

TOWN OF LUNENBURG
ANNUAL REPORT FOR FISCAL YEAR 2022

IN MEMORIAM

Sarah M. Grant passed away on February 4, 2022. She had lived in Lunenburg since 2012 and been a member of the Council on Aging from 2013 to 2022.

Sarah founded one of the Council on Aging's annual events, the Tea Party, which was a very popular event. She was very focused on all the little details that go into a formal tea party. Sarah also led craft classes at the Senior Center as she was very talented. She will be missed.

William J. Gustus passed away in his home on September 19, 2022, surrounded by his loving family. Bill owned and operated Settlers Crossing Golf Course in Lunenburg and the Westminster Golf & Country Club in Westminster with his wife Laura Caron-Gustus and business partner Donnie Lyons. Prior to his retirement he was the Town Administrator for the Town of Lynnfield, and the Chief Administrative and Financial Officer for the Town of Lunenburg.

Longtime dance and physical education teacher, **Genevieve C. Nass**, 67, died Nov. 29, 2022. Genevieve was born on Sept. 30, 1955, attended Lunenburg schools and graduated from Lunenburg High School in 1973.

Known for the twinkle in her eye and her big smile, she ran her own dance studio for more than 40 years and taught physical education for 20 years in the Lunenburg Public Schools.

She looked forward to summers at the Town Beach and also directed the Lunenburg Town Beach for many years, acting as a lifeguard, swimming instructor and lifeguard trainer.

OPEN TOWN GOVERNMENT– 5 MEMBER SELECT BOARD

ANNUAL TOWN ELECTION– 3RD SATURDAY IN MAY

ANNUAL TOWN MEETING– 1ST SATURDAY IN MAY

TOTAL AREA– 26.63 MILES

Lunenburg was settled in 1718 and incorporated in 1728. It occupies a land area of approximately 26.4 square miles. Lunenburg is located in north central Massachusetts approximately 43 miles from Boston. It is bordered on the west by the Town of Ashby and the City of Fitchburg, on the south by the Town of Lancaster and the City of Leominster, on the east by the Town of Shirley and on the north by the Town of Townsend.

Local legislative decisions are made by an open town meeting consisting of all registered voters in the town. Subject to the legislative decisions made by town meeting, the affairs of the town are generally administered by an elected five member Select Board and a Town Manager, Local school affairs are administered by an elected seven member School Committee while local taxes are assessed by an elected three member Board of Assessors.

Lunenburg is a semi-rural community located in northern Worcester County. Lake Whalom and the former Whalom Amusement Park delineated the Whalom District from the remainder of Lunenburg. This district was developed as a housing base for many factory workers working in the mills and factories of Leominster and Fitchburg. In many ways the characteristics of the Whalom District closely reflect characteristics of these cities more than of the rest of Lunenburg. The Hickory Hills Lake area was developed as a private community comprised largely of vacation cottages. Shirley Reservoir is a public water body also developed with mainly vacation cottages that have now been modified to year-round residences.

Commercial and industrial development is permitted in several areas of town, primarily along the two major arteries (Routes 2A and 13) and the town's peripheries, due largely to the close proximity of Leominster's and Fitchburg's sewer and water systems. Although many farms and orchards had slowly developed into single family housing, farming continues on in Lunenburg. In 2013 the Annual Town Meeting voted to establish an Agricultural Commission to represent, preserve and enhance farming in the community and to administer the "Right to Farm" bylaw,

The 2015 Lunenburg Town Meeting established the Architectural Preservation District ("District") bylaw to regulate construction, demolition or renovation of existing "Contributing Property" structures as defined by the bylaw within an established bounded district. The bylaw was introduced at Town Meeting along with the Village District Bylaw, which created an overlay zoning district to encourage mixed-use commercial and residential development. While the Village District Bylaw encourages the economic vitalization of downtown Lunenburg, the Architectural Preservation District Bylaw ensures that it will not come at the expense of the town's historical character and integrity.

ADMINISTRATION

REPORT OF THE TOWN MANAGER

FY22

It is my pleasure to submit the annual report on the activities of the Office of the Town Manager during Fiscal Year 2022. Fiscal Year 2022 started off like most other years however, there were lingering after effects of the pandemic. The pandemic brought about a shift in the employment marketplace, causing vacancies to last longer and a smaller applicant pool to fill positions. The State extended the allowance of virtual public meetings, which most boards and committees continued to use as a matter of convenience and, at times, for personal health reasons. The federal stimulus funds that were part of the American Rescue Plan Act made their way down to cities and towns and this would result in many discussions in how best to use these windfall monies. Driver shortages, supply chain issues, and increased demand for items disrupted our Pay As You Throw program, severely impacted the delivery schedule of vehicles/equipment the Department of Public Works, Fire Department, and Police Department ordered and spiked costs for construction projects.

Despite the ripple effects of the pandemic, the Town continued to provide a high level of services and was another year of progress. Below I would like to highlight the topics that were addressed and the accomplishments within the Office of the Town Manager:

- In July of 2021, as part of the annual goal setting process, the Selectmen reviewed and voted to accept the Town Manager's annual goals for FY22. The Town Manager's goals for FY22 included continuing to take the necessary steps towards the redevelopment/reuse of 925 Massachusetts Avenue, working with the Select Board on creating a means tested senior citizen tax relief program, and action items related to enhancing facilities maintenance and management. A majority of the action items related to these three goals were completed. In regards to 925 Massachusetts Avenue, the Town Manager continued to work Joe McLaughlin of BETA Group, MassDEP, and MassDevelopment about possible cleanup funding. In the end we worked with the EPA and this project was put on the list of projects in line for federal funding through Targeted Brownfields Assessment funding. The funding would pay for removal of the underground tanks, limited soil removal and make the Town eligible for future cleanup funds. This work is slated to be completed in FY 2023. In addition, a survey was completed for the property and after much due diligence to eliminate any possibility that the Town would be legally responsible for cleanup, the Town foreclosed on the property, which was a necessary step to receive the federal funding from the EPA. As it related to one of the action items under the Town Manager's annual goals for Facilities, the Town Manager followed the Town Charter process for an Administrative Organization Plan and after a public hearing process, received approval at the May 2022 Annual Town Meeting to separate Facilities from the Department of Public Works. The third goal, to assist the Select Board with a means tested senior citizen tax relief program was initiated and the Principal Assessor presented information from other communities with similar programs to the working group. Ultimately additional time was needed to develop the framework of the program and its effects on taxpayers, so this goal was carried forward to FY 2023.
- In July 2021, the Select Board set their goals for the upcoming year: they amended their FY21 goal/work on the old Primary School at 30 School Street with additional action items such as engaging with a landscape architecture firm to discuss a vision of multi-use, passive recreation/ green space project at the site and all necessary steps to bring the associated costs to the 2022 Annual Town Meeting. Another goal was to work with the Town Manager and Finance Director to establish a means-tested senior citizen property tax exemption or abatement. The last goal was to develop a policy designed to encourage volunteerism in Town, specifically for town boards, committees, and commissions. A Request for Proposals was put out twice for selection of a landscape architect for 30 School Street and ultimately architect Ray Dunetz was chosen for the project. Various staff and community meetings led to a conceptual design that requested additional funding at the May 2022 Annual Town Meeting, but funding was only approved for abatement and demolition of the structure and the associated engineering costs. The goal of developing a policy designed to encourage volunteerism was discussed at a workshop but the Board was split on the language of the policy so no action was taken during fiscal year 2022 on this goal.
- At the end of Fiscal Year 2021 the Town received a letter from Mass Housing that Pond View Commons, LLC had filed an application for a 40B housing project. The proposed development would consist of 200 units of rental housing on 18.5 acres of land located at 318, 390 & 400 Howard Street.

- August 2022 began with a workshop on Chapter 40B led by Town Counsel Adam Costa on the role of the Zoning Board of Appeals would provide in the application process. The Town was required to submit a response to the letter from Mass Housing by September 2, 2021, which an 88-page response was submitted that included numerous letters from residents, town boards, town counsel, and the Town Manager. Mass Housing reviewed the town's response, requested information from the applicant and ultimately granted a positive 40B project eligibility in March of 2022. From that point on, the applicant filed a comprehensive permit application with the Zoning Board of Appeals. The application is still ongoing as of writing this report.
- The Town Manager submitted recommendations to the Select Board on adoption or amendment of various policies throughout the year, including the Capital Budget Policy changing the threshold for individual projects from \$10,000 to \$20,000, a new Senior Citizen Property Work Off Program Policy which would change to an internal function of reviewing the applications by the Assistant Town Manager versus a committee, amendments to the Liquor License Regulations, the Boot Drive Policy, MA Emergency Paid Sick Leave, and Sign Policy. In April the Board finalized a new Commemorative Policy and began working on their third goal of a Volunteerism Policy. In May a new Tailings Policy, which addresses uncashed checks issued by the Town, was adopted and in June a new Ambulance Billing Collection Policy was adopted.
- As previously mentioned, Fiscal Year 2022 was a difficult year for retaining staff and filling vacancies. The pandemic created opportunities for employees to move to new careers and made it a more competitive marketplace for employers. The Assistant Town Manager/HR Director who is responsible for advertising vacancies and working with the relevant departments to bring on new employees was constantly reviewing applications, interviewing and trying to fill vacancies throughout the year. In August 2021 the Veterans Agent, IT Director (shared between Town/School), and a Board Clerk resigned. The Veterans Agent position was filled in September, the Town Manager hired an outside consultant in September to fill the role of the IT Director, and additional Board Clerks were hired throughout the year. In September Principal Assessor Sue Byrne announced her retirement effective end of September and Christine Kumar was hired in September to fill this position, but resigned at the end of November. The position was filled with a temporary Assessor, Rena Swezey, from December 2021 until March of 2022 when Christopher Carroll was selected to fill the permanent position. In October the Principal Clerk for the Town Accountant retired and this position changed to an Assistant Town Accountant position after the November Special Town Meeting and was filled in January 2022. Also in October the Recreation Director Kayla Wright resigned and Rob Thompson was hired in December to fill this position. In March DPW Director Rob Oliva resigned and this position was unfilled until May of 2022 when Bill Bernard was appointed. Also in May of 2022 Conservation Administrator Matt Marro retired and Nadia Madden was hired in May to fill this position. The Police Department also saw staffing changes with three Reserve and Full-Time Officers leaving for other positions, and these were filled at different times during the year. The DPW had up to three vacant Heavy Equipment Operator positions at all times during the year. The Council on Aging and Public Access also had vacancies for Van Drivers and Videographers during the fiscal year as well. The positions that were new to the FY22 budget, including the Assistant to the Sewer Business Manager position, Board/Committee Clerk positions, Remote Meeting Coordinator, Trash & Recycling Coordinator, an additional Police Officer, an additional Firefighter/Paramedic, and restoration of a Facilities Technician position, were all filled at various times during the year.
- The Town Manager, the Assistant Town Manager, and the relevant staff worked together on putting a variety of projects out to bid in FY 2022, including the Landscape Architect Services for 30 School Street (put out to bid twice due to no response on the first bid), Master Planning Services (no response to bid), Master Planning/Landscape Architectural Services for Marshall Park, the Public Safety Building Chiller project, Town Building Cleaning Services, Town Beach Building Abatement work, Town Beach Building Alterations (bids came in over budget), DPW Road Materials, Library LED Lighting, 30 School Street Building Abatement work, and LED Streetlight Design and Project Management Services (all bids rejected).
- This year was another productive year for infrastructure projects in Lunenburg. Through a \$260,000 grant the Town Manager received through the Complete Streets grant program, sidewalk work on Memorial Drive, the intersection of Main and Oak Avenue, and the sidewalks connecting Town Hall and

and the sidewalks connecting Town Hall and then over upper common in front of 1 Main Street was completed. The front decking at the entrance of Town Hall was also replaced. Electrical work was done in the Town Hall basement to address bringing certain wiring up to code and to eliminate unnecessary old wiring. The environmental consultant hired for the 104 Fairview Road project (also known as the Woodruff Property) filed a Notice of Intent with the Conservation Commission and the Town was issued an Order of Conditions in order to proceed with putting this work out to bid. The Pleasant Street Bridge project, which was funded through a Small Bridge Grant, was completed by the fall of 2021 and the MassDOT bridge project on Mass. Avenue was completed later that fiscal year. Through a \$50,000 state earmark, hazardous abatement work was undertaken at the old Primary School at 30 School Street. Hazardous material abatement was also completed at the Town Beach building. The Town also began a LED lighting project at the Library through a \$40,000 state earmark received in FY22. Due to inflated construction costs that came about during the pandemic, the Flat Hill Road Culvert project estimated cost increased and the Town applied for a \$500,000 Small Bridge Grant to supplement the local appropriation.

- Related to procurement of services, the Town entered into a contract with a new trash & recycling hauler, E.L. Harvey, on July 1, 2021. The Town was contracted with Casella for the previous ten years and the first few months of the new contract with E.L Harvey required significant attention to address prior practices, such as pick-up on private roads that were not on the routes reviewed with Casella, to iron out. Due to the increase in cost of the solid waste removal under the new contract, bag prices were required to increase by 15% and this went into effect mid-August. In addition to the transition to a new vendor, the pandemic's effect on the supply of replacement trucks and driver shortages also impacted service delivery.
- The Town Manager's Office applied for and received the MIIA Risk Management Grant for \$10,000 for Microsoft Office 365 licenses and \$6,600 for a Recycling Dividends Grant that helped fund the Trash & Recycling Coordinator position.
- The Town Manager and staff worked closely with various industrial and commercial projects, including a 372,000 square foot warehouse/distribution facility called Lunenburg Central located on 475 Leominster-Shirley Road and an adult use retail cannabis license applicant called Uma Flowers at 43 Summer Street. The Select Board voted on the Host Community Agreement with Uma Flowers in December 2021, which is a required step to get licensed by the Cannabis Control Commission.
- Throughout the year the Select Board addressed various town property related items, including
 - ♦ The Select Board authorized Town Counsel to send two letters of Notice of Trespass to property owners who were encroaching on town properties; the first was for boulders placed along the edge of and into the public right of way at the rear of 993 Massachusetts Avenue and the other was for a shed at 38 Pierce Avenue erected on town property. As a result of no action from the property owner at 993 Massachusetts Avenue and on advice of Town counsel, the Select Board approved taking legal action to address the encroachment of boulders within the public right of way.
 - ♦ The Select Board approved a survey requested by the Conservation Commission regarding the boundary between the Cowdrey Conservation property and 192 Townsend Harbor Road to rectify a possible encroachment and the identification of other possible encroachments onto the Cowdrey property from another property on Townsend Harbor Road and Woodland Drive. These possible encroachments were discovered while the commission was performing site walks.
 - ♦ Authorized changes were made to some Assessors' records of town properties that were incorrectly described as under the care of the Conservation Commission. The parcels were 510 Townsend Harbor Road (split into two separate parcels); 25 Fire Road 19 (Lake Shirley Dam), 75 Lakefront Avenue (Whalom Waterfront) and 374 Page Street, after reviewing town meeting articles. Another parcel corrected in the Assessors records based on the relevant town meeting and deed information. It was also determined that 26 Sunset Lane was in fact part of the bigger parcel of the Robbs Hill Conservation property. The property had been listed as "owner unknown," but was changed to "Town of Lunenburg/Conservation".

