

School Committee meetings with an agenda posted and no minutes

Prepared 8 September 2026 by the Lunenburg Budget Project, an independent archive of the town and school budgets at lunenburgbudgetproject.org.
Every figure quoted here is traceable to a document published on that site.

Generated 8 September 2026 from the Town of Lunenburg AgendaCenter, as listed by the town itself. Every row below is a meeting the town announced.

What this list is, and the one thing it is not

It is every date where the AgendaCenter carries an agenda for a School Committee meeting and carries no minutes for the same date.

It is not a list of meetings held. An agenda can be posted for a meeting that was later cancelled, and minutes for a meeting may exist without being posted. Those are different things and nothing published distinguishes them — which is part of why the request is worth making.

The last three years — 35 meetings

2024 — 9 OF 36 ANNOUNCED MEETINGS HAVE NO MINUTES POSTED

- **20 February 2024** — agenda:

-

Before that — 65 more, and the older years are worse

YEAR	ANNOUNCED	MINUTES POSTED	MISSING
2021	6	0	6
2022	25	0	25
2023	43	9	34

2022 has 33 announced meetings and no minutes posted at all. 2021 has six and none. Those years are outside the three requested and are listed because a request that covers them costs no more to make.

For the request itself

Each meeting above is identified by the date the town itself published. The agenda link is the town's own address for that meeting, so a clerk can match each row without needing anything from us.

Massachusetts Open Meeting Law (M.G.L. c.30A, §22) requires minutes to be created for every meeting and made available on request. It does not require them to be posted online — so a meeting on this list may well have minutes that simply are not on the website, which is exactly what a request would surface.
