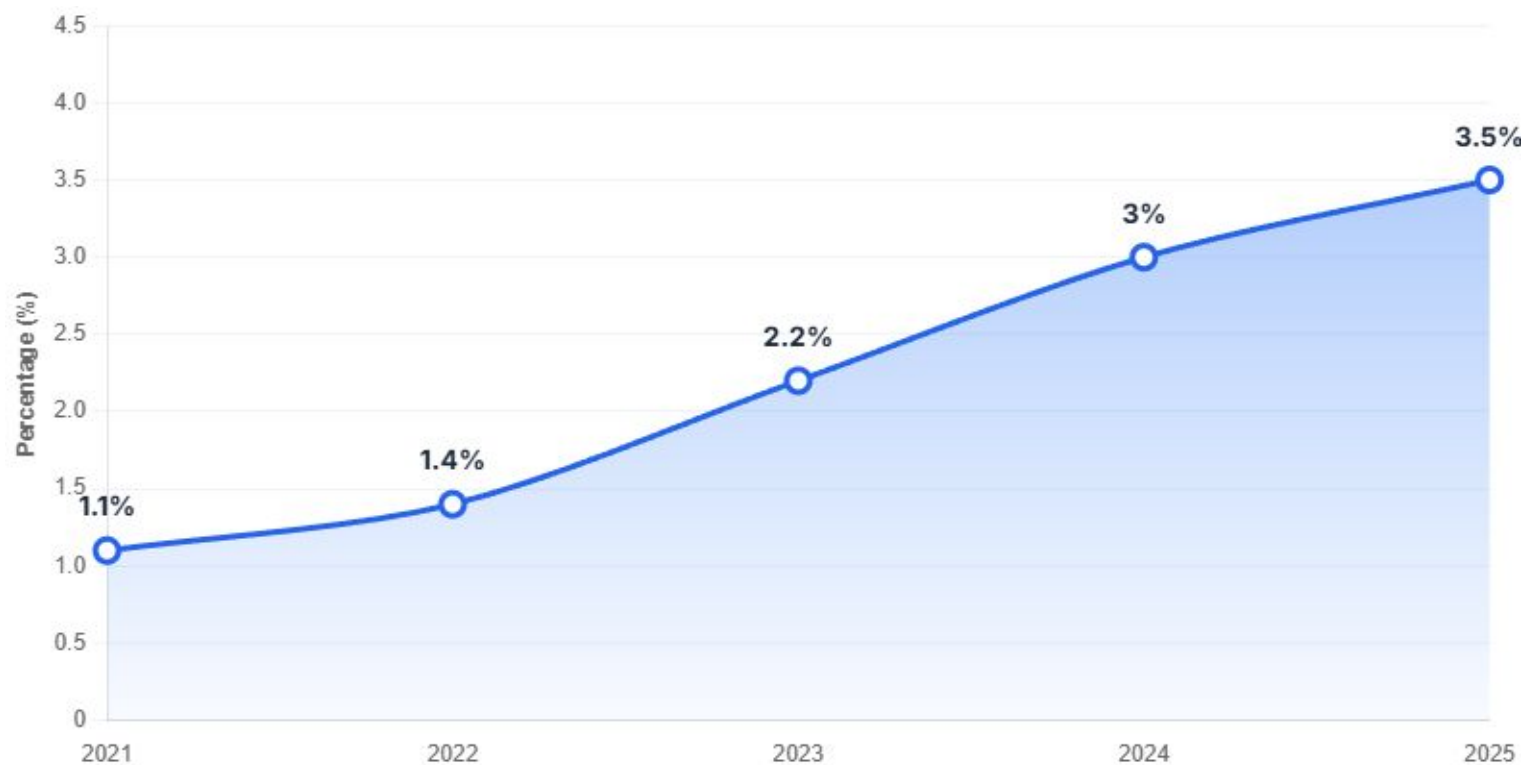

Selected Populations

Our percentage of high needs students has steadily increased since the 2019-2020 school year. The state classifies a student as high needs if they belong to one or more of the following groups: Students with Disabilities, current or former English Learners, and/or Low Income students.