- Over the course of the fiscal year the Town received the full allotment of ARPA (American Rescue Plan Act) funding through the Coronavirus State and Local Fiscal Recovery *Funds* program in the amount of \$3.5M. The Town Manager held meetings with department heads to solicit input on potential ARPA projects and presented these to the Select Board. The Town Manager worked with a company called Capital Strategic Solutions and they presented an outline of American Rescue Plan Act funding categories and their services to the Board in February. The Board would continue to have many discussions about how to spend the funding. These discussions are still occurring in FY 2023.
- In the fall the Town Clerk submitted a letter to the Select Board requesting to redistrict the town due to federal census numbers that reflected new growth in Precinct A. The board voted to accept the plan as presented.
- Over the course of the year the Town Manager worked with Town Counsel and Unitil's Counsel on the documents required to finalize the purchase of the streetlights from Until. This was finalized in FY 2023. The Town went out to bid for LED design and consultant services in March of 2022 but ultimately decided to reject all bids. The Town Manager prepared and submitted the Green Communities Competitive application for the conversion of the streetlights, administrative expenses, and funds towards the purchase of a hybrid police cruiser with a grand total request of \$187,140 The Town was awarded this grant in August of 2022.
- In September of 2021 the Town Manager presented her preliminary FY23 budget priorities. Her recommendation was to continue to include the 10-year staffing plan for the Police Department and the 5-year Fire/EMS plan to get to a full time Paramedic Level Service. Other priorities included additional IT assistance and separating Facilities from the Department of Public Works to create a managerial position that can manage all the capital projects and long-term planning for facilities. Another area she recommended resources be allocated to is to address IT infrastructure, training, and preventative measures that will protect the Town.
- In October the Select Board met with the TC Passios Building Design Committee to review their three draft warrant articles for the November Special Town Meeting, including an article to hear an interim report on the committee's progress, an article to authorize borrowing \$28.9M for renovation of the building for town offices, school uses, and community uses, and an article to fund the design and engineering required to construct a new building for the consolidation of town offices, school uses, and community space at the location of the building and land known as the TC Passios, amount to be determined by Town Meeting. Ultimately the Committee presented an interim report but both funding articles were passed over at the Special Town Meeting. After the Town Meeting, the Committee came back to the Select Board and asked for a revised name to the Lunenburg Municipal Building Design Committee and revised charge to include multiple buildings rather than just the TC Passios Building.
- Prior to the November Special Town Meeting Select Board member Jim Marino submitted his resignation due to his moving out of town. The Town Manager and the Board thanked him for all his years of service and wished him well. The Board decided not to hold a special election to fill the vacancy.
- The Special Town Meeting in November 2021 included a number of articles such as amending the FY22 budget, payment of prior year bills, funding for the first year of the collective bargaining agreement with the Firefighters Union, amending the Sewer Enterprise budget, transfer available funds to the Sewer Capital Reserve Stabilization Fund, the three TCP Building Design warrant articles mentioned above, acquiring temporary and permanent utility easements for construction of the culvert on Flat Hill Road, approval for Select Board to acquire an easement related to the Lunenburg Central parcel on Leominster Shirley Road, amendment to the sewer service area map by adding Marshall Park, transferring 970 Rear New West Townsend Road to the care and custody of the Conservation Commission, amending the Salary Administration Plan Bylaw to add certain positions, and an article from the Historical Commission to amend to the Code of Lunenburg, Chapter 134, entitled Demolition Delay, subsections 4-D and 5, and 4 articles to amend the Protective Bylaws.

- In December, the Board approved all the annual liquor licenses, common victualler, weekday entertainment, automatic amusement, jukebox, and motor vehicle licenses. Throughout the year, the Board reviews Earth Removal permits, liquor license transfers, flammable storage licenses, pole petitions, tollbooth requests, First Right of Refusal Requests for Chapter 61 properties, and Dangerous Dog hearings.
- In January the Town Manager presented a Five-Year Forecast and Capital Plan for the funding of 20 projects totaling \$1,740,049 and a 10 year look ahead at projected capital needs. In early March the Town Manager revised the recommendation to include 3 more projects for a grand total of \$2,162,849.
- In February, the Select Board met with State Representative Kushmerek, State Senator John Cronin, and State Representative Sena regarding FY 2023 budget priorities and any updates on State budget or House/Senate Bills. The Town Manager presented her recommendations to the Board on projects to submit as budget priorities and the Board voted a final list to submit to the delegation that included the following projects: \$330,000 for Flat Hill Road culvert; \$371,000 for hazardous materials abatement and demolition of the old Primary School building; \$100,000 for Senior Center building improvements; \$232,800 for the Air Conditioning for the Primary School. The legislature included the \$100,000 for the Senior Center building improvements for an ADA outdoor patio and the Town received \$100,000 in a bond bill towards the Primary School building.
- The Town Manager presented a balanced budget for Fiscal Year 2023 to the Finance Committee and Selectmen in early February. Part of the Town Manager's recommendation was to continue to fund the Other Post-Employment Benefits Trust Fund for the unfunded liability of retiree health insurance in the amount of \$266,696, an additional \$50,000 towards Pavement Management, fund the regular Stabilization fund in the amount of \$100,000, and \$450,000 towards the Special Purpose Stabilization Fund. The FY2023 budget also included the hiring of an additional Full Time Patrolman, an additional Full Time Firefighter, a new Facilities Director position, 2 part time Library Assistants for the Library to open on Fridays, a new part time Assistant Meal Site Manager position, a part time Police Administrative Assistant position, a part time IT Administrative Assistant position, a part time Conservation Administrative Assistant, a \$40K decrease for Solid Waste/Recycling Program, and a 3.11% increase for the Lunenburg Public Schools and Monty Tech. The total omnibus budget for FY23 that was approved in May was \$41,568,744.
- In May, following the annual election, the Board reorganized and vote Michael-Ray Jeffreys as the new Chair, Tom Alonzo as Vice Chair and Lou Franco as Clerk. Heather Sroka and Todd Dwyer were elected as the additional two members.
- Powers and Sullivan presented the results of the FY 2021 Annual Audit and presented that the Town had addressed any prior year comments.
- The Selectmen and the Town Manager made their annual appointments in June for FY 2023.
- The Town Manager's Office submitted three Certificate to Alter applications for town buildings within the Architectural Preservation District in FY 2022: the Town Hall for a building envelope project, the Ritter Building for an ADA Ramp and replacement of windows, and to demolish the vacant building known as the old Primary School on 30 School Street. The Select Board expressed frustration at the inaction of the Architectural Preservation District Commission's failure to act in a timely manner regarding the Certificate to Alter application for the Ritter Building project submitted in December 2021 as well as the APDC's comments on social media regarding the 30 School Street demolition project. Ultimately the APDC approved the Certificate to Alter application to demolish the old Primary School on March 21, 2022, denied the Ritter Building Certificate to Alter application on June 27, 2022 and approved the Town Hall Certificate to Alter application on July 6, 2022. The Town is still pursuing an alteration to the Ritter Building including replacement of all the windows with historic looking windows to become more energy efficient and install an ADA compliant ramp to the entrance of the building, but this has been delayed due to the retirement of the Town's original architect. This continues to be a priority in 2023.

Six and a half years has passed since I was appointed your Town Manager and I am thankful for the many residents I have met, work with on various committees, and represent on a daily basis overseeing the operations of the Town. Similar to last year, the pandemic and neighborly response that is demonstrated by the residents of Lunenburg, is inspiring. Thank you to all of our community members who continue to help their fellow residents throughout this pandemic.

I have the privilege of working with many talented individuals that are committed to helping the residents and business owners of Lunenburg and are consistently looking for ways to better serve the public. The accomplishments noted above, among the numerous day-to-day responsibilities, could not happen without the cooperation of dedicated staff, appointed, and elected officials that make the wheels of town government turn. Thank you to my Executive Assistant, Elaine Peterson and Assistant Town Manager Julie Belliveau for all your hard work and keeping the office running smoothly. I would also like to thank the committee and board members, department heads and staff for the high level of service they provide to the residents of town. Specifically, I would like to express gratitude to the current and former department heads that led our various departments in Fiscal Year 2022: Thomas Gammel, Police Chief; Patrick Sullivan, Fire Chief; Robert Oliva, former DPW Director; Bill Bernard, current DPW Director; Karen Brochu, Town Accountant/Finance Director; Myleen Mallari, Treasurer/Collector; Sue Byrne, former Principal Assessor; CJ Carroll, Principal Assessor; Adam Burney, Land Use Director; Sue Doherty, COA Director; Muir Haman, Library Director; Kathy Herrick, Town Clerk; and all their staff for their talent and working together to make our town run as efficiently as possible. Lastly, thank you to the residents and businesses that make Lunenburg a wonderful place to visit, work, and live.

Respectfully submitted,

Heather R. Lemieux

Heather R. Lemieux
Town Manager

BOARD OF ASSESSORS

The Board of Assessors is responsible for establishing the value of property, both real and personal, for taxation purposes for the town. Assessed values are subject to a five-year revaluation and interim year adjustments for certification by the Department of Revenue. The Assessors grant all statutory exemptions for Senior and Surviving Spouse, Blind and Veterans. They act on all abatement applications to property values. The Assessors are responsible for defending all appeals to the Appellate Tax Board. They also administer all special assessments qualifying farm and forest management programs. Assessments in Massachusetts are based on full and fair cash value as of January 1st.

The Assessors analyze all sales from 2021 for FY 23 valuations. Market value has seen increases in the sales of homes in town. Properties have been selling over the assessed valuations reflecting an overall increase to market value of the town. The next town wide recertification will occur this year for FY 2024.

Each property in town has a property record card on file with all the components that go into the valuation of the parcel - such as land size, building description, sales information, etc. We recommend that the taxpayers review their property field card annually to ensure all the information is up to date and correct. The property record cards are available in our office or online through the GIS maps.

The Department of Revenue certified the results of assessment data to be within their statistical requirements and the tax bills went out on time. The tax rate went from \$17.19 to \$14.62 for FY 2023.

The office continues the process of mandated cyclical inspections of all properties throughout the town. This is achieved by inspections, visiting the properties, and by means of sales verification, building permits, occupancy permits and abatement inspections. The Board of Assessors strives to maintain accuracy in the assessment to sales ratio as well as assessment uniformity.

The office staff strives to continue to provide good service that the Lunenburg taxpayers have come to expect.

Respectfully submitted,

Richard Letarte, Chairman Christine C.Higdon, Member Kevin Fish, Member

TOWN SERVICES

BUILDING DEPARTMENT

The Building Department is located in the Ritter Memorial Building located at 960 Massachusetts Avenue. The department consists of Casey Burlingame who is the Building Commissioner and Zoning Enforcement Officer. Lisa Normandin is the Administrative Assistant to the Building Commissioner. Jack Biery is the Electrical Inspector, and Gary Williams is the Plumbing and Gas Inspector.

The Building Department strives to ensure all work done in the Town of Lunenburg is performed to state mandated regulations and codes, as well as local zoning bylaws. In addition to Building, Plumbing, Gas, and Electrical permits, the Building Department also oversees annual inspections for places of assembly, safety inspections for licensed on-premise alcohol establishments and Forms of Intent required for business certificates issued from the Town Clerk office.

In fiscal year 2022 the following permits were issued:

620 Building Permits

282 Electrical Permits

107 Plumbing Permits

127 Gas Permits

1,136 total permits issued

The state of Massachusetts is currently utilizing the 2015 International Building Code and 2015 International Residential Code, as amended by Massachusetts. The Town continues to utilize ViewPoint online permitting software and all applications for work requiring a permit can be done online. In addition, paper applications are available at the Building Department office.

CEMETERY COMMISSION

The Cemetery Commission and Superintendent Todd Holman met regularly throughout the year to discuss cemetery business. Projects that were worked on included surveying the Goodrich family burial yard on the corner of Fish and Lincoln Streets. The survey established the property boundaries in preparation of extending the existing stone wall to enclose the burial plots. The final resting places of seven additional family members were located using ground penetrating radar. An appropriate grave marker will be placed identifying all the interred in due time. A ground penetrating radar survey was performed at the Arnold/Litch family burial yard on West Street Terrace, and the seven burial plots were located.

The project to prune and restore the historic hedges that line Holman Street at the North Cemetery began this year with the expectation it will be fully completed by the end of next year. Monuments honoring the Revolutionary War soldiers that are buried at the North and South Cemeteries were erected.

The Commissioners would like to thank the following people and businesses whose help was invaluable this year: DPW Director William Bernard for his guidance and support during the year. Superintendent Todd Holman for his continued dedication to the care of the town cemeteries and to the service he provides for families in their time of need. Seasonal Laborers Alexis Dimond and Danielle Peterson for the dedication and hard work they put in this year in helping the Superintendent maintain the cemeteries. Robert Ullo for his assistance in plowing snow away from the entrance to South Cemetery. Dave Passios for his volunteer efforts in keeping the well-pumps in good working order. Leominster Monument Co. for their continued assistance whenever it is needed. Mrs. Helen Balcom for her services in planting, maintaining, and watering the flowers that decorate the entrances to both cemeteries.

The Cemetery Commission maintains an online mapping system for both cemeteries that can be found at: www.burialsearch.com

William Tyler, Chairman

Nancy- Foss Yasko, Vice- Chairman

David Dorren, Clerk

CONSERVATION COMMISSION

The Town of Lunenburg Conservation Commission is a seven member commission, appointed to three year terms by the Select Board, whose duties are codified under the Conservation Commission Act MGL c. 40, § 8C. The Commission enforces the Massachusetts Wetland Protection Act MGL c. 131, § 40 and Chapter 239 of the local bylaws for the protection of wetlands. The Commission also manages and controls town-owned lands retained for conservation and passive recreation use.

The year 2022 was as last year, one of a very busy and active agenda containing both public hearings and meetings for a wide range of projects from commercial development, subdivisions and small single family upkeep projects and larger scale industrial/commercial proposals.

The Commission held numerous inspections with the commission administrator on weekends prior to meetings to familiarize themselves with the upcoming proposals that would appear on their agenda. The Commission continues to work with the Town on familiarizing itself with the continually changing storm water mandates from the EPA and working towards compliance both by procedure and with any necessary codification as well as aiding with the community implementations the “MS4” regulations.

The Conservation Commission continues to implement forest stewardship plans developed using grants as outlined in the last two annual reports. The upcoming management efforts will be concentrated on the Rayno property on Northfield Road and the Hawes property on Hollis Road. The stewardship plan for the Hollis Road property is oriented toward enhancing bird wildlife habitat in conjunction with the Mass Audubon Society as part of the DCR "Forestry for the Birds" program. The forest stewardship plans which provide environmental management including timber-stand management were developed by Gary Gouldrup of New England Forestry Consultants. The Commission continues to hold public forums on the implementation of its open space policies and timber-stand management. The funding from the sale of harvested timber provides the seed money to make it possible for the Commission to apply for grants to maintain and improve Lunenburg’s conservation lands.

The Commission continues to implement a Recreational Trails Program grant providing color-coded trail markers and coordinated “You Are Here” trail map signs to expand the safe use of Lunenburg’s existing trail network. Regional trail system map signs show how trails are interconnected among multiple properties. The project also provides informational kiosks and emergency access gates. During 2022 trail maps were developed for and continue to be refined in detail for eleven conservation properties. These trail maps are posted on the new Conservation Commission Trails website, on informational kiosks on the properties, and on “You Are Here” trail map signs at trail heads and trail intersections. The Commission would like to express our gratitude for all the hard-working volunteers that work so enthusiastically in maintaining and improving Lunenburg’s conservation lands. The Lunenburg Snow Riders continue to support the maintenance and improvement of the trail system on Lunenburg’s conservation lands. The club replaced a bridge on the Cowdrey Conservation Area. The club was awarded a Recreational Trails Program grant that will erect five new trail head kiosks, improve the cart paths on the Lane Conservation Area, level and de-stump Small Town Forest trails and gravel the parking lots at the Cowdrey Conservation Area. The Conservation Commission will fund the material for this work using Timber Rights Funds.

The Commission has continued to work closely with Lake Shirley and Hickory Hills on the implementations of their lake management plans. These plans set goals and action items designed to give a better picture of the overall health of the lakes and define various strategies to ensure continued protection of these valuable resources.

During the year of 2022, change of administration occurred along with an additional staff member. In the month of May Conservation Administrator Matt Marro retired after many years of service to the Conservation Commission and Town of Lunenburg. After his departure, Nadia Madden had taken his place as Conservation Administrator. The town additionally hired a Conservation Administrative Assistant, Rebecca Manley, who has been a great help for the Conservation Administrator. In November 2022, Anna Petrie was hired as Conservation Administrator after Nadia’s departure.

The Commission thanks all the town agencies for a great year and looks forward to many more!

Respectfully Submitted,

Bob Pease, Chair

Mary Wilson, Vice-Chair

Richard Tremblay, Clerk

Richard Bursch

Catie Childs

Michael Larouche

Jeffrey Viviano

Anna Petrie, Conservation Administrator

COUNCIL ON AGING
FY22
July 1, 2021 – June 30, 2022

The mission of the Council on Aging is to advocate for the improved quality of life for all seniors through education. Councils on Aging were established under Massachusetts General Law Chapter 40, section 8B, to include setting policy for the administration of elder programs or services and to develop, coordinate, and conduct such activities which

The FY22 Council on Aging staff consisted of Susan Doherty, Director; Amanda Koeck, Transportation; Pauline Roy, Outreach

Site Coordinator; Elsa Watson and Ann Penney, Meal Site Assistants; Jim McGuigan, David Gallagher, Peter Tomlinson, and Kimberly Moore, MART Van Drivers.

is to advocate for the improved supportive services, programs, and established under Massachusetts General Law Chapter 40, section 8B, to include setting policy for the services and to develop, coordinate, advocate for elder issues.

consisted of Susan Doherty, Administrative Assistant and Coordinator; Sandra Ricci, Meal

The Council on Aging Board is an eleven-member board appointed to 3 year terms by the Lunenburg Select Board. The FY22 Council on Aging Board members were Chairperson Deb Lincoln, Vice-Chairperson Jane Rabbitt, Barbara Brown, Betty DiGiacomo, Sarah Grant, Pete Lincoln, Cheryl Moisan, Diane Nowd, John Pesenti, Susan O'Sullivan, and Judith Tarbell. Jacquelyn Dwyer joined the board in May of 2022 to fill the remaining term of Sarah Grant.

