Lunenburg Public Library

FY 27 (Current) Organization

Service Trends (Library)

\$654,168.24

Total FY27 Preliminary Budget

The proposed budget of \$654,168.24 reflects a 3.5% increase from the prior year, ensuring continued delivery of essential services and addressing rising operational costs. It does not address staffing needs, and it does include above level service funding to the programming line, which would match the funding level in FY23 when we received a grant that was used for STEM programming.

Major cost drivers

- Contractual obligations for salary and step increases for CBA/SAP (excluding COLA)
- Programming Line
- Includes costs for Lib. Materials (i.e., databases)

Funding Requirements

Certification for Public Libraries

The Massachusetts Board of Library Commissioners sets standards for public library service in Massachusetts. Meeting these requirements allows a Library to be certified to receive State Aid to Libraries funding (\$34,000+ in FY26).

The benefits of certification include participation in the statewide resources sharing networks, which means access to 59 million items across the Commonwealth; certification is part of the eligibility requirements for MBLC grants (~\$13,000 grant received in 2023).

To be certified the municipality and the library must:

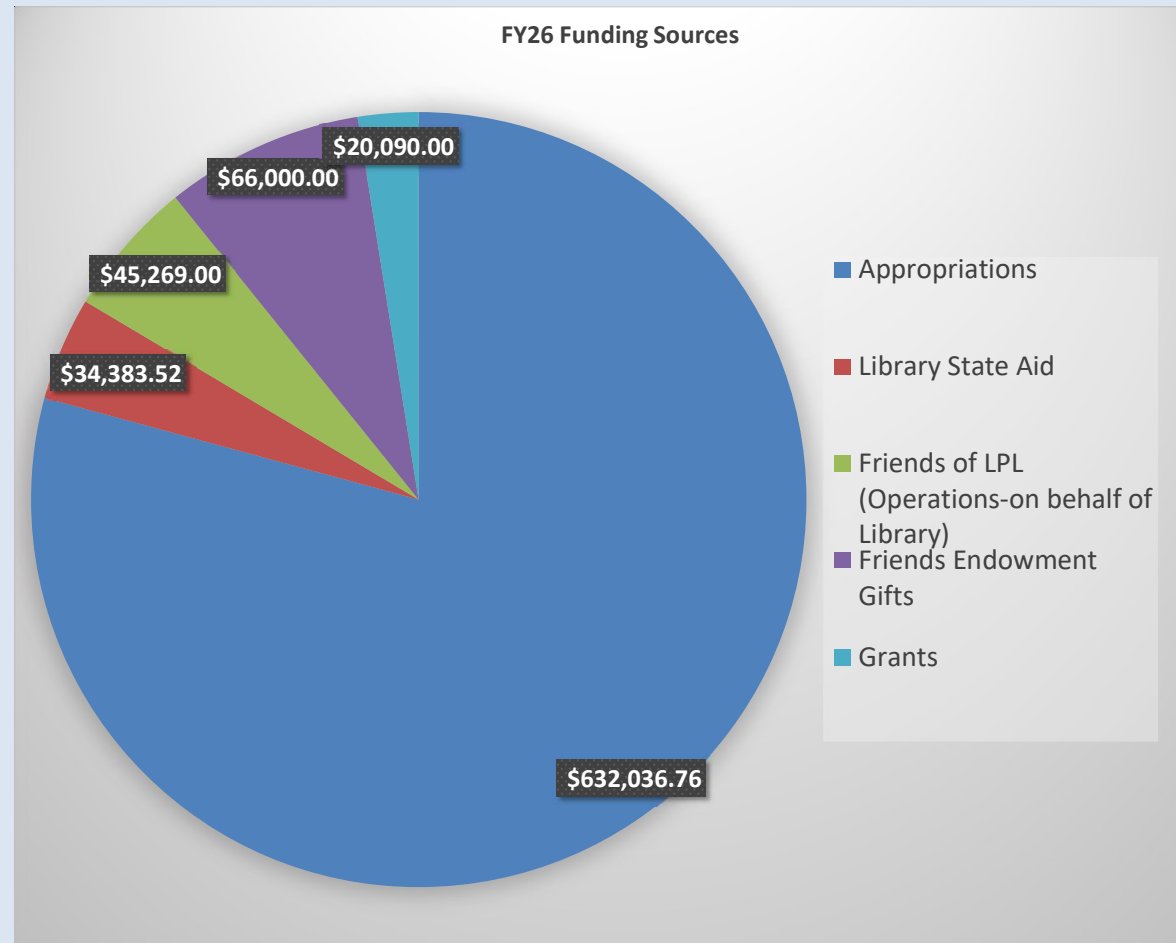

- meet its Municipal Appropriation Requirement
- meet Minimum Standards of Free Public Library Service
- submit annual reports and forms to show compliance

Funding Sources

The Library's funding sources include municipal appropriations, State Aid to the Library, grants, gifts purchased with the Friends of LPL endowment, and payments made by the Friends of LPL on behalf of the library.

Many of the Library STEM programs have been funded by outside sources. First, the LSTA grant in 2023, then a gift from the Friends Endowment, and then in subsequent years in the Friends operational budget.

Grant Funding

Overview of Grant Sources for FY26

Active Grants

Emerson Hospital Christine Gallery Community Benefit Grant - \$700

These funds support a partnership between Library and LAAC to better support residents and their families suffering with Alzheimer's and memory challenges.

Lunenburg Cultural Council - \$1565

LCC supports cultural programming events.

North End Subaru Monthly Concert Series - \$3600

For several years, North End Subaru has contributed funds to support our monthly concert series. Friends match this amount.

Recent Grants

Main Street Group Foundation - \$14,225

Main Street Bank funded our Summer Lunch Program during which we served more than 1400 lunches during our Summer Reading Program.

FY27 Summary & Recap

\$2.3M

Estimated value returned

This “level services” Library budget reflects staffing changes that occurred during FY26. Filling the position left by our retired Children’s Librarian of ten years, and two other new staff members significantly decreases salary expense.

Library materials costs continues to rise, especially digital resources for which there is increasing demand. Similarly, programming expenses are increasing and the demand for this core service is on the rise.

Our Library is uniquely advantaged with its Friends of the LPL. Whereas most towns have single- or double-digit membership, our Friends have more than 300 active members. Their generosity and financial support reflect the value they place in our Library. As the town administration has committed greater investment in the library, they Friends have also committed greater amounts of support (FY26 is a record high).

THANK YOU!