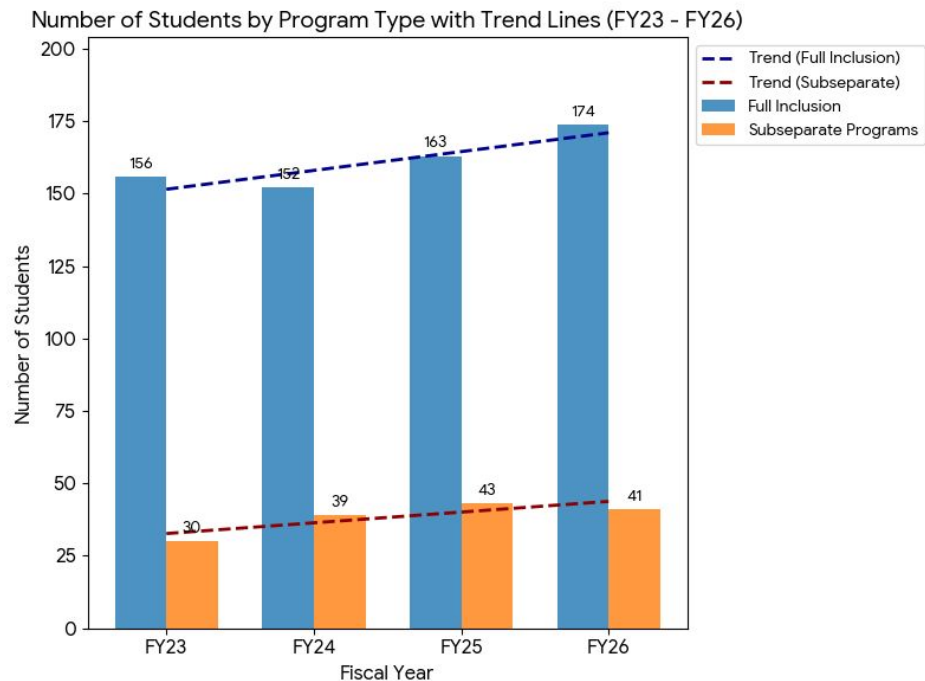

Growth of Lunenburg's English Language Learner's Population 2021-2025

FY24 (ACTUAL)	\$917,525	\$401,402
FY25 (ACTUAL)	\$907,200	\$434,922
FY26 (BUDGETED)	\$965,500	\$565,734
FY27 (BUDGETED)	\$1,110,325	\$649,953

Budget Assumptions

Technology

3% increase per year in subscriptions

8% increase per year in tech/equipment

Budget Assumptions

Supplies

The school principals were an integral part of the budget planning process for their anticipated supply needs. Each principal prepared a spreadsheet for the upcoming three years with different categories of expenses they anticipated. To these amounts we added estimated shipping costs and a 6% tariff.

For the most part expenses for FY27 were funded at a level commensurate with FY26

Budget Adjustments:

As of 2/26/26

How much we've cut since we posted original budget online

\$208,346

Literacy: The Foundation of Active Citizenship

The "Why": Active Citizenship

Our budget prioritizes basic skills such as literacy because it is the prerequisite for informed decision-making.

Currently, **~50% of our students** are not meeting the targets necessary to confidently choose their own path in life.

The "What": Upcoming Data Review

In the next eight slides, we will break down this achievement gap:

Slides 1 – 2: Early Literacy Screener (mClass)

Slides 3 – 8: 2024–25 MCAS Academic Scores

Grade K	Composite Score	MOY	30% 15% 33% 22%	106
Grade 1	Composite Score	MOY	25% 22% 39% 14%	114
Grade 2	Composite Score	MOY	27% 14% 32% 27%	106