The Town budget alone does not support this senior center. Other sources of funding are the Eagle House Supporters Inc., a non-profit 501c3 group, Formula Grant funding from the Commonwealth of Massachusetts, and Montachusett Regional Transit Authority.

We are very lucky to have a large volunteer force at the Council on Aging. In FY22 we had 40 volunteers who contributed 1183.25 hours of their time to help us out by doing things such as driving for the Meals on Wheels program, program leaders, kitchen helpers, Memory Café, office help, library, Discovery Center navigators, and friendly visitors/ phone calls. We greatly appreciate their service.

In FY22 we offered a variety of programs including Meals on Wheels, congregate lunch and breakfast programs, transportation, health and wellness, arts and crafts, intergenerational, bocce, shuffleboard, cards and games, cultural, information and referral, Memory Café, health insurance counseling, and social events both at the senior center and offsite to people age 50+. There were approximately 1337 people who utilized the senior center in FY22. Those 1337 people compiled 19,162 units of duplicated service by participating in the programs listed above.

The Lunenburg Council on Aging newsletter lists current events and is available for you online at www.mycommunityonline.com, or you can pick up a copy at the Eagle House Senior Community Center, Town Hall, Library, Post Office, local churches, and various businesses throughout the community.

We are very fortunate to have a Town Government that supports our center and understands the importance of supporting the Council on Aging to maintain quality services for our elders.

Special thanks go to our 501c3 fundraising group, Eagle House Supporters Inc. This group provides funding for new living room furniture, office/kitchen supplies, various programs & entertainment, and garden upkeep at the Eagle House Senior Community Center. Also special thanks to all our outside agencies, especially the Lunenburg Police and Fire Departments, for their time and funding for support of programming for our clients.

I want to thank the staff and volunteers at the Eagle House Senior Community Center for their caring and commitment to our Lunenburg elders. There are 350 Councils on Aging in the Commonwealth, and I consider our Lunenburg staff and volunteers amongst the "very best of the best" in Massachusetts.

Respectfully Submitted
Susan Doherty, Director
Lunenburg Council on Aging

CULTURAL COUNCIL

The Lunenburg Cultural Council with grants from Massachusetts Cultural Council has fully funded or contributed to twenty-three art, music, cultural and science programs to benefit the residents of Lunenburg and surrounding communities.

These include events such as children's programs at the Public Library, adult programs at the Eagle House, the 85th Regional Art Show at Fitchburg Art Museum, an art therapy program for cancer patients and survivors, tuition for one student for the 2022 Cannon Theater Children's Program, and the Discovery Museum, among other programs.

FY22 grants totaled \$10,640. Because of the pandemic, some FY21 programs were moved into FY22 and those were also funded (\$1180), with only a few cancelled due to the pandemic.

We are looking forward to the events in FY23. Grants were approved for twenty-two programs totaling \$14,166.

In addition, the Cultural Council will be sponsoring several programs of our own, including two day-long art classes which will be held at the Public Library this spring.

We are looking forward to holding more events during the year and hope all will enjoy and benefit from the cultural events in Lunenburg.

DEPARTMENT OF PUBLIC WORKS

The Department of Public Works is the resources of the Highway, Cemetery, Sewer, Vehicle Maintenance, Facilities, and Parks divisions combined to maintain roads, bridges, sewer infrastructure, Town buildings, and parks and to provide services essential to the welfare and acceptable quality of life for the citizens of Lunenburg.

Fiscal Year 2022 was transitional year for the DPW with the Director, Robert Oliva, two Heavy Equipment Operators, and the Recreation Director leaving for other employment opportunities and the hiring of a new DPW Director, William Bernard. Major changes continued in early Fiscal Year 2023 with the establishment of a new Facilities Department and the removal of the Facilities and Parks Divisions from under the umbrella of the DPW. Despite the upheaval, the DPW accomplished much work while providing excellent services. One mainstay throughout all was the DPW Executive Assistant, Samantha Lenox, who provided business and professional support to all staff.

Departmental Mission:

The mission of the Department of Public Works is to provide high quality, cost effective, efficient, and safe services to protect, preserve and improve the Town's roadway infrastructure and related assets in a manner which meets and enhances the current and future social and economic needs of the community; to contribute to a healthy, safe and quality environment for the Town's citizens and visitors; and to provide environmentally sound means of solid waste and wastewater disposal.

Departmental Goals and Objectives

- Be prepared to respond to any weather, roadway infrastructure, or accident-related emergency that may arise on a twenty-four hour per day, three hundred and sixty-five day per year basis.
- Maintain and enhance a highly qualified and dedicated staff of public works professionals.
- Provide preventative maintenance in a proactive manner to reduce reactive maintenance as follows:
 - ◇ Maintain and update the sewer system and associated pumping stations.
 - ◇ Maintain and repair roadways in accordance with the new (2022) pavement management plan.
 - ◇ Maintain and repair sidewalks in accordance with the 2020 PROW ADA Transition plan.
 - ◇ Increase the number of roadsides mowed by developing a roadside maintenance plan.
 - ◇ Increase the number of catch basin and stormwater structures cleaned and the number of miles of roadways swept per the June 2020 Operations and Maintenance Plan prepared by Comprehensive Environmental, Inc.
 - ◇ Establish a comprehensive evaluation of bridges and culverts, and prioritize by condition, use, and plans for rehabilitation.
- Increase training offered by our insurance provider to obtain credits to lessen premiums.
- Identify new sources (Federal, State, and other grants) of funding to supplement the operational budget.
- Continue to maintain a high level of courteous communication and productive interaction between members of boards and commissions as well as Town residents.
- Strive to modernize the operations of the Department by obtaining and using the most up to date equipment and methods, including asset management.

Highway Division

The highway division provided daily maintenance and repairs of roads, drainage, signs, trees, roadsides, sewers, and more. They assisted all other Departments as requested and responded to emergencies 24 hours per day as needed. The Highway Superintendent, Joseph Progin, provided outstanding leadership, knowledge of the town's infrastructure and demonstrated true concern for the citizens of Lunenburg. The DPW Director reviewed and approved applications for permits for Road Openings, Street Improvements, Trench Safety, Sewer Connections, and Sewer Extensions. He reviewed applications for driveway installations, site plans, stormwater BMP's, building demolition, and sign installations for DPW related issues.

Bridge L-17-013 (6T2) - Pleasant Street Over Pearl Hill Brook

The replacement of the bridge was completed in the fall of 2021. Funding for the reconstruction of the Pleasant Street Bridge was obtained through the MassDOT Small Bridge Program. The bridge was designed by our engineering consultant, VHB, and R. Bates & Son was the construction contractor with construction beginning in May 2021.

DEPARTMENT OF PUBLIC WORKS

Pavement Management

The Town first developed a Pavement Management Plan in 2009. This plan was updated in 2015 and defined a yearly paving plan through Fiscal Year 2023 and included a \$4,000,000 voter authorized debt exclusion. The goal of the plan was to achieve an overall town-wide Road Surface Rating of 72-75 out of 100. In July of 2022 the DPW contracted with BETA Group, Inc. to have them provide a new pavement management plan as the current plan was ending and the debt exclusion funding had been exhausted. Although the work was completed in Fiscal Year 2023 and not Fiscal Year 2022, it is worth revealing that BETA Group surveyed our roads using LIDAR and reported an overall Road Surface Rating of 84.75. The Project Manager for BETA Group commented “it is one of the highest scores I’ve seen in New England over the past 12 years that I’ve been doing this”. The DPW is proud to have successfully administered the plan and anticipates carrying out the newly developed plan in a similar manner.

The following roads were paved with hot mix asphalt this year:

Brown Ave.	Goodrich Street	Highland Street	Main Street
Memorial Drive	Oak Avenue	Pleasant Street	

Storm Water

Staying in compliance with our EPA NPDES MS4 Permit continues to remain an important function of the DPW. Along with the Storm Water Task Force, Land Use Director, and our Storm Water Consultant, the DPW works to meet the obligations of the permit and required reporting each year. The DPW provides maintenance and care of the Town’s storm water management systems. This includes, but is not limited to catch basin cleaning, street sweeping, pipe jetting, replacing pipes, and swale cleaning. The Department responds to calls for clogged catch basins and culverts to help control ponding and flooding.

Tree Removal

A Tree Risk Management Inventory of almost 1,200 trees on the roads in Lunenburg was completed in 2015. The inventory prioritizes the removal and/or pruning of the trees. However, storm damage and natural attrition creates a backlog of tree work that exceeds the Department’s allotted budget for tree removal. The Department strives to fulfill each resident’s request for tree work but must prioritize work based upon the determined degree of danger to person and property and location. The DPW will continue to act in a reactionary manner as needs arise. All tree work other than brush removal, chipping, and the removal of small diameter trees will continue to be outsourced due to the lack of a bucket truck or crane and a licensed tree professional. Each spring and after storms, the DPW staff remove and dispose of woody debris within the Town’s right-of-way. An aggressive program by Unutil in recent years has lessened the burden of the Town by removing those trees that may cause an interruption of electrical service to the community. The DPW appreciates and thanks Unutil for their responses to remove hazardous trees when asked to do so.

Roadside Vegetation Maintenance

The DPW staff responded to many requests to cut and clear overgrown vegetation from roadsides. This work is done using lawn mowers, saws, and other hand tools as the existing roadside mower was disabled. A new utility tractor with a boom rotary mower attachment (22-foot horizontal reach and 19.5-foot vertical reach) was ordered in September of 2022. The DPW is developing a town-wide program of selective curbside mowing and vegetation clearing using the new tractor and boom mower that will significantly enhance our roadside vegetation maintenance program.

Landfill

The closed and capped landfill off Youngs Road is inspected by a consultant semiannually and remains in compliance with the requirements of the Massachusetts Division of Environmental Protection (DEP). Gas monitoring and groundwater contamination sampling and testing is conducted by a consultant. The landfill site including the perimeter fencing is inspected on a regular schedule by DPW personnel.

Adjacent to the closed landfill is a storage area for catch basin materials and street sweepings both determined to be hazardous waste by the EPA. The DEP has issued a Beneficial Use Determination (BUD) permit which allows the storage of these materials. A consultant performs the yearly testing of these materials.

On seven Saturdays in the fall and the spring, DPW personnel oversee and manage Yard Waste Days. Residents may drop off brush, leaves, and other organic materials for composting.

DEPARTMENT OF PUBLIC WORKS

Solid Waste

Solid waste (trash) is collected curbside weekly under the Pay as You Throw (PAYT) program by our vendor E.L. Harvey & Sons, Inc. Recyclable materials are also collected curbside weekly by Harvey. Pay as You Throw bags may be purchased at Hannaford Supermarket, Smokestack Roasters, Maki Building Center, Honey Farms, and Jaxx Country Variety. Residents may call E. L. Harvey to arrange the pickup of bulky items for a fee. The DPW remains the point of contact between residents and E. L. Harvey. Residents may dispose of household hazardous wastes for a fee at the Devens Regional Household Hazardous Waste Collection Center on the published dates and times.

Lake Shirley Dam

In the early 1990's, with the structure in need of repair, The Lake Shirley Management Corporation Association turned over ownership of the dam to the Town. After the completion of the total reconstruction of the dam, the responsibility for the maintenance, monitoring, and record keeping were completed by a small number of volunteers from the Lake Association. Compliance with State dam regulations, the establishment of an operations manual as well as an emergency action plan was placed under the umbrella of the Department of Public Works in 2004-2005. The dam is inspected by a professional engineer licensed in Massachusetts. The most recent inspection resulted in a positive report, and we remain in compliance with regulations.

Winter Operations

The DPW was prepared for and responded to all snow and ice weather events with the goal of providing a high level of service in a timely manner while at the same time trying to minimize costs. Lunenburg joins with 17 other towns in a cooperative bid to obtain the best possible pricing for rock salt. However, the price of rock salt continues to steadily increase every year. The DPW maintains a small fleet of snow removal equipment (trucks, plows, spreaders, loader, backhoe, and sidewalk plow). The fleet is supplemented with vendors as needed. Due to breakdowns of the aged Town's fleet of large dump trucks, more vendors were needed; thus, adding to costs.

The clearing of snow and ice from roadways is a critical operation of the DPW as it is a matter of public safety.

The Town and its residents are fortunate to have a dedicated group of DPW personnel and private vendors who tirelessly and successfully challenge the worst Nature has to offer regardless of the severity or duration of a storm. *"DPW workers are the original Storm Troopers."*

Cemetery

The maintenance of the Town's cemeteries was performed by the dedicated Cemetery Division Superintendent, Todd Holman, and two seasonal cemetery laborers. The Superintendent coordinates burials with families and funeral homes and meets regularly with the three-member Cemetery Commission. The Highway Division provides equipment and staff for maintenance and burials, which on average is forty per year.

Wastewater

The DPW is responsible for the day-to-day operation and maintenance of the wastewater collection system. A specialty vendor is contracted to maintain, repair, and respond to emergencies at the 10 sewer pump stations. The outstanding Sewer Business Manager, Barbara Lefebvre, manages the administrative functions of the Sewer Division including billing, customer service, permitting and budgets. An Assistant Sewer Business Manager, Paula Bertram, was hired to help facilitate the many tasks of the division. The Sewer Business Manager and DPW Director worked closely with the Sewer Commission to ensure sewer rules, regulations, and policies are followed and to assure the future long-term operation of the wastewater collection system.

Fleet Maintenance

The skilled and dedicated DPW Mechanic, James Sticklor, is responsible for the preventative maintenance and repair of all Town vehicles. The vehicles include over 30 pieces of highway construction equipment, high performance police vehicles, Fire and Rescue first responder apparatus, mowers and more. Highly technical repairs and repairs that cannot be completed in-house are outsourced to specialty vendors as needed. A fleet maintenance software program continues to be a valuable tool as each repair is logged by vehicle identification number and stored in a comprehensive database and required services, repair costs over the life of the equipment, and part numbers are easily obtained.

DEPARTMENT OF PUBLIC WORKS

Facilities Management

The following is a list of buildings and properties maintained by the DPW:

• Town Hall	• Ritter Building	• Public Safety Complex
• Public Library	• The Eagle House	• DPW Facility
• Teen Center	• Old Primary School	• Town Beach House and Beach
• Town Center Park	• Veterans Memorial Park	• Gazebo Park
• Marshall Park	• Fitzgerald Field	• McNally Field
• Note: the former Parks Maintenance Building at 23 West Street was sold by the Town.		

The well experienced, skilled, and dedicated Facilities Superintendent, Kit Walker, responded to alarm calls and emergencies at all public buildings within the department's care 24 hours a day and 365 days per year. A Facilities Technician, Donald Gagne, was hired to provide the additional support needed for the daily repair and maintenance of the Town's buildings. The division keeps all buildings compliant with current codes to minimize interruptions of service at Town buildings so as not to disrupt or disable essential services provided to the community. When necessary, the work is outsourced to vendors including HVAC technicians, electricians, plumbers, carpenters, painters, and the like.

The division began planning the projects on the approved Fiscal Year 2022 Capital Plan including:

- Chiller Replacement at the Public Safety Complex
- ADA Ramp Construction at the Ritter Building
- Repair Items 2,3,5,6 from the Vertex Report at Town Hall
- Envelope Repair Projects Items 6-12 from the Vertex Report at the Ritter Building
- Carpet Replacement on the 1st Floor at the Public Safety Complex

Parks

In conjunction with the five elected Park Commissioners and the Recreation Director, the DPW staff oversees and maintains all parks and grounds exclusive of school property. The grass mowing, landscaping, and maintenance of the parks was outsourced to a vendor. Marshall Park is used by the High School baseball and softball teams, Little League, and the Lunenburg Phillies. McNally Field and Fitzgerald Field are available for youth programs as well. The Town Beach is staffed with employees of the Parks division during the beach season. The Recreation Director continued to use an on-line permitting system for beach access. Wallis Park remains popular for its playground and basketball courts. The Parks Commission hired a consultant to create the Marshall Park Master Plan.

As the new DPW Director, I truly appreciate the warm welcome and support I have received from the Select Board, Town Manager, Department Heads, Staff, Commissioners, and the residents of Lunenburg I have had the pleasure to meet. Working together we can continue to maintain and improve our roadways and related infrastructure to exceed the current and future social and economic needs of the community and to preserve a healthy, safe, and quality environment for the Town's citizens and visitors. Lastly, I thank my staff for the hard work and dedication to high quality work they display every day that often goes unseen and unrecognized.

Respectfully,

William Bernard
DPW Director

FINANCE COMMITTEE REPORT

Fiscal Year 2023

Annual Town Meeting is an important event for community members to come together and vote on warrant articles that directly impact how we manage our town. Amongst these articles is the FY23 budget, capital plan, authorizations for various enterprise and revolving funds, and appropriations relating to stabilization funds and reserves. Throughout the year the Town Manager and department heads carefully review expenses and have thoughtful conversations about how to best serve and manage the town. While developing the budget they considered funding, contracts, and mandates, as well as what the community wants and needs to thrive. The Town Manager formulated a recommended budget, which she presented to the Finance Committee on February 17th. Over six subsequent Finance Committee meetings, department heads presented overviews and plans relating to their budgets and capital requests. A Public Hearing was held on March 31st, as required by the Town Charter, and the Finance Committee voted on recommendations pertaining to financially relevant articles.

Armed with all the information gathered during this process, the Finance Committee recommends approval of the Town Manager's omnibus budget, as outlined in this warrant.

Overall, our financial condition is good. Revenues are stable, aided by strong collections, increases in state aid, new growth, and a variety of federal and state grants that the town has secured. On the expense side, while not meeting every need outlined by the department heads, this budget does begin to address several emerging and previously unmet needs. The total in requested expenditures is \$49,953,531.76. While we are pleased with our current fiscal standing, we do face challenges ahead; especially with regard to a number of our municipal buildings, which we outline in more detail below.

Notably, our certified free cash this year is \$2,666,962, which is substantially higher than in previous years, a temporary benefit resulting from appropriations that were not fully expended in FY21 as a result of COVID-related restrictions and impacts. Town fiscal policy directs portions of free cash to accounts such as stabilization, the OPEB allocation (a fund to pay for future retiree benefits), and the capital plan.

Accordingly, this year's recommended capital plan (funded by free cash, tax revenues, and unspent capital appropriations from previous years) is \$2,162,849. It is an unprecedented investment of available funds (without incurring any additional debt) into the capital infrastructure that supports our town. As of the printing of this warrant, the Finance Committee is seeking to answer a few specific questions pertaining to the capital plan. We will have a recommendation on the capital plan, Article 6, at Town Meeting on May 7.

Other notable items:

- For FY23, the proposed appropriation for education is \$23,397,371, 56.2%% of the Town's total budget, and a 3.78% increase over last year. This includes our Monty Tech assessment at \$1,054,376, which is a 20.4% increase for FY23, mainly due to an increase in enrollment from 83 to 94 students. Additionally, the town budget includes \$1,207,421 in School Retiree Health Insurance. Fortunately, this year the town benefited from an \$898,610 increase in Chapter 70 aid, which more than offsets the \$673,617 increase in the Lunenburg School District budget.

While our Chapter 70 increase was welcome news, the increase was partly a result of formula changes that recognized more low-income students at a higher tier of funding. Our vulnerable populations are of top concern for all of our department leaders.

An area of concern for the Finance Committee are several personnel positions that the School District is funding through ESSER 2 and ESSER 3 federal grants. These grants, totaling \$1,939,868 will expire in FY24. Many of these positions are addressing acute health, academic, and social/emotional needs that have arisen from COVID-19. Over the next two years the School Committee will need to determine what positions we need to maintain, and how to fund them.,

- This year's budget supports an increase of \$53,443 for the library budget to support the addition of two part-time personnel and additional expenses. This increase will enable the library to extend its operating hours to include opening on Fridays.
- This year's budget continues to support long-term staffing and investment programs that we committed to in previous years, including an additional full-time firefighter and police officer. We are again increasing road pavement management funding by \$50,000. We are also contributing \$450,000 to the special-purpose stabilization fund, which should give us the option to pay cash for ambulance and fire truck replacements in coming years, as opposed to borrowing or using free cash.

- This year's budget includes a 4.71% increase in IT spending, for a total of \$316,022.89. In addition, the Lunenburg School District has budgeted \$330,514 for technology-related administration and educational expenses. In late FY21, the town began the process of transferring the function of IT strategy and leadership to a private firm, which works in close consultation with town and school department leadership. Following a comprehensive review, an upgrade of networking and cloud services has commenced, which will continue into FY23. Additionally, the town is instituting rotational upgrades of computers and peripherals throughout our operations. The town website will also get regular upgrades. These programs are drastically improving the quality and reliability of our IT infrastructure and improving our security posture. The Finance Committee was pleased with the 'out-of-the-box' thinking and interdepartmental cooperation. We have encouraged all departments to find similar synergies and opportunities for collaboration and cost sharing.
- As we have highlighted in previous years, Lunenburg's debt ratio has been identified by an independent credit-rating agency as the sole reason that we are unable to achieve the highest-available bond rating. The good news is that our total debt and our debt service are declining. Our Excludable Debt Service to Levy Ratio is 9.18%, nearly 2% below the 11% cap. Our Net Regular Debt Service to Levy Ratio is 1.22% in FY 23, well-below the 4% cap in our fiscal policy. Our debt service will continue to decline over the next two years as bonds for the Public Safety Building, Primary School, and Library come off the debt schedule. However, this bit of good news could be temporary. There are several projects currently under discussion, which if acted upon and funded by borrowing, could exceed our debt limits in coming years. The Municipal Building Design Committee will likely have recommendations in coming months pertaining to Town Hall, Ritter, and the TC Passios building. The Select Board is considering re-development of the old Primary School property at 30 School Street. The Parks Commission is formulating a master plan for Marshall Park and is investigating issues with the Town Beach building. And the Lunenburg School District anticipates a renovation or replacement of Turkey Hill Elementary School within the next ten years.
- The warrant includes two articles that, if approved as presented, will make progress in addressing the old Primary School property at 30 School Street. Article 6, the capital plan, appropriates \$371,000 for hazardous materials abatement. Article 19 appropriates \$450,000 for the demolition of the building and engineering plans for the property's redevelopment into a municipal park.
- During FY22, the town received \$3,507,971 from the federal government resulting from The American Rescue Plan Act (ARPA). These funds are not accounted for in the FY23 budget. Recent guidance from the U.S. Treasury gives municipal executives (in our case the Select Board) fairly wide latitude for appropriating these funds. The Select Board will soon be gathering opinions and ideas pertaining to how we should use these funds. Potentially, some of this money could be used to offset costs relating to some of the projects mentioned above.

Lunenburg's overall good fiscal condition is the result of adherence to conservative fiscal policy recommended by the Town Manager, enacted by the Select Board, and enabled by Town Meeting appropriations. There is no doubt that we will face new challenges in the coming years. In addition to some of the concerns outlined above, inflation is a looming headwind that will likely drive-up labor, capital, and materials costs. We believe that the investments we are making today will give us greater flexibility and capacity to address future challenges.

The Finance Committee thanks Town Manager Heather Lemieux and Finance Director, Karen Brochu for their tireless dedication and leadership throughout the year, and especially during budget season. We also thank our department heads and all of our municipal and school employees for their exemplary service to the citizens of Lunenburg and stewardship of our town.

HISTORICAL COMMISSION

- ⇒ The Lunenburg Historical Commission had a productive year.in FY2022. We researched and planned for a town wide survey of historic houses and buildings. This is requested from every community by the Massachusetts Historical Commission.
- ⇒ Informative articles were written and published in the Lunenburg Ledger.
- ⇒ The Commission advocated for the survival of 68 Elm St, which is undergoing demolition by neglect. It is a 1755 Saltbox and barn. We also advocated for the preservation of other properties.
- ⇒ The Commission facilitated the Demolition Delay bylaw.
- ⇒ We continued work on the restoration of the Arnold Litch family burial plot, which is a joint project with the Cemetery Commission. The DPW authorized a ground radar search and located the lost graves of the desecrated cemetery. A bronze plaque acknowledging the Historical and Cemetery Commissions was purchased and will be placed at the Arnold/Litch Cemetery plot.
- ⇒ Work continued on the Levi Goodrich family burial plot. This is another joint project with the Cemetery Commission. Meetings were held on site with the DPW, Cemetery Dept. and Cemetery Commission. The plot and the plan was reviewed. The DPW authorized ground radar and a number of unmarked children's graves were discovered. The cemetery had been neglected and desecrated, and the gravestones had been toppled. Some gravestones were broken and lost. Levi Goodrich's headstone was fragmented and deteriorated with some pieces being lost. The Commission is recreating a replacement stone for this grave.
- ⇒ The Commission explored and voted to move forward with a veteran's banner program in the APD. It is a proposed joint project with the APDC. Many communities have instituted such programs, which honors veterans by putting banners on telephone poles with the name and photograph of a local veteran on it.
- ⇒ The Historical Commission has started research on the history of African American slaves and Freedmen in Lunenburg.
- ⇒ We supported the APDC in its work to advocate for and protect the historic buildings and houses located within the National Historic District.

Lunenburg Public Library

"Whatever the cost of our libraries, the price is cheap compared to that of an ignorant nation." -Walter Cronkite

As the pandemic stretched into Fiscal Year 2022, we saw lingering disruption of old patterns and new patterns of behavior continuing. One constant, however, seems to repeat itself: the library builds value for the community.

The library has continued to follow its strategic plan this year. Keeping our mission close to our hearts:

Lunenburg Public Library welcomes all and serves residents of the Lunenburg area as a hub for the community, enriching our lives through its collections, programs, services, facility, and people.

Our library resources reach far into the community. You no longer need to visit the library in person to access our resources. The library has focused on improving and expanding the number of resources available digitally, and made concerted efforts to ease access to those resources. We also added Niche Academy to help patrons learn about our digital resources and how to access them. Another new resource that will be much appreciated is Mango Languages, offering a convenient way to learn over 70 foreign languages, with a focus on conversations.

Patrons can use all of our databases, e-books and e-audiobooks, our website (lunenburglibrary.org), and even streaming services like Kanopy from their homes or cars or workplace. You could even attend a virtual program or interact with library staff for help on a question or a reading recommendation without visiting the library. Of course, if you never visited, you would be missing out on the beautiful building.

You would also be missing out on one of the most important services we offer: library programs. Although attendance in-person during FY22 was not as consistent as it was immediately before the pandemic, there are still programs happening at the library nearly every day, and our consistency paid dividends during the summer, as attendance at programs really returned to a normal level. During the year library staff focused on providing access to programs virtually and in-person, and continuing to build a dependable, consistent calendar of events that would appeal to a variety of people.

Library staff have also focused on trying to find new ways for residents to engage with our library collection. Particularly worthy of note are curated experiences that have been very popular. Individuals even travel from nearby communities to try out these kits. Our Adult Services Librarian, Lydia Gravel, introduced the idea with "Mystery Travel Kits" which create an enriching learning experience mimicking some parts of travelling to a foreign country by using items in the library collection. Each kit typically contains several books, a movie or two, music, and some activities or games. These kits are still being curated and can be requested through our online event calendar on our website.

As the year went on, we saw more and more people actually visiting the library. Each afternoon during the school year, we have been seeing more students than ever before. Partnering with the Boys and Girls Club brings dozens of students to study during the afternoon Power Hour. In addition to that, we often see dozens of other teens, spending time at the library. They play video games, study quietly, eat snacks, and sometimes make a little too much noise. We are, however, excited that they have chosen to come to the library after school.

We continue to focus on stewarding the facility for the future. Efficiency and sustainability are priorities for the trustees and the director. This year we completed replacement of a number of lighting fixtures and bulbs, so that we are now almost completely lit by LEDs. The HVAC system has also been at the forefront of our attention, as it is beginning to show the signs of its age. Increased maintenance needs are typical of an aging system, and ours is no exception. We will continue to make responsible plans for the facility, so that it will be a gem for Lunenburg for decades to come.

Adult Services Notes

- We launched 4 reading challenges for adults, using Beanstack logging software to record:
 - ◆ 66 readers who joined in at least one challenge, reading more than 245,733 minutes
 - ◆ 683 badges were earned for specific goals or milestones within the challenges
- We hosted 105 programs and meetings for our adult patrons and 1,040 people attended.
 - ◆ 13 of these events were held virtually, mostly on the Zoom meeting platform.

Lunenburg Public Library

- ◆ 9 were take-home kits with craft supplies and instructions, or a curated selection of Library materials. The most popular kit was new for FY22: the Mystery Travel Kits, which has been such a success it is continuing to be offered on a regular basis
- We partnered with several community organizations to bring other local perspectives to our programming initiatives, including the Lunenburg Adult Activity Center at Eagle House, Worcester Poetry groups, the North County Land Trust, Fitchburg State University, and Lunenburg Lions Club, and others.

Adult Service Goals for FY23 & Beyond

1. Identify areas of programming that should be developed with greater intention, and experiment with new ideas to keep events fresh.
2. Cultivate deeper partnerships with local institutions and groups, including offsite programs, thereby becoming a more recognizable and connected resource in our community.
3. Encourage meaningful social interactions between patrons at the library through the introduction of new programs such as book clubs, open mics, craft circles, or support groups.

Children's Service Notes

- We learned of our L S T A Grant Award which will arrive in FY2023 and will be used in the Children's Area to provide STEM programming for children ages 4-11. We are also creating STEM project kits for circulation. These kits will be available for patron and classroom use.
- We purchased and installed the BEAM projector system, thanks to the Friends of the Lunenburg Public Library. Something you don't often see in libraries, especially those our size, this interactive learning game system comes with 100 games designed to engage and entertain players of all ages. The games provide education reinforcement and highly social activities.
- We added two new Platinum all-in-one computer workstations from AWE Learning. These computers are specifically designed to provide educational resources and reinforcement activities for elementary aged students.
- We offered 117 programs for children, attended by 2,409 individuals. The include storytimes, book clubs, Lego nights, and so many more!
- We added a raised bed Children's Garden. This garden features a variety of herbs and plants chosen to provide sensory and educational experiences for library patrons of all ages.
- We completed a successful Summer Reading Program to help bridge the gap between school years. We registered 221 children as participants, and offered 57 programs which were attended by 1240 children and family members during the program.

Children's Service Goals for FY23 & Beyond

1. Encourage children and families to use the library from an early age as this will make them more likely to remain users in future years.
2. Continue to provide programs especially geared toward engaging students in grades 4-6.
3. Add new book club for kids in grades 2-3 based on "Choose Your Own Adventure Series."
4. Provide STEM programs and circulating STEM kits for children ages 5-11.

Teen Services Notes:

- In the October and November of 2021, we hosted an exhibit of Astrophotography by the Aldrich Astronomical Society. Dozens of visitors signed the guest book, including the Lunenburg High School astronomy class, and many more people viewed the photos. AAS also presented two programs to the public, including one that taught attendees how to take their own photos of the night sky.

Our recurring Virtual Cooking Series with Hannaford continues to teach nutrition and cooking skills. Tweens gain confidence while developing life skills and helping prepare a meal for their family. We have been offering 4-week programs twice a year.

- The 2021-2022 academic year has seen dozens of teens coming back to the library after school! The library is busier than ever as a community hub that teens are. They come to hang out with friends, use library resources, or to do their homework. We continue to host Power Hour with the Boys & Girls Club Monday through Thursday as well.

Teen Service Goals for FY23 & Beyond

1. Continue to try out different configurations in the Teen Room to make the best use of the space and to make the Teen Room more welcoming for teens to spend time in after school.
2. Vary programs to bring in a wider audience, including targeting those individuals who are transitioning into and out of the “teen” demographic.
3. Collaborate with the Lunenburg Middle and High Schools on programs for local teens along with providing helpful resources for class assignments.

Looking forward to FY2023

One thing to really get excited about is our award of Library Services and Technology Act (LSTA) grant funding to support STEM learning for all ages during FY2023. We hope to bring programming, circulating kits, learning guides, and more to people of all ages with this funding. Additionally, having secured funding for two additional staff members, we anticipate opening our doors to the public Friday afternoons, increasing the number of hours during the week that the public can access the library by 11%. These big changes will positively impact the library’s ability to serve our community and enable us to reach groups of residents who might not normally have the opportunity to engage with library services. We will plan and implement outreach services and an expanded program plan to continue to deliver these important core library services. We plan for the library to continue to be a vital, thriving location where people of all ages can come to meet, learn, and have fun. Come visit the library soon!

Respectfully submitted,

Muir Haman

Directory, Lunenburg Public Library

LUNENBURG PUBLIC ACCESS (PAC)

FY22 Mission: Establish, develop, modernize and operate the Town of Lunenburg's Public, Government, and Educational (PEG) Access Channels to reflect what matters to Lunenburg

Public Access Cable Committee (PACC)

Steve Walker, Chair
Pete Lincoln, Vice Chair
Steve Archambault, Secretary
Faith Beall, Member
Paul Sarapas, Member

The Lunenburg Public Access Cable Committee (PACC) is responsible for the long-term plan to manage the Public Access Channels available to the Lunenburg community through Comcast, the town's only cable-service provider.

The overall strategy includes providing and improving equipment to acquire, record, broadcast and re-broadcast programming from both town, school functions and meetings, as well as programming from publicly available sources.

Programming

CH9 - Public

Public Access Cable (PAC) produced 63% of the local programming on Ch9 in FY22, down 7% from FY21. The total number of Public (Ch9) programs, both local and AccessShare (outside resources), decreased from 91 in FY21 to 82 programs in FY22.

The 52 local programs included high school sports, band concerts, school events and featured projects. The remaining 30 (37%) programs were obtained through shared media sources.