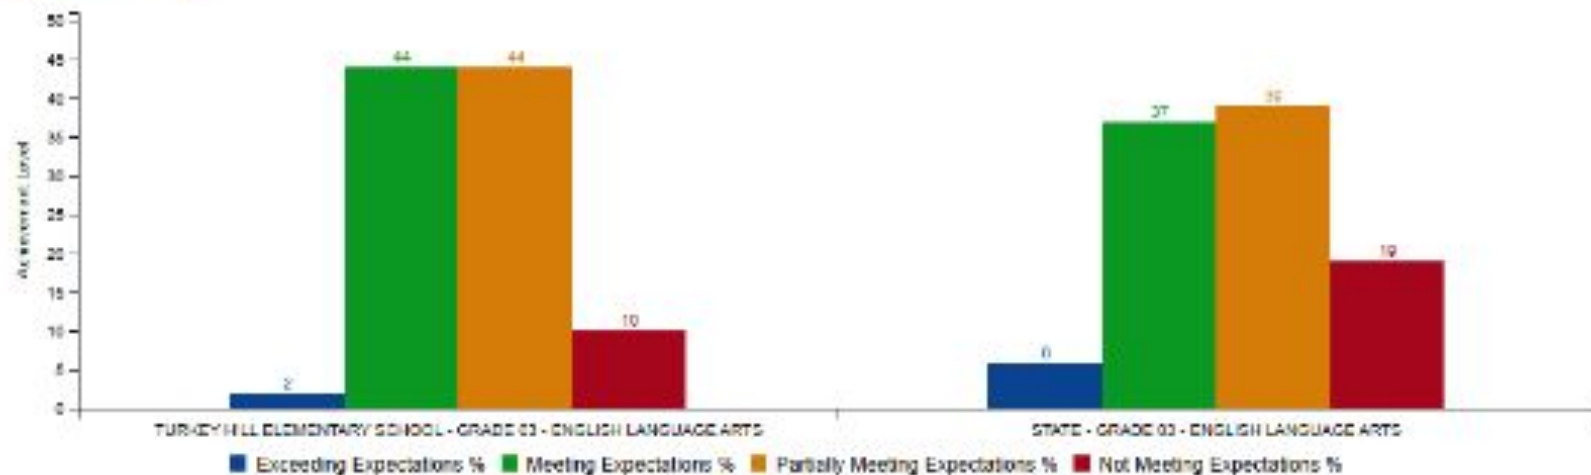

Grade 3	Composite Score	MOY		108
Grade 4	Composite Score	MOY		133
Grade 5	Composite Score	MOY		106

MCAS Tests 2025

Percent of Students at Each Achievement Level for Turkey Hill Elementary School

Data Last Updated: September 29, 2025.

[More about the data](#)

54% of 3rd grade students are not demonstrating literacy skills to the grade level standard

[More about the data](#)

44% of 8th grade students are not demonstrating literacy skills at the 8th grade level.

ELA Performance 8: MCAS

Justification for Interventionists

The Data: The Case for Support

- **Current Reality:** Longitudinal data consistently show that approximately **50% of our students** are currently not meeting expected grade-level standards in ELA and Reading.
- **The Implication:** These students require additional, targeted support to access the full curriculum and reach their potential.

The Research: The "Compounding Gap"

- **Skills Build Skills:** Educational research demonstrates that early proficiency creates momentum. Conversely, small gaps in foundational skills tend to widen over time if not specifically addressed.
- **The Critical Window:** Interventions implemented *before* Grade 3 are significantly more effective at closing these gaps than remediation attempts in later grades (Stanovich, 1986; Torgesen, 2004).

The Solution: Academic Interventionist

- **Role Function:** Deliver high-frequency, small-group instruction to accelerate student progress.
- **Strategic Goal:** Ensure students bridge the gap towards meeting grade level standards securing their long-term academic success.

New Staffing Request: Primary School FY27

Salaries Cost: \$94,646

Insurance Cost: \$62,562/year

- Add **1.0 Interventionist**: To address early literacy and math gaps. - \$72,441

Kindergarten Support Restructuring:

- Add: **1.0 Kindergarten Paraprofessional** - \$22,205
- **Reassign**: Existing MTSS Paraprofessional to Kindergarten.

New Staff Request: THES

Position Cost: \$72,441
Insurance Cost: \$31,281/year

Add 1.0 Interventionist: Targeted support for students identified as at-risk in reading and math - \$72,441

New Staff Request: LMS

Position Cost: \$72,441
Insurance Cost: \$31,281/year

- **Add 1.0 Interventionist:** Targeted support for students identified as at-risk in reading and math - \$72,441

New Staff Request: LHS

Positions Cost: \$101,417
Insurance Cost: \$31,281/year

Add 1.0 World Language Teacher: \$72,441

. The Operational Necessity

- **Graduation Standards:** This position is essential to meet district graduation requirements.
- **Class Size Management:** Critical for maintaining appropriate student-to-teacher ratios.

The Consequence of Inaction

- **The Hard Choice:** Failure to add this position forces the district to choose between two negative outcomes:
 1. **Delay Instruction:** Moving the start of World Language instruction for all students to Grade 9.
 2. **Eliminate Programming:** Cutting the Latin Program entirely (displacing 85 currently enrolled students).

New Staff Request: LHS

Positions Cost: \$101,417
Insurance Cost: \$31,281/year

Add 0.4 Music Teacher: \$28,976

The Strategic Value

- **Program Expansion:** This position allows us to increase our course offerings.
- **Student Choice:** Directly results in more electives and performing arts opportunities for our students.

The Consequence of Inaction

- **Scheduling Deficit:** Failure to add this position creates a scheduling gap.
- **Impact:** Students will be under-scheduled, resulting in increased study halls and a lack of meaningful academic engagement during the school day.

New Staff Request: Student Services

Positions Cost: \$167,087
Insurance Cost: \$93,843/year

Add 1.0 Bridge Program Teacher - \$72,441

Add 1.0 Bridge Program Paraprofessional \$22,205

The Critical Need

- **Target Population:** Students requiring significant social-emotional or transitional support.
- **Current Gap:** Internal capacity must be expanded to meet these specialized needs effectively within our schools.