Channel 9 – Public Channel

Several categories of local programming were aired on Ch9. Among the top programs were Informational 28%, Events 23% and Entertainment 22%, making up the majority 63% of Ch9 programming (see chart, below).

Two of the top three program categories, Informational and Events (51%) provided viewers with presentations and overviews that helped to familiarize them with resources and information, as well as current events happening around town.

Locally produced programs and government meetings are available on the LunenburgAccess YouTube Channel. <http://www.youtube.com/LunenburgAccess>

Links to the YouTube channel for local Ch9 programs can be found on Lunenburg Public Access' Facebook Page <https://www.facebook.com/Lunenburg-Public-Access-Cable>

CH8 – Government

Most content on the Government Channel (Ch8) is locally broadcast meetings. In addition to several live weekly municipal meetings and re-broadcasts, other examples of government programs downloaded from MassAccess (massaccess.telvue.com), include Massachusetts State Agency PSAs and programs of a political nature. There were also additional programs from other access stations added, including the Kushmeric Connection from Fitchburg Public Access.

FY22 brought a slight increase in Government programming with more committee meeting and event recording requests. The additional programming allowed residents to view meetings they normally wouldn't see. And during this time, PAC also improved the recording of Town Meeting using 4 cameras, which increased the overall quality of the broadcast.

A few committees and boards continue to use Zoom only, (not live broadcast) and record meetings to the Cloud. These meetings are uploaded from the Cloud to one of the Lunenburg Public Access YouTube channels (LunenburgAccess) for later viewing. This has resulted in easy access to a greater number of board and committee meetings.

CH99 – Educational

In May of FY20, PAC added an Educational Channel, Comcast Channel 99. The additional channel has allowed PAC to feature local educational content to viewers in addition to the bi-monthly School Committee meetings. As of FY22, most of the channel's content remains to be provided by download resources, including programs such as "Auto Sense", "Fur, Fins and Feathers", and "Chess Chat."

PAC continues to work toward content growth on this channel.

As a member of the MassAccess organization, PAC is given access to the Telvue Connect (massaccess.telvue.com) database for sharing productions of both state and nationwide

programming. Many shows downloaded and aired on Channel 9 and Ch99 are sourced from this outlet, including "Democracy NOW", "Off the Shelf", and "In the Toybox."

In FY20, PAC began sharing their own locally produced programs with the MassAccess content database. The results were outstanding! In FY22, Lunenburg's "Talkin' Baseball" episodes were, and continue to be, downloaded by over 60 media centers around the country. And, "Storytime – The Books We Love" was downloaded by over 70 public access

stations mostly located in Massachusetts but reaching as far as California. We are delighted to showcase our programs to the community while using the database to add to PAC content.

In addition to MassAccess Telvue downloads, PAC also receives local programs from nearby access stations that air on Ch9, including “Barbara and You”, “Chess Chat” and “Wicked Good Food.”

PAC Manager, staff and committee members regularly attend MassAccess conferences and Meet & Greets to develop relationships and resources with other media centers.

Studio and Equipment

PAC has had studio space in the TC Passios school since 2013. We encourage the public to take advantage of the facilities and equipment offered for creative productions. The PAC manager also supports various town departments in the use of public access’ resources for their communication needs.

In FY22 PAC made a major investment adding new studio set lighting. With the addition of professional lighting, programs saw a drastic increase in quality. PAC videographers were trained on the use of the new lighting and have the experience and know-how to provide professional quality programming.

As the need for multi-camera productions has increased, PAC added a new AV MATRIX portable switcher. This switcher was used on location for Town Meetings as well as sports and events. It replaced the outdated switcher which was complicated and cumbersome.

Staff, Producers and Volunteers

In FY22, there was one full-time Manager and 5 part-time contract videographers and a contracted technical consultant. There were openings for 2 part-time videographers.

The PAC Manager administers the day-to-day operation of the organization, including all production and programming schedules, staff scheduling, equipment and services procurement, studio and inventory administration, advertising, social media and equipment and system troubleshooting. Videographers provided video recording of committee meetings and additional local video assignments and projects.

A technical contract consultant worked with the PAC manager to provided technical and training assistance as needed.

It is expected that this contract will continue through FY23. However, PAC searched for, and has the funds budgeted to hire a permanent part-time Production Technician to add to the staff in FY23.

PAC is always looking for producers. If a community member has a special skill or interest, PAC will help make the show happen. Our studio and staff are equipped to assist new producers in video production.

Much effort has gone into recruiting volunteers, with little success.

Financials

PAC received its income from Comcast in quarterly payments (received August, November, February and May) and monthly interest payments deposited into the Enterprise Fund. The overall revenue received for FY22 from Comcast was \$199,956.37 staying flat from \$199,736.30 (+0.11 % over FY21). The budget starting balance was set at \$220,866 for FY22 projected expenses and capital costs.

FY22 REVENUE vs EXPENSES

FY22 LINE ITEMS AS A PERCENTAGE

Revenue (from Comcast)	\$199,956.37
Enterprise Interest	\$3,565.40
Revenue Total	\$203,521.77
Expenses	\$127,191.05
TOTAL	\$76,330.72

FY22 LINE ITEMS AS A PERCENTAGE

Line Item	Expenses	% of Expense
Salaries	\$51,146.74	40.21%
Purchase of Services	\$1,134.00	0.89%
Consultant	\$720.00	0.57%
Lease (Paid to the Town)	\$6,000.00	4.72%
Office Supplies	\$0.00	0.00%
Advertising	\$65.00	0.05%
Equip/maintenance	\$11,446.21	9.00%
New Equip	\$14,187.82	11.15%
Videographers	\$25,516.28	20.06%
Indirect Costs	\$16,975.00	13.35%
Total	\$127,191.05	100.00%

Summary

FY22 was a recovery year coming out of the pandemic of FY20 and FY21. The new “normal” has become standard practice. Zoom Hybrid meetings continue to be administered with new on-location Zoom Hybrid environments being planned for boards and committees. PAC continued to administer these meetings and has adapted to the new technology. Hybrid meetings have allowed PAC to air more Government meetings than ever before.

While overall programming did not increase over FY21, PAC made a few key equipment improvements during this period. The addition of a new camera switcher made an impact on the production of on-location broadcasts and multi-camera shoots. Sports and events were improved due to the streamlined switcher. And in the studio, the addition of new lighting has been a “game-changer” bringing our programs to a more professional level. These upgrades will pave the way for better productions and content in FY23.

Won’t you join us as a producer or volunteer? PAC’s supportive staff offers production assistance, making it easy to produce your own show. Our community is thriving with talented and creative individuals – now is your time to shine! If producing doesn’t appeal to you, then consider “behind the camera” options. Become a volunteer. Volunteers are the “life blood” of media centers around the state, and without that involvement PAC will not be able to grow. Consider volunteering to help provide the necessary resources needed for PAC’s continued success.
We need you!

SENIOR PROPERTY TAX WORK-OFF PROGRAM **JANUARY 1, 2022 – NOVEMBER 1, 2022**

The Senior Property Tax Work-Off Committee is administered by the Assistant Town Manager/HR Director.

What is the Senior Property Tax Work-Off?

The Senior Property Tax Work-Off Program offers income eligible senior citizens age 60+ an opportunity to have an abatement applied to their property tax bill. Participants work in various town departments doing jobs such as general office work, custodial, library shelving, meals on wheels, school assistance, etc., to earn the tax abatement.

The 2022 tax abatement maximum is \$1,500 and applied to the participant’s 3rd quarter real estate tax bill. The current hourly rate is \$15.00 per hour.

Eligibility Requirements

- Applicants must be 60 years of age or older
- Must occupy and be the owner of the property as of July 1st
- Receive a property tax bill in their name or their spouse’s name (60 years+)
- Meet the income guidelines of (proof of income is required):
 - one person household - \$50,000
 - two person household - \$75,000
- Earnings are *exempt* from state taxes
- Earnings are subject to OBRA if participants are not receiving a pension from either Worcester Regional Retirement or Massachusetts State Teachers Retirement
- Final amount earned will be applied to the 3rd quarter real estate tax
- All new applicants are required to have a CORI background check
- All Property Tax Workers must re- apply and be accepted annually for participation in the program

2022 Participation

During 2022, there were eight residents who participated in the Program in the following departments:

- Building Department/Zoning

SENIOR PROPERTY TAX WORK-OFF PROGRAM

JANUARY 1, 2022 – NOVEMBER 1, 2022

- Council on Aging
- Public Library
- Tax Collector
- Assessors

These individuals as a whole, accumulated 587.25 hours amounting to \$7,550.82, after deductions, in real estate tax abatements.

For more information or to obtain an application, please contact Julie Belliveau, Assistant Town Manager/HR Director at 978-582-4130 x150 or jbelleveau@lunenburgma.gov or visit <https://www.lunenburgma.gov/senior-citizen-property-tax-work>

SEWER COMMISSION – FY22

The Sewer Commission bears the responsibility of overseeing the Sewer Enterprise Fund, planning for the future, and developing and implementing rules, regulations and policies. Under the Town's Charter, responsibility for the day-to-day operation, care and maintenance of the sanitary sewers are under the supervision of the Town Manager who delegates the responsibility to manage and maintain the operational side of the system to the Department of Public Works Director. The Town of Lunenburg does not operate a sewer treatment plant. Approximately 86% of Lunenburg sewer is discharged to the City of Leominster, and the other 14% is discharged to the City of Fitchburg.

In FY22 the following members served on the Sewer Commission; Dave MacDonald-Chair, John Reynolds-Vice Chair, Brett Ramsden-Clerk and Members Mike Deveikis and Mike Nault. The Commission continued to meet virtually via Zoom for all meetings and voted to begin each meeting with the Pledge of Allegiance.

There are currently 915 properties connected to the Lunenburg system and another 327 which have access to Town Sewer but are not yet connected. During FY22, 14 new accounts connected to Town Sewer. The Commission billed out \$1,021,525 in quarterly sewer bills and had \$30,593 of prior year delinquencies added to the owners' property tax bills for non-payment.

During FY22, CTE (Chad Empey) continued to provide excellent service for the Operation & Maintenance of the Sewer Stations. The Commission approved funds for repairs to the Dana Street Station which included the replacement of the impellers, seals and gaskets and approved the replacement of the electrical panel at the Mass 2 station. These upgrades are important to keep the stations running smoothly. The Commission voted 3/8/22 to approve the Year 3 contract with CTE, with a 4% increase to commence 7/1/22.

DPW Director Rob Oliva worked with the Commission in FY22 to implement the Maintenance Plan for the sewer system. Clean Basins was contracted to camera and auger a blockage on Mass Ave. near Riley Road. In October 2021 Green Mountain Pipe grouted the pipe joints on Elizabeth St. to address a long-standing Inflow/Infiltration (I/I) issue in 3 services. Rob unfortunately left Lunenburg in March 2022, but the Commission welcomed Bill Bernard in May as Director.

SEWER COMMISSION – FY22

Bill has been working diligently with the Commission to carry out the many Maintenance Plan projects in process, such as jetting, manhole repairs and overseeing maintenance at the pump stations.

In March 2022 the Commission approved hiring an Assistant Business Manager, to share the increasing demands of the Business Manager's job. Paula Bertram was hired to assist the Business Manager, Barb Lefebvre with billing, account management and other office activities.

In FY22, the Commission continued the annual permit program for the 20 Food Service Establishments with grease traps and interceptors on Town Sewer. The Commission once again voted to waive the Annual Permit Renewal Fee for the Grease Trap Program, as many restaurants were still struggling to gain back business after the Covid 19 closures. In February 2022, the Commission voted to drop the Annual Permit Renewal fees for establishments in compliance, effective with FY23 renewals. Those who are not in compliance will pay \$350 for internal traps and \$650 for external trap renewals. Grease Trap compliance continues to be a focus of the Commission as Fats, Oils and Grease (FOG) can negatively affect the smooth operation and maintenance costs of the sewer system. While the Grease Trap Regulation focuses on commercial and public disposal, individual homeowners can also contribute a significant amount of grease into the system which increases everyone's costs. Whether on sewer or septic, grease should not be put down the drain.

While working on the FY23 budget, an 8% rate increase was approved by the Commission to cover increasing costs in usage from Fitchburg and Leominster. The rate increased from \$12.65/100 cu.ft. to \$13.66/100 cu.ft. and the minimum charge from \$107.00 to \$115.00/quarter. The Commission continued working in FY22 with Flow Assessment to maintain and ensure the accuracy of the flow meters that measure usage going to Fitchburg and Leominster.

The Commission also voted to update several policies for re-connection fees, prorating bills for change of ownership or new connections, easements and waivers. A public hearing will be held in FY23 to address the policy updates.

The Commission met with several groups in FY22 looking to expand sewer. The Parks Commission requested to expand the Sewer Service Area (SSA) to include Marshall Park, which was approved at the November 2021 Town Meeting. Extensions for Upland Ave./Eastern Ave. and White St./Maple Parkway were discussed and preliminary designs, with estimates, were done by Wright Pierce. However, a survey of residents did not indicate the necessary 2/3rds interest in favor of the extensions. Other projects before the Commission were an 8-unit condo at 711 Mass. Ave., lots at 790-792 Mass. Ave., and a marijuana establishment (Uma Flowers) at 43 Summer St. A horse rescue facility and 20-unit residential project at 5 Chestnut St. requested to be added to the SSA. An article was added to the May Town Meeting but was passed over. The 200 apartment 40B project application on Howard Street was approved by Mass Housing to proceed in seeking approvals from the Lunenburg ZBA. The project will seek a large expansion of the Sewer Service Area and Water District to bring utilities to the project.

At the 5/7/22 Town Meeting, the Commission put forward 4 articles, 3 of which related to the FY23 budget and stabilization funds. For the standard budget article for FY23, \$853,112.53 was appropriated from Sewer Enterprise revenues, \$20,000.00 transferred from the Sewer Capital Reserve Stabilization Fund, \$20,962.00 was transferred from the Sewer Reserve Capacity Fund and the sum of \$319,107.47 was appropriated from Retained Earnings for a total appropriation of \$1,213,182.00 to operate the Sewer Enterprise Fund for FY23, including the amount of \$793,968.47 approved to cover both the Enterprise Fund's share of Town services and debt service on the sewer betterments. The second article transferred monies to the Capital Reserve Stabilization Fund in the amount of \$35,548.86, approximately

SEWER COMMISSION – FY22

revenues as the Commission has done in previous years. This fund is to be used to maintain and improve the operating efficiency of the system or cover large emergency expenditures. The third warrant article was to transfer the sum of \$656.00 into the OPEB Sewer Trust Fund. All three of these articles passed at Town Meeting. The fourth article passed at the annual meeting was to amend the Sewer Bylaw to allow the Commission to grant a waiver to provisions of the bylaw, including easements, if three criteria are met: 1) In the event of an emergency that threatens the safe and continued use of the property. 2) Alternatives to the waiver present an undue hardship to any person or entity. 3) The Commission deems it to be in the best interest of the Town of Lunenburg and not inconsistent with the purpose and objectives of the bylaw.

The Town Caucus was held in person on 3/29/22. John Reynolds and Mike Nault were nominated for 3-year terms. The Town Election was held on 5/21/22 and both candidates won their respective terms. At the May 31, 2022 meeting, the Commission elected John Reynolds as Chair, Brett Ramsden as Vice-Chair and Mike Deveikis as Clerk. Mike Nault and Dave MacDonald continued as members.

In FY22 the Commission continued working with Adam Costa, (Town Counsel), of Mead, Talerman and Costa, and thanks him for his guidance in clarification of regulations and contract negotiations. They would also like to acknowledge and thank the Lunenburg Water District for their partnership and good working relationship with the Sewer Division in providing valuable assistance with meter readings, ownership changes, and status updates.

Sewer Commission as of report submittal (Feb 2023):

John Reynolds, Chair

Brett Ramsden, Vice-Chair

Mike Deveikis, Clerk

Dave MacDonald, Member

Mike Nault, Member

VETERANS' SERVICES

The Commonwealth of Massachusetts has the most comprehensive system of assistance offered to Veterans, families, and surviving spouses in all of the United States. Every city or town in Massachusetts, in accordance with chapter 115 of the Massachusetts General Laws, must have available to its citizens a Veterans' Services Officer (VSO), either full- or part-time, as determined by the community population, in order to serve the needs of its Veterans. Lunenburg has a part-time VSO at the Ritter Building at 960 Massachusetts Ave.

Working with the Town census of 2021, shows Lunenburg in excess of 618 residents who claimed either military service or veteran status. On a monthly basis, the veterans and widows of veterans in Lunenburg receive in excess of \$328,330.74 in federal benefits (Veterans Administration), which they mostly put back into the community by paying their taxes and through discretionary spending.

Veterans, families, or widows who qualify can be provided monthly financial assistance (reimbursements) for specific living expenses such as heating fuel, medical care, and pharmaceutical co-payments. With the VSO's approval, the Town of Lunenburg provides the financial assistance and is then reimbursed by the state's department of Veterans' Services (DVS). It is the function of the Veterans' Services Office to identify qualifying members of the community and assist with enrollment into the DVS program. Additionally, certain Veterans and/or widows may also be eligible for federal benefits from the Veterans Administration (VA). Only Massachusetts offers both of these services to every community.

During Fiscal Year 2022 (July 2021- June 2022), Lunenburg served an average of 10 recipients (Veterans, families, or widows) per month. Lunenburg paid out \$64,435.43 in benefits, or an average of \$5,369.62 per recipient per month. Lunenburg was reimbursed \$48,326.57 by DVS, which is 75% of what was given as assistance, the maximum allowable share.

Some examples of Veterans' Service Office assistance services include:

- Enrollment in chapter 115, State Veterans benefits
- Assistance obtaining military service records or replacement medals/decorations
- Tuition waivers at Massachusetts state colleges
- Housing assistance, including Veterans Shelters and Veterans Homes
- Payments of "Welcome Home" bonuses for deployed Veterans
- Assistance obtaining certain Massachusetts automobile and motorcycle license plates
- Employment assistance

The Veterans' Service Office also provides information, advice, and assistance to any citizen interested in learning about their qualifications for federal benefits, such as:

- VA disability payments and property tax exemptions
- Tax-exempt annuities for parents or spouses of those killed in Action or those who are declared 100% disabled from service-connected conditions.
- VA pensions, Aid and Attendance assistance, and death benefits
- VA medical care for both physical and mental needs
- Vocational and Educational opportunities (the GI Bill)
- VA Loans
- Burial Assistance and Grave Markers (Veterans or Civilian cemeteries)

Respectfully submitted,

David Lauzon Jr.

Interim VSO

Office phone 978-582-4176

PROTECTION OF PERSONS & PROPERTY

BOARD OF HEALTH

The Board of Health Office is located in the Ritter Building on the corner of Mass. Ave and Lancaster Ave. Our office is on the upper level at the end of the hall on the right. We can be reached at 978-345-4146, extension 430.

The Board of Health, with the assistance of its Agent, the Nashoba Associated Boards of Health, continued its mission to maintain its focus on public health and safety issues during 2022, reviewing Title V Inspection Reports, building permits, septic and well permits, nuisance investigations, housing inspections, complaints and general public health related issues as well as resident concerns.

In addition, our local Board continued to be tasked with responding to the emerging COVID-19 pandemic. The Board of Health assisted residents and businesses in understanding ever-changing guidance and compliance with those orders. We continued to conduct compliance checks and responded to complaints. As the pandemic continued, our office assisted residents and businesses in understanding testing, quarantine and necessary compliance. Through Nashoba Associated Boards of Health, regional Covid Vaccine Clinics were held. Wash hands frequently, wear a mask, and keep six feet rule.

Homeland Security and Emergency Preparedness planning is ongoing. Meetings continue between our agents, other Town Departments and regional entities to develop a plan for not only Lunenburg but with our partner towns in our region.

This year, we processed applications for Septic Permit Lot Tests, permits for new construction, new wells, repairs or upgrades to septic systems, well permits and food service permits. The Board continues its vigilance with regard to septic systems, wells, food service inspections, housing and nuisance complaints and its general mandate to protect the environment and groundwater of the Commonwealth.

The Board of Health provides numerous other services in cooperation with our Health Agents, the Nashoba Associated Boards of Health. In addition to our environmental services, nursing services is provided to our resident. This year, clinics provided our residents with inoculations for Flu as well as Senior well adult clinics.

The Town of Lunenburg participates in the Central Mass. Mosquito Control Project. Mosquito Control monitors the mosquito population in Lunenburg and advises of any potential diseases such as EEE and West Nile Virus and sprays frequently to control the population during the warmer times of the year. Residents who want to have their property sprayed can do so by emailing to: cmmcp@cmmcp.org, calling (508) 393-3055, completing a request on their webpage at: <http://www.cmmcp.org>, or calling the Board of Health office. This service is free of charge to residents.

With our Nashoba Nursing and Hospice partners we provide in home visits to ill residents recovering from illness and Hospice care and counseling to those in need of this service.

Please contact our office in the Ritter Building for more information.

Please remember that our Board Members volunteer their time and efforts on behalf of you, the Citizens of Lunenburg. If you have something that you think we can help you with, we are at your service. Contact the Board office at 582-4146 ext. 430.

NASHOBA ASSOCIATED BOARDS OF HEALTH

Nashoba Associated Boards of Health continues to serve the Lunenburg Board of Health in meeting the challenges of environmental and public health needs in your community. As the pandemic specific requirements and guidance were eased, and the State of Emergency ended in June, we have provided assistance to your Board's return to pre-pandemic public health activities.

- The agency staff informed, educated and stayed current with the COVID-19 information from the Department of Public Health to help residents in your community navigate the changes.
- Our public health nursing staff were still providing contact tracing and outreach in your communities (including regional COVID-19 vaccination clinics), while reaching out to Councils on Aging to establish well adult clinics and conduct regular fall flu clinics.
- Our VNA continued their home health activities in your community.
- As a recipient of a Public Health Excellence Grant, we have brought on staff to increase our presence in food service establishments and provide improved communication, and public health education to the Nashoba District..

We look forward to continuing our work with **Lunenburg's Board of Health** to meet the public health, environmental and nursing needs of your community.

Environmental Health Department- The Nashoba Sanitarian serving your community is always available at our Ayer office and has regular hours in the Town Hall to serve residents and work with your Town Hall staff.

Food Service Licensing and Inspections

39

This office licenses, inspects, responds to complaints and conducts follow up on concerns in licensed operations. Some of the inspections done this year were in response to COVID complaints.

Recreational Permitting and Inspections

54

This office licenses, inspects and responds to complaints regarding recreational camps for children, bathing, beaching and public and semi-pools. We sample bathing beaches weekly, providing the results to community partners to ensure swimming only occurs at the public and semi-public beach which meet State regulations.

Housing & Nuisance Investigation

17

This office inspects dwelling units for compliance with the State Sanitary Code upon compliant and prior to occupancy. We issue orders to affect corrective actions, re-inspect and initiate legal action if necessary. Similarly, complaints from residents concerning unsanitary conditions or pollution are investigated.

Title 5 related work – On-site Sewage Disposal

We received 50 applications for soil testing (testing necessary for the design of a sewage disposal systems) and witnessed 147 tests performed (perc tests and soil evaluation holes).

We received 54 applications for sewage disposal systems and reviewed 91 plans for new and replacement systems.

Our office prepared 58 sewage disposal system permits for the Board’s review and approval: 32 for new construction and 26 for the replacement of failed systems.

We conducted 150 inspections during the construction of sewage disposal systems.

We reviewed 78 Title 5 inspection reports and we were available to provide consultation to your residents on matter relating to sewage disposal systems.

Private Well related services

Private wells are regulated by local regulation and we issued 20 well permits for new and replacement private water supply wells.

We review water quality and quantity reports and interpret the results for residents.

Rabies Clinics – Animals Immunized (Due to COVID-19, clinics were limited in 2022)

Nashoba Nursing Service & Hospice

Nashoba’s Certified Home Health Registered Nurses visit and provide skilled services to patients in their home under physician’s orders. These services include assessment of physical, psychological, and nutritional needs. Skills include teaching/supervision of medications, wound care, ostomy care, IV therapy on a 24-hour basis, catheter care, case management and referral to other services as needed.

Nashoba’s Certified Home Care Aides provide assistance with daily activities of daily living including bathing dressing, exercises and meal preparation.

Nashoba Therapists provide skilled physical, occupational, speech, and dietary therapeutic interventions through assessment, treatment and education. Their integration of client, caregiver, and medical outcomes aims at attaining maximum functional dependence.

Nursing Visits

670

Home Health Aide Visits

61

Rehabilitative Therapy Visits

643

Community Health Nursing

Nashoba’s Community Health Nursing program provides an essential public health service to its member communities guided by the American Nurses Association (ANA) 16 Standards of Public Nursing Practice.

- Working with MDPH and other local boards of health to identify and manage clusters of disease/exposures in the District.
- Contact tracing for our member communities and teaching about the processes of Isolation and Quarantine. Teaching risk reduction, infection control measures and disease management.
- Serving as a resource for individuals and businesses interpreting the everchanging information on the disease and the State’s response to the pandemic.
- Working with school nurses and childcare providers in the District to provide information, offer advice and support and assist with contact tracing in the schools and daycare centers as needed.
- Collaboration with all municipal staff, including Councils on Aging, to address questions about COVID-19 (and other diseases), exposures and actions which may be necessary to address these exposures.

Communicable Disease Number of Cases:

Babesiosis.....	1
Campylobacteriosis.....	2
Group A Streptococcus	1
Human Granulocytic Anaplasmosis	4
Influenza.....	150
SARS-CoV-2 (COVID-19).....	976

The Nashoba nursing staff provided monitoring and guidance to travelers and residents testing positive for TB infection (not contagious) **119** throughout the district this calendar year, and have also been managing **2** active TB cases in the District since Spring/Summer 2022 and continue to date. The towns in the Nashoba District fall into a **LOW RISK TB** category (as defined by MDPH).

In addition to the mandated disease surveillance and reporting, our staff serves as a resource to the community, addressing questions and concerns from the public on a variety of health and safety issues (immunizations, head lice, chronic disease management, safe drug/sharps disposal etc.) in a variety of ways including:

- Monthly well adult clinics have been & continue to be offered throughout the district. Nashoba nursing staff conducted **159** total clinics this year, including **10** clinics in Lunenburg. Clinics provide the opportunity for residents to meet with the nurse for blood pressure checks, blood sugar screening, general health counselling, resource information and referrals as needed. Districtwide flu clinics are held in the fall.
- Nashoba conducted seasonal flu clinics in each community to make vaccinations available to everyone, including homebound residents. We administered **2130** flu shots to community members, including **98** Lunenburg residents.
- We conducted regionalized COVID-19 vaccine clinics the first quarter of the year until the public demand/interest in the vaccine waned. In an effort to increase vaccine accessibility, clinics were also held at local food pantries, shelters, churches, schools, businesses, etc. A total of **509** district community members were vaccinated for COVID-19 in the 2022 calendar year.
- The nurses are available for & have made home visits to make general assessments, assist with coordinating care and services, provide support/teaching and make referrals to other local community resources.
- Nashoba has offered community outreach and educational programs covering topics such as disease prevention, chronic disease management, emergency preparedness, mental health awareness, and overall wellness.
- Nashoba staff attend and regularly participate in collaborative meetings, trainings and conferences to keep current with the latest developments in local public health.
- Nashoba staff facilitated several meetings with key stakeholder groups to promote partnership, encourage strong regional communication, and foster working relationships. This has helped to identify common goals and guide future public health initiatives and outreach.

Community Health- Communications and Public Health Education Summary

The Public Health Educator/Communications Specialist (PHE/CS) role has evolved since its inception in Sept 2021 to best support the needs of the District . In the past year, the PHE/CS has been communicating timely and relevant public health information to towns and stakeholders, and providing educational opportunities across the District with a social determinants of health (SDOH) lens. This work has included:

- Developing educational programs and presentations both independently and collaboratively with the PH nursing team- Harm reduction, emergency preparedness, etc.
- Providing education and advocacy related to treatment and de-stigmatization of substance use disorder
- Maintaining up-to-date distribution lists, communicating within the district via channels such as quarterly newsletters, regular email updates, etc. pertaining to public health news, information and events such as flu and rabies clinics. Exploring ways to diversify communication methods to reach as many community members as possible.
- Building and maintaining relationships with stakeholders through meetings and attending community events to represent NABH
- Serving as a resource for community members with public health related questions across a broad range of topics; developing a robust, in-depth Resources page for the website (which is currently being finalized)
- Attending trainings with an emphasis on health equity and public health service regionalization. MDPH has prioritized these areas because research has shown they have the biggest impact on health outcomes for the broadest range of people.
- PHE/CS has utilized an SDOH lens to identify health inequities that most impact the NABH region to focus efforts and collaborate with community partners to lessen these gaps.
- Developing educational and communications materials for district and individual towns by request including print, electronic, presentation, and TV/news media materials
- Maintaining and improving upon NABH website to keep info relevant and accessible. Maintaining agency social media to reach more people in district with current, relevant and seasonal public health information.
- Organizing events to facilitate the exchange of information such as a Spring Wellness Festival and first regional in formal local board of health gathering

FIRE DEPARTMENT

The Firefighters and Emergency Medical Technicians of the Lunenburg Fire Department are dedicated to providing the highest quality, most cost effective fire and emergency medical services to the citizens of the town of Lunenburg.

In 2022, your Fire Department responded to 1990 calls for service, broken down as follows:

Fires, Alarms & Hazardous Conditions	385	Emergency Medical	1143
Inspections	446	Other	16

This represents a 14% increase in emergency calls for service over 2021, mostly in Emergency Medical calls.

The Department consists of 10 Career and 30-35 On Call/Per Diem Firefighters and Emergency Medical Technicians, plus a full time Administrative Assistant/EMS Coordinator. Three Firefighter/EMT or Paramedics are on duty 24/7 at the Station. This coverage is provided by a combination of our Career Staff and Per Diem Firefighters. Staffing the Station with dual trained Fire/EMS personnel ensures that we are ready to respond to whatever emergency occurs. As many calls require more personnel than are on duty, we continue to rely heavily on the dedication and commitment of our On Call Firefighters and Emergency Medical Technicians.

After nearly five years of preparation, the Department is in the final stages of licensing to provide our own Paramedic Service. Firefighter Olivia Hayes certified as a Paramedic in October 2022 and Firefighter Melissa Buchanan will be obtaining her certification in January 2023. This brings us to four Fulltime Firefighter/Paramedics with an additional eight On Call/per diem Firefighter/Paramedics. In addition, Firefighter Jennie Smith will begin training as a Paramedic in January of 2023. Paramedic training is in excess of 2000 hours and requires anywhere from 9-18 months of college level classroom education, clinical time and field internships to obtain certification. The Department continues to train our newly hired full time staff to this level and recruit licensed Paramedics to fill Career positions when possible. We will begin providing Paramedic Level care to the community in January 2023.

In 2022, the Fire Prevention Division conducted 446 Inspections. This is in addition to multiple fire drills and public education initiatives. By law, we are required to inspect Smoke and Carbon Monoxide Detector installations when a home is sold. We are also required to inspect all new oil burner and propane gas installations. Any business holding a liquor license is also requires a yearly inspection for fire safety issues. In addition, all new construction projects must have their plans reviewed for proper fire protection, as well as ongoing inspections during the construction process. Other Fire Safety Initiatives undertaken during 2022 include:

- ◇ Continuation of a Department of Fire Services Grant in the amount of \$6953 to assist with Fire Safety Education in both the Schools and with Senior Citizens. This Grant provides funding for both materials and personnel to bring fire safety education to our most vulnerable populations.
- ◇ Participation in the Senior Center's "Sand for Seniors" Program. This program provides buckets of walkway sand for Senior Citizens who were unable to obtain it for themselves in the winter months. In partnership with this program, Captain James Ricci delivers the sand to the residents and when possible, inspects their homes for Smoke and Carbon Monoxide Detectors. If the resident was lacking detectors, Capt. Ricci is able to install free detectors obtained through the Senior SAFE Grant.
- ◇ It should be noted that each year, 50% of fatal fires are found to have nonfunctional or nonexistent smoke detectors.

Firefighters Samuel Johnson and Timothy O'Connell graduated from the Massachusetts Firefighting Academy's Call/Volunteer Recruit Training Program in June of 2022. This 240-hour program trains new personnel in the basics of firefighting and hazardous materials response. The program is a requirement for any new Firefighters with the Department.

Eight Firefighters from Lunenburg continue to be members of the Fire District 8 Technical Rescue and Dive Teams. These regional teams respond to high risk and unusual rescue situations, such as Confined Space, Rescue from Heights, Building and Trench Collapse, Swift/Floodwater and Underwater Search and Recovery. In conjunction with these Teams, Lunenburg operates both a Water Rescue Unit and a Collapse/Trench Rescue Trailer.

Apparatus replacement has reached a plateau for a few years, with two pumpers and the Ladder truck all under 10 years old. The Ambulances continue to see increased wear and tear as we see not only increased calls for service, but longer transport times to other hospitals and critical care facilities. It should be noted that 30 years ago, we had four hospitals within a 10-15 minute transport time. Today there are two. In addition, many cardiac and trauma patients require definitive treatment in specialty facilities, often requiring transports to Worcester. Given long delays in obtaining new units, a replacement for Rescue 1, our 2014 ambulance has been moved up two years and is being requested on the FY'24 Capital Plan.