The Strategic Investment

- **Proposal:** Addition of specialized support positions to maintain robust in-district programming.
- **Goal:** Provide high-quality, inclusive education within the Lunenburg community.

The Financial Consequence of Inaction

- **The Risk:** Failure to add these positions forces the District to seek external solutions.
- **Fiscal Impact:** High probability of funding additional **Out-of-District (OOD) Placements**.
- **Bottom Line:** Investing in internal staff is significantly more cost-effective than tuition and transportation for OOD placements.

New Staff Request: Student Services

Positions Cost: \$167,087
Insurance Cost: \$93,843/year

Add 1.0 English Language Teacher - \$72,441

The Current Reality: Capacity Stretched Thin

- **Current Staffing:** Only 2 Teachers serving all 4 Schools.
- **Operational Impact:** Resources are spread too thin to provide consistent, high-quality support across the district.

The Requirement: Meeting DESE Standards

- **The Standard:** This position is required to meet the **minimal service levels** prescribed by the Department of Elementary and Secondary Education (DESE).
- **The Goal:** Ensure equitable access to curriculum for all learners.

The Consequence of Inaction

- **Compliance Risk:** Failure to hire this position results in an inability to meet suggested state service guidelines.
- **Student Impact:** Diminished support for our ELL population, hindering their academic progress and integration.

New Staff Request: District-Wide

Positions Cost: \$95,000
Insurance Cost: \$31,281

Restore 1.0 Assistant Principal - \$95,000

The Current Reality: Operational Capacity Reached

- **Stretched Leadership:** A single Principal is currently managing two distinct school cultures (Middle & High School).
- **Status:** Leadership capacity has reached its absolute limit.

The Hidden Cost of Previous Reductions

- **False Savings:** Costs were not eliminated, only transferred to staff and students.
- **Consequences:**
 - Administrator burnout.
 - Diminished program quality.
 - **Increased Liability:** Reduced supervision directly impacts student safety.

The Necessary Solution

- **Restore full time Assistant Principal**

Central Office Restructuring

Position Cost: \$10,000
Insurance Cost: \$0

Eliminate 1.0 Literacy Coach - Grant Funded

Transition 1.0 Math Coach to Instructional Specialist -
~\$10,000

Rationale for Change

- **Evaluation of Strategy:** While instructional coaching is a proven model in theory, internal data indicates the current implementation is not yielding the projected Return on Investment (ROI).
- **Strategic Pivot:** Shifting focus from indirect support (teacher coaching) to direct student services to maximize budget efficacy.

Personnel & Budget Adjustments

- **Elimination:** The **Literacy Coach** position will not be included in the FY27 budget.
- **Restructuring:** The **Math Coach** position will transition to an **Instructional Specialist**.
 - **60% Direct Service:** Small group acceleration focused on conceptual math understanding.
 - **40% Systems Coordination:** Leading the District's Multi-Tiered System of Supports (MTSS).

Central Office Restructuring

Positions Savings: \$(31,000)
Insurance Cost: \$31,281

Reduce Data Reporting Manager to .5 - \$(35,000)

Create a 1.0 Assistant Business Manager Position - ~\$4,000

The Challenge: Operational Vulnerability

- **Scope Expansion:** The current *Data and Reporting Manager* role has grown beyond its original design.
- **Conflicting Duties:** The role currently balances high-stakes financial duties (Accounts Payable, Warrant Preparation) with critical State reporting and Student Information System maintenance.
- **Risk:** This dilution of focus creates significant operational vulnerability.

The Solution: Dedicated Roles

- **Create:** Assistant Business Manager position.
- **Transition:** Data compliance responsibilities move to a 0.5 FTE Data Reporting Manager.

Central Office Restructuring

Positions Savings: \$(31,000)
Insurance Cost: \$31,281

Reduce Data Reporting Manager to .5 - \$(35,000)

Create a 1.0 Assistant Business Manager Position - ~\$4,000

Strategic Outcomes

- **Risk Management:** Introduces necessary cross-training and redundancy, ensuring continuity of operations if the Business Manager is unavailable.
- **Financial Integrity:** Enables tighter financial controls and more rigorous budget monitoring systems.
- **Separation of Duties:** Ensures focused oversight for financial systems while maintaining full compliance with data and reporting obligations.

FY 27 Salary Information

The salary budget lines have been condensed and summarized according to the format of the Department of Education codes.

The amounts may reflect slight variations or level costs across the line, due to union contracts and individual contracts that have not yet been negotiated for fiscal year 2027.

In other cases, there are only step increases for those who are not on the highest step.

FY27 Budget Summary

Salaries \$18,869,757

DISTRICT SALARIES						
1210 - Superintendent Office Salaries		\$301,482	\$362,966	\$388,623	\$339,679	\$313,658