FIRE DEPARTMENT

The Turnout Gear Replacement program that was begun under the Capital Budget last year has been completed. All personnel now have state of the art protective clothing, with a serviceable spare set of equipment as well. Firefighting protective clothing must be cleaned after every fire to rid it of cancer causing materials that are often byproducts of today's synthetic materials burning. As washing and drying firefighting cloth can take from 24-48 hours, having a spare set available allows all personnel to remain "in service" at all time.

Replacement of our outdated Forest Fire protective clothing with a dual-purpose type of clothing that is suitable for both brush fires and motor vehicle/technical rescue situations is still underway. This project is funded through a State Grant for Safety Equipment. Though supply chain issues have slowed the process, we anticipate having the equipment by spring of 2023. A State Firefighting Safety Grant was also received in 2022. This will replace several hundred feet of fire hose and some outdated nozzles and adapters. This grant is expected to be completed sometime in 2023.

In conclusion, I would like to thank the members of the Lunenburg Fire Department for their outstanding commitment to the Town. Their enthusiasm, professionalism and dedication continue to impress me every day. In addition, I would like to express my gratitude to the members of the Department who have helped make the Paramedic Program a reality. From those who helped develop policies and those two helped procure equipment, to those members who endured the challenges of Paramedic training. Your efforts have helped bring about a massive improvement in service to our residents. My thanks also to the Town Manager for her unwavering support of this vital project.

I would also like to thank the other department heads, boards and commissions for their continuing help. The level of interdepartmental cooperation that occurs in the daily course of town business is invisible to many people, but it is critical to all operations. Finally, my thanks also go out to the citizens of Lunenburg for their ongoing support of public safety. Such support allows us to continue providing the high level of service you have come to expect from us.

Lunenburg, MA 01462

Mission Statement:

We, the members of the Lunenburg Police Department, strive to provide the highest quality of police services to our community members and visitors alike. We believe in Community Policing, and all of the benefits that are realized from this concept. We will strive to maintain the strong partnerships that have been developed with our community, and continuously look for ways improve that relationship. We will strive to deliver police services in a fair and impartial manner, consistent with all applicable laws, while respecting all individual rights. We will use innovative and modern ideas and techniques to solve crimes, apprehend criminal offenders, and help resolve quality of life issues.

Values:

- We are committed to ensuring that all of our actions reflect the utmost integrity, and honesty.
- We are committed to respecting individual rights, human dignity, and the values of all members of the community and members of the Lunenburg Police Department.
- We are a proactive and problem solving agency.
- We strive to serve our citizens in a professional manner with compassion, respect, and empathy.
- We are committed to providing the highest quality of police services to our community.
- We recognize the value of our employees, and recognize they are our most valued resource. We will strive to provide our employees with the necessary resources, training, and career development to enhance their professionalism.

Off. Joel Ortega

Department Review:

It is an honor to again provide the Lunenburg Police Department's Annual report as the Chief of Police. 2022 continued to be a challenging year for the Police Department as the community came out of the grips of Covid-19. We have also faced the challenges associated with the economy, population growth, and increased traffic within the community. A nationwide trend of recruiting and retaining Police Officers continue to have an effect on our Department. Although faced with these challenges, the Department remains committed to being pro-active, and strives to make the Community safe for all.

K9 Jerry will be retiring at the end of the fiscal year. Jerry has been with the Department since 2014, and has performed admirably throughout his career. Jerry will remain with Sgt. Tocci, who has agreed to keep him through his retirement years. We wish Jerry good health and a long retirement. Job well done Jerry.

Off. Nicholas Marino accepted a position with the Acton Police Department. We thank Nick for his service, and wish him the best of luck with Acton PD.

Reserve Officer/Desk Officer Lisa Melnicki has accepted a position in the private sector. We thank Lisa for her service, and wish her the best of luck in her future endeavors.

Off. Jesse Reed was hired to the full time ranks. We are happy to welcome a veteran police officer from Berlin Police Department who will bring his experience and knowledge to the Department.

Off. Deven O'Brien has returned to the Department as a full time police officer. Off. O'Brien started his career with our Department as a Reserve Officer in 2013 and in 2014 was appointed as a full time police officer. In 2018 Off. O'Brien accepted a position with the Marlborough Police Department. We were happy to welcome Off. O'Brien back to the Department, and continue his service where his Law Enforcement career began.

Off. Paul Theodoulou was hired to the full time ranks after serving a short period time as a Reserve Officer with the Department. Off. Theodoulou is a veteran police officer from Fitchburg Police Department as well Townsend Police Department. Off. Theodoulou brings a wealth of experience and knowledge to our Department. We were fortunate to have landed Off. Theodoulou.

Off. George "Trey" Tibbetts was elevated to a full time position after serving a short period of time as a Reserve Officer with the Department. Off. Tibbetts was added to the Department in accordance with the Department's 10 year hiring plan. Trey completed his training in a relatively short period of time, and we are excited to watch him grow with the Department.

As we became fully staffed we anticipated filling our vacant positions. The first and foremost was filling a vacant Sergeant's position that would provide us much needed supervision for the Patrol Bureau. We also anticipated filling a vacant Detective's position, as well as adding an additional School Resource/Community Outreach Officer.

Sgt. John Morreale was promoted to fill the vacant Sergeant's position. Sgt. Morreale has been with the Department since 2014 when he began his career as a Reserve Officer, and has worked up through the ranks as he has progressed in his career. Sgt. Morreale has been assigned as the Department's Accreditation Manager as well as the split shift patrol supervisor.

Det. Joshua Mathieu was elevated to the Detective position. Det. Mathieu started with the Department in 2011 and has risen through the ranks to his current position. Det. Mathieu brings a wealth of experience, knowledge and training to the position. Det. Mathieu is an excellent investigator, and will be a great addition to the Investigative Bureau.

On October 26, 2022 the Department was certified through the Massachusetts Police Accreditation Commission (MPAC), which is recognized as a best practice organization. Through the tireless work of Sgt. Morreale, and the cooperation and collaboration with members of our Department we were able to complete the first phase of accreditation. The Department was recognized and received the MPAC award on October 26, 2022 at the Commission's

award ceremony held that Marlborough Country Club. We look forward to an accelerated process and becoming fully accredited by the summer of 2023.

We continue to work towards a Co-Response Model approach to mental health type of calls. This would involve partnering officer(s) with a mental health clinician to assist with individuals in crisis. We have been meeting with Community Health Link and Advocates to assess our needs, and develop a Co-Response plan. We have also been exploring a partnership with the Town of Lancaster to share a clinician between the towns. We hope to have this program become a reality by the fall of 2023.

2022 Statistical Information:

The overall goal of the Lunenburg Police Department is a reduction of crime, assure quality of life issues are addressed, and provide a safe community to live, work and visit. The Department evaluates effectiveness, in part, by statistical information that is generated through the Records Management System.

The following statistical information is to provide some insight into our officers' activity for 2022.

Total calls for service thru December 31, 2022:	27,156
Motor Vehicle stops totals:	3,572
Citations Civil (fines):	89
Citations Warnings:	1340
Citations Criminal Offenses:	189
MV Arrests:	46
Arrest Totals:	400
Arrests Custody:	134
Arrests Summons:	261
Protective Custody:	5
Motor Vehicle Accidents (MVA) totals:	307
MVA with injury:	74
MVA without injury:	197
MVA hit and run:	36
Domestic Violence Related Incidents totals:	77
Arrest/Summons:	22
Restraining Orders (RO):	36
Mental Health Incidents totals:	69
Attempted/Threat of Suicide	29
Mental Health Evaluations	40
Firearms Licensing totals:	222
LTC Class A:	210
FID:	11
Sell Ammunition	1
Animal Control totals:	205
Dog Bites:	11

As result of the above calls our officers generated a total of 1,777 written reports. There were 434 reports involving Incident Based Reporting (IBR), and National Incident Based Reporting (NIBRS), which is a State and Federal Crime reporting data base. The Officers also generated an additional 483 written reports that did not fall into the IBR/NIBRS category.

According to NIBRS, reported crimes are broken down into three categories, Crimes Against Persons, Crimes Against Property, and Crimes Against Society. These are further broken down into Group A and Group B categories to closely match the Uniform Crime Reporting (UCR) program. The Lunenburg Police Department regularly reports IBR information to the State, which in turn reports the information to the Federal Bureau of Investigation.

In 2022 there has been a 19% increase in Group A, Crimes Against Persons, with Aggravated and Simple Assaults as well as Intimidation (witness/victim) accounting for the majority of the incidents with 39 out of 62 total reported incidents. These numbers appear to have a direct correlation to the Domestic Violence calls that officers have responded to in 2022.

In 2022 there has been a 34% decrease in Group A, Crimes Against Property. Although we have observed a decrease in property crimes, the area we have observed an increase is shoplifting, accounting for a majority of the incidents with 40 out of 142 total reported incidents.

Training:

Training continues to be a priority for the Department. The Department's in-house trainers look for ingenuitive ways to complement our annual in-service training. In addition, several officers have attended specialized training in various areas of Law Enforcement as a part of professional development.

Use of Force:

The Department conducts an annual analysis of Use of Force incidents, as well as review(s) of the incidents as they occur. In 2022 officers were involved in nine (9) use of force incidents, which remained the same as compared to 2021. In each Use of Force incident de-escalation tactics, including the use of verbal tactics, were first utilized prior to any Use of Force application. Officers continue to strive to de-escalate confrontations prior to any application of Use of Force.

Motor Vehicle Pursuits:

The Department conducts an annual analysis of Motor Vehicle Pursuits, as well as review(s) of pursuits as they occur. In 2022 officers were involved in five (5) motor vehicle pursuits, which remained the same as compared to 2021. One pursuit resulted in a motor vehicle accident but occurred after the pursuit had been terminated. No injuries to the public, officers or suspect(s) involved in the pursuits were reported.

Nashoba Valley Regional Dispatch District:

The Nashoba Valley Regional Dispatch District (NVRDD) is a Regional Emergency Communications Center located in Devens, MA. NVRDD serves as the 9-1-1 public safety answering point and dispatch center for Police, Fire and EMS for the communities of Lunenburg, Bolton, Devens, Harvard, Lancaster and Lunenburg. NVRDD was one of the first Regional Emergency Communications Centers in the State of Massachusetts, opening its doors on June 18, 2013. NVRDD serves a total population of just over 35,000 residents and thousands more visitors to the orchards, farms, businesses, and attractions within its six communities. In 2022, NVRDD handled 33,500 phone calls coming in on 911 and business lines. NVRDD also coordinated the response to over 89,900 calls for service. NVRDD's staff are highly skilled in call-handling and dispatching, and are all able to perform both functions simultaneously. These first of the first-responders provide a vital and seamless link between the community and their local police, fire, and emergency medical services. While the focus is on handling emergencies, our staff also serves the public and our responders by providing other administrative and non-emergency dispatch tasks. NVRDD staffs the communications center with multiple dispatchers and supervisors each shift to handle calls and requests.

In 2022 NVRDD processed a total of 89,900 calls for service (CFS). Of these calls for service, 32,067 were for the Town of Lunenburg. These calls for service average out to 2,673 CFS per month in the Town of and 88 CFS per day in the Town of Lunenburg. Each CFS represents one report entered into the Computer Aided Dispatch system by the dispatchers for the 9-1-1 calls handled, the police, fire, or medical emergencies dispatched, and the other miscellaneous duties they perform on a daily basis.

In 2022 NVRDD Telecommunicators answered 10,989 9-1-1 Calls. This total averages out to 916 emergency 9- 1-1 calls per month and approximately 30 emergency 911 calls per day. NVRDD Staff prides itself in customer service and standards of care. Our average 9-1-1 answer time is 3.5 seconds, which is approximately half of a normal telephone "ring". Our staff is also evaluated monthly on their call handling skills and they rate at an average 94% adherence to the call taking protocols.

NVRDD Telecommunicators average 32 hours of training per year. In 2022 NVRDD welcomed several new members to the team: three dispatchers, an administrative coordinator, a treasurer, and an accountant. NVRDD is approved for a total of 15 Full-Time Employees, and 3 Part-Time Employees. Currently NVRDD has 14 of the 15 Full-Time Positions filled, and all 3 Part-Time Positions filled. NVRDD is projected to be fully staffed by the beginning of FY24.

Conclusion:

I would like to thank the Citizens of Lunenburg for their continued support. Without collaboration with our Community we would not be successful. We look forward to the New Year, and to continue to bring the very best in policing to our Community.

I would also like to thank the women and men of the Lunenburg Police Department for their dedication to the Community, and the work that they perform on a daily basis. The personnel of the Department play a vital role in making Lunenburg a great place to live, work and visit for all.

Thank you,

Chief Thomas L. Gammel

PLANNING

CAPITAL PLANNING REPORT

Fiscal Year 2023 Capital Plan

The Capital Planning Committee began the capital planning process for Fiscal Year 2023 in September 2021. The Capital Planning documents were sent to departments in late September and the Capital Planning Committee met with the departments throughout November and December to review all the capital project requests as a group. The Capital Planning Committee prioritized 31 capital projects. One project was removed due to not receiving a cost estimate and one project has been pushed out to FY24 as more information was needed. The remaining 29 projects totaled \$3,861,049. The Committee presented the prioritized list to the Town Manager in January as required by the Town Charter and the Town Manager is recommending funding 23 of the prioritized projects totaling \$2,162,849.

Below is the FY 2023 Capital Plan being recommended for approval at the Annual Town Meeting:

TM Priority #	CPC Priority #	Collins Pts	CIP#	Dept.	Project Name	Category	FY 23 Projected
1	4	81	INFRA21-02	Infrastructure	Page Street Culvert Construction	Highway	\$ 150,000.00
2	2	47	DPW17-08	DPW	10-Wheel, plow & sand Repl. 1994 Mack	Vehicles	\$ 250,000.00

Brian Lehtinen, Chair, School Committee Representative
 Tom Alonzo, Vice-Chair, Select Board Representative
 Paula Bertram, Planning Board Representative
 David Passios, Finance Committee Representative
 George Martin, Member At Large

PLANNING BOARD

Fourteen (14) ANR Plans (land division plans not requiring approval under the Subdivision Control Law, but still requiring Board endorsement) were approved.

Lunenburg's Stormwater Bylaw requires Board review and approval for any development/redevelopment project that disturbs one acre or more of land. This Bylaw safeguards the public health, safety, welfare and the environment by minimizing adverse impacts of contaminated stormwater both off-site and downstream. These updates are more likely to affect large commercial projects and multi-family dwellings; not the average homeowner wanting to put in a shed, garden, pool, etc. The Board approved stormwater permits for the following:

- ◇ A warehouse off Leominster-Shirley Road;
- ◇ A single-family house lot at 324 Flat Hill Road;
- ◇ Construction of a 7-bay garage at 225 & 259 Leominster-Shirley Road;
- ◇ The creation of four (4) lots at Cross and Mulpus;
- ◇ The creation of six (6) lots on the corner of Holman and Northfield Road.

Lunenburg has four designated Scenic Roads; Lancaster Avenue, Flat Hill Road, Northfield Road and Leominster Road. Over the past year you may have noticed building lots, such as some of those mentioned in the paragraph above, being created on some of these roads. As these are Scenic Roads, any repair, maintenance, re-construction, or paving work in the Town's right-of-way cannot involve the cutting or removal of trees or the tearing down or destruction of stone walls without consent of the Planning Board.

The Commonwealth issued Site Eligibility for a proposed 40B development off Howard Street and the Board provided its comments to the Town Manager. The Planning Board in conjunction with many other Boards, Commissions, Town Officials, and private citizens submitted numerous comments outlining the Town's opposition to the development of 200 apartment units at 400 Howard St. The development of affordable housing is critical to Lunenburg; however, the site in question has significant flaws that concern Town Officials. The applicant is currently going through the public hearing process with the Zoning Board of Appeals.

The Board submitted four articles for November 2021 Special Town Meeting.

- ◇ Two of the articles, which passed, updated the zoning bylaw to reflect the current zoning;
- ◇ Two articles were submitted on behalf of the Water District to update the Watershed Protection Map. DEP requested additional changes to the proposed bylaw which Board members were not comfortable with; therefore, the Board chose to pass over the Water District articles.

The Land Use Director worked on a new draft for 2022 Annual Town Meeting. The two Water District articles were submitted for May 2022 town meeting, but did not pass.

A third article was also submitted for 2022 Annual Town Meeting which added clarification to the permitting process for non-medical marijuana establishments. That article passed.

Uma Flowers, a cannabis retail facility, was awarded a Community Host Agreement from Lunenburg and submitted an application for a state-licensed retail establishment under Section 250-4.15. Non-Medical Marijuana Establishments of the zoning bylaw. The establishment will be located at 43 Summer Street (site of the former Donnelly's Tavern).

An application was received for construction of a 367,000 square foot warehouse and distribution building at 260 Falulah Road. The majority of the building was located on Airport Road/Crawford Street in Fitchburg, but a portion extended into Lunenburg.

Approval was given for the construction of a 372,000 square foot warehouse and distribution building off Leominster-Shirley Road near the Shirley town line. As a result of this approval, improvements were made to Leominster-Shirley Road with the addition of an eastbound left-turn lane into the project and the widening of the road to the north (towards Reservoir Road) on the project side of the street.

Under the Util Reliability Project, Util submitted an application for the removal and/or pruning of public shade trees along Leominster Road from Sunny Hill Road to Kilburn Street. Some of the proposed trees already had contact with existing power lines. Poles would be replaced and lines placed three to seven feet higher than the current placement. By upgrading the existing lines Util expected to reduce outage time for incidents that occurred from the center of town to Goodrich Street.

The Planning Board requested and was approved for Capital Plan Funding to begin an update of the 2002 Master Plan. This update will likely begin in FY23 and carry through FY25. The process will include public visioning sessions, input from as many stakeholders as possible, and will aid in moving Lunenburg and its policies through the next decade and beyond.

Legislation passed requiring any MBTA community to have a zoning district of reasonable size in which multi-family housing would be permitted as of right. A minimum density of 15 housing units per acre was required. The town is currently working on compliance. The results and approach to complying with the requirements outlined in in MGL Chapter 40A Section 3A will be done through a public process by the Planning Board.

The Planning Board created an Economic Development Committee which began meeting in April 2021. Over the past year the Committee has worked to build a relationship with the Lunenburg Business Association, the Commonwealth of Massachusetts Office of Business Development, and other stakeholders to provide policy recommendations to the Planning Board and create an environment that supports existing and proposed business in Lunenburg.

Meetings resumed at Town Hall with a hybrid model; both in-person and via Zoom.

Paula Bertram announced she would not seek another term at May 2022 town election. Amanda Reid was elected to the Board to serve until 2027.

The Planning Office is located in the Ritter Memorial Building, 960 Massachusetts Avenue and can be reached at 978-582-4147 extension 5. Various forms are available online at <https://lunenburgma.gov/> on the Planning Board’s homepage. The Zoning Map, Code of the Town of Lunenburg, MA (which contains the Protective [Zoning] Bylaws), Rules and Regulations Governing the Subdivision of Land, Rules & Regulations for Site Plan Approval & Special Permits, and Permitting Guidebook are available online.

Tanner Cole, Chair	Matthew Brenner, Clerk	Amanda Reid, Member
Matthew Allison, Vice Chair	Erik Torgersen, Member	Adam R. Burney, Land Use Director

Ad Hoc Open Space Advisory Committee to the Planning Board

The Open Space Committee’s efforts in FY’22 principally focused on gaining a better understanding of the Town of Lunenburg’s portfolio of vacant, undeveloped, “general municipal” lands, and assessing which of those properties may be repurposed more specifically to meet needs identified in the Town’s Open Space and Recreation Plan.

The Open Space Committee also reviewed several Chapter 61 withdrawal notifications this past year as part of the town’s defined multi-board process and reviewed the tax sale/taking process in the Spring of 2022.

The Open Space Committee investigated two parcels on Lake Shirley held by the Town and reviewed them for possible lake access (car top kayak and canoe launch) for Lunenburg residents.

Respectfully submitted,

Michael Toohill, Chair

ZONING BOARD OF APPEALS

The Zoning Board of Appeals heard several petitions during calendar year 2022. There were several applicants seeking special permits and special permits for dimensional variations. The Zoning Board meetings are held on the second and fourth Wednesdays of the month at Town Hall at 7:00PM on an “as needed” basis or ZOOM as an alternative.

On August 18, 2022 a 40B Comprehensive Permit was filed for property located at 318, 319 & 400 Howard Street, for a project known as Pond View Commons owned by The Homes at Aro Estates, LLC.

The proposal is to construct three multifamily residential buildings under the Massachusetts Comprehensive Permit Statute, Massachusetts General Law’s c.40B, ss.20-23.

The applicant Pond View Commons, LLC seeks to create 200 apartment units within three multifamily residential buildings.

The Zoning Board consists of the following members: Alfred Gravelle, Chairman, James Besarkarski, Vice-Chairman, Members: Hans Wentrup, David Blatt, Patrick Callahan and Anthony Nicastro and Donald Gurney, Associate members. Lisa Normandin serves as the Administrative Assistant to the Zoning Board.

The functions of your Zoning Board of Appeals as required by statutes are as follows:

1. To hear and decide applications for Variances from Town’s Protective By-Laws as authorized in the By-laws.
2. To hear and decide applications for Special Permits as authorized in the Town’s Protective By-laws.
3. To hear and decide appeals in accordance with Chapter 40A, Section 8 of the Massachusetts General Laws, as amended, from any person aggrieved by reason of his or her inability to obtain a permit or enforcement action from the Administrative Officer or Board in the Town, the Regional Planning Agency, abutting City or Town or other Administrative Official.
4. To act upon application for comprehensive permits in accordance with Massachusetts General Laws, Chapter 40B. The Zoning Board of Appeals reviews requests for comprehensive permits submitted to the Board under Chapter 40B by developers who wish to create affordable housing. These requests can, by law, circumvent local zoning ordinances.

The office of the Zoning Board of Appeals is located in the Ritter Memorial Building, 960 Massachusetts Avenue, Lunenburg. Business hours are 8:00 AM to 4:00 PM Monday and Wednesday and 8:00 AM to 6:00 PM Tuesday and Thursday, closed Friday. I

f you need any assistance from the Zoning Board of Appeals please contact us at 978-582-4146 X 421 during regular business hours. Zoning Board applications are available in the office and online at www.Lunenburgma.gov.

EDUCATION

Lunenburg Public Schools

Superintendent's Message

I am pleased to present my annual report for the Lunenburg Public Schools. I want to express my gratitude for a collaborative approach toward projecting and planning for current and future needs with the Town Manager, Heather Lemieux. As the leader of the district, I am fortunate to work with a School Committee that is truly dedicated to serving the best interests of our students and appreciative that the Board of Selectmen and Finance Committee work collaboratively with the School Committee and School Department to problem-solve in order to better meet the educational needs of the children of Lunenburg.

The district has remained focused on our Strategy for Continuous Improvement, which is aligned with our Mission and Vision:

The Mission of the Lunenburg Public Schools is to provide all students with the skills, confidence, and passion for life-long learning so that they may find their own paths to successful careers, active citizenship, and rewarding lives.

The Lunenburg Public Schools is committed to becoming a leader in education by focusing on its values of attending to the personal well-being of its students, providing high-quality curricula and student-centered instruction for deeper learning at all levels, and promoting the development of attributes and skills necessary for continuous learning for all.

The Strategy is a living document. Each August the District Leadership Team reviews the Strategy, its objectives and action plans. The Strategy objectives for the next two to three years are:

Transforming Teaching and Learning: To ensure teaching and learning are student-centered and inclusive by: (1) establishing effective teams of educational leaders to accomplish the essential work for transforming practice, and (2) hiring and developing excellent educators who are continually learning and adapting practice to meet the needs of all students.

Cultivating Climate & Culture: To create a culture that values data use and fosters continuous learning in a climate that is safe, caring, inclusive and reflective of our core values.

Communication & Operations: To improve operational efficiencies, including communication, in order to increase the organization's capacity to execute the district's mission and vision.

Equity, Access, Achievement & Opportunity for All Students: To ensure all students are provided equal access to a high-quality education, that is collaborative, interactive, and relevant with an appropriate level of support and challenge so that they can become well-rounded, resilient, confident, and capable young adults adequately prepared for future challenges.

Over the last several years we have worked to put in place the necessary infrastructure to support the academic achievement of all students. We have established curriculum leadership positions, instructional specialists/coaches, teacher curriculum leaders; piloted and purchased evidence-based math and literacy curricula for Kindergarten (K) through grade 5; implemented a standards-based benchmark assessment in math and literacy for grades K through 8; provided job-embedded professional development for teachers in best instructional practices and using assessment data to inform their instruction; and hired tutoring/intervention staff for additional academic supports during the school day as well as after school in order to close learning gaps. The Director of Teaching and Learning and Title I Coordinator positions have been and continue to be integral to all of this work.

In order for students to be ready and able to learn in the classroom, behavioral health needs must be addressed. To that end, we have developed a multi-tiered system of added guidance counselors, social workers and adjustment counselors; piloted and adopted a districtwide social-emotional learning curriculum. Students receive social-emotional supports in small group with counselors or in a one-on-one setting when student need dictates. Additionally, we have continued to provide Care Solace, an online resource with live 24/7 concierge meant to assist families and individuals in finding local mental health support. Care Solace is a tool for school staff and families to connect with community-based mental healthcare resources and providers. The vast database of mental health resources includes vetted local therapists and programs.

All of these supports have been absolutely critical in order to respond to the increase in significant behavioral health needs of our students.

Superintendent's Message

The district has been working with intent to foster a safe and caring environment and inclusive culture in our schools and district. Last year we administered the National School Climate Center survey for families, students, and staff. We analyzed results and used that data to develop goals to improve our schools' climate. We will repeat that survey this spring to see if changes have had any impact. As we look to build a more inclusive culture in our schools, we also look to diversify our staff to be more reflective of our community. To that end, a district team participated in the Department of Elementary and Secondary Education's Teacher Diversification Professional Learning Network and as a result, have been examining our recruitment and hiring practices. The Lunenburg School Committee is also committed to this work and requested an equity audit for our district. The audit commenced in July 2022 and the final report was made available to the Lunenburg community in February 2023 via the district website with a request for feedback. The District Leadership will use this report to develop action plans which will be included in the district's Strategy for Continuous Improvement. Once these plans are developed, as is our annual practice, the administration will seek the Lunenburg School Committee's endorsement. We look forward to engaging in this work with stakeholders.

Another way the district is seeking to build a more inclusive culture is through strengthening the family-school partnership. This year Lunenburg Public Schools was one of four districts/schools selected to participate in the Department of Elementary and Secondary Education's Family-School Partnership Initiative Program. We will be expanding this work to involve stakeholders. This work will also result in the development of action plans, which will be incorporated into the Strategy for Continuous Improvement.

It is important to note that the physical environment of our schools is also important to the learning experience of our students. Turkey Hill Elementary School is an aging facility which was not designed for elementary age students. It was originally a middle school. The building presents challenges and limitations for our teachers in terms of delivery of instruction in the modern era. Electrical outlets are extremely limited in the classrooms and the lack of energy efficient windows creates a challenging learning environment with very high and very low outdoor temperatures. The building has aging systems that cannot be easily, quickly, or inexpensively addressed. With each passing year, the risk of system failures looms larger. It is important for the school district administration, School Committee, and other boards and committees to continue to engage in discussion regarding the future of Turkey Hill Elementary School.

All of these individual efforts and discussions regarding the future are designed to have a cumulative impact on student achievement and growth, and overall well-being in the post-COVID years and beyond. I wish to acknowledge and thank our staff for their professionalism and flexibility as we have continued to make adjustments in order to provide the best possible learning environment and experience for our students; our parents and families for their continued support and partnership; and the Lunenburg School Committee, Town Manager, and local boards and committees for their support of the schools. We remain focused on improving the ways in which we support our students academically, socially and emotionally in partnership with parents, extended families, and the greater community. Through this work we are on a journey together. Collectively we have been and will continue to make a difference for our students. I think Maya Angelou has captured our journey well when she said, "I have great respect for the past. If you don't know where you've come from, you don't know where you're going. I have respect for the past, but I'm a person of the moment. I'm here, and I do my best to be completely centered at the place I'm at, then I go forward to the next place."

Annually I conclude my report with the announcement of the Superintendent's Award recipient. The selection process is always difficult as we have many hard-working, high-performing, community service-oriented students. I am pleased to announce Cassandra Cohen as the recipient of the 2023 Superintendent's Award. Cassie's academic accomplishments include: Academic Excellence Award in Foreign Language, English, History, Mathematics, and Science. She is also a Smith Book Award recipient. Cassie has been a member of the Science Olympiad, Golf, and Indoor Track teams. She is a member of the World Hunger Task Force and has served as the Class Treasurer. She has also volunteered for the Lunenburg Food Pantry, served as a peer tutor, and works as an intern in our district's curriculum office. Since the 8th grade, Cassie has been an assistant teacher at the Joseph C. Foster Religious School. When asked for a quote that best describes her, she offered this Dolly Parton quote: "Find out who you are and do it on purpose."

Respectfully Submitted,

Kate Burnham, Ed.D.
Superintendent

School Facilities Department

The focus of school maintenance for FY22 was to continually support operating the schools, as well as preventative maintenance on heating and ventilation systems and energy conservation measures. The focus of repairs continues to be on Turkey Hill Elementary School with a major focus on ensuring the heating and ventilation system is fully operational.

COVID 19

The district continued its COVID-19 disinfecting protocols, preparing supplies for the teaching environment such as additional disinfectant spray bottles and microfiber wipers and changing cleaning protocols to add additional disinfection periods during and after the school day.

FIRE ALARM UPGRADES

The fire alarm system at the Primary School was replaced with a new AUTOCALL 4010 Fire Control Panel/Annunciator as well as all new devices i.e. smoke detectors.

PLUMBING UPGRADES

A new State Ultra Force Ultra High Efficiency Direct Fired water heater was installed at the Primary School replacing the original water heater.

SECURITY UPGRADES

Approval was given to replace the existing front door security access system at TC Passios. Currently waiting on control panels to arrive at the vendor's location.

A new camera was added to the front door lobby area at Turkey Hill Elementary.

ENVIRONMENTAL MONITORING

During our annual mechanical rooms inspections conducted through our insurance company. It was determined the three (3) school building's mechanical rooms were lacking carbon monoxide detection. Those will be remedied FY-2023.

CAPITAL PROGRAM

A new replacement 1 Ton Dump truck with a plow was approved and has been ordered. A new replacement campus commercial grade lawn mower was approved and has been ordered.

ATHLETIC GRASS FIELDS

The department continued to focus on maintaining a high level of care on the three grass athletic fields at the LMHS complex. After a rainy summer in 2021, our resources shifted to develop a treatment plan for drought conditions over the 2022 summer. Technical support was sought to keep playing surfaces at a respectable and safe level for our students.

Respectfully submitted,

Stephen Pusateri
Director of Buildings and Grounds

Lunenburg Public Schools Information Technology Department

The Lunenburg Public Schools Information Technology (IT) Department maintained a critical role in the expansion of the technology in our classrooms. The Department worked with staff and students to redefine what classroom instruction looks and feels like for our students.

The school year began with all students reporting back in session after the COVID restraints with each student having access to a device for daily instruction. Here is a summary of the district device model:

- Lunenburg Primary School – the building have enough iPads to assist with instruction and testing at the K-2 level
- Turkey Hill Elementary School – each classroom is equipped with Chromebook carts
- Lunenburg Middle High School – each student has access to a personal Chromebook, which they can bring home for their individual studies

In addition, Turkey Hill Elementary School purchased a Touchview interactive screen for every classroom. This equipment assists with the collaboration between teachers and students and has improved student participation.

Reliance on computers in the classroom and in the households was prevalent when students were burdening the network system. With the assistance from E-rate funding, the district purchased new equipment for the building server rooms, including routers, switches, wireless access points and licenses.

Besides expanding educational needs, the IT Department maintained the typical response to maintain the district's core technology services. Our team continues to learn and grow each year as we improve our infrastructure and explore innovations in education technology. The district is still working with a consultant to audit current practices, applications and models to measure any areas for growth, improvement and capacity.

Respectfully Submitted,

Michael Cassidy
Business Manager/HR Director

**Special Services Department
(data taken from 2021-2022 school year)**

From the March 1, 2022 report (SIMS Report 5-Enrollment Statistics – District Summary), there are 211 students with disabilities receiving special education or related services in Lunenburg (last year there were 251). This represents 13.2% of our total student population of 1,593 students (it was 15.9% last year). The state average from the 2021-22 Selected Populations Report (<https://profiles.doe.mass.edu/statereport/selectedpopulations.aspx>) is 19.4%. From the March 1, 2022 report (SIMS Report 7-SPED Enrollment Statistics – District Summary), the total number of students receiving services outside the district was 8 (last year was 12). Of the 8 students, 4 are placed in Collaborative Placements, 2 are in Day Placements and 2 are in Residential Placements. Our Advanced Community Experience Program (ACE), which serves students ages 18-22 years old, had 3 students enrolled last year. Additionally, from the March 1, 2022 report, 130 students identified with a disability received accommodations via 504 plans in Lunenburg (last year was 146).

For the 2022 school year, due to the COVID-19 pandemic, most districts and schools (including Lunenburg) did not receive an accountability determination in 2022. Participation rates in MCAS this year were as follows: High Needs = 99%, Low Income = 99%, EL and Former EL = 100%, and Students w/disabilities = 99%. This data can be found at the DESE website:

<http://profiles.doe.mass.edu/accountability/report/district.aspx?linkid=30&orgcode=01620000&orgtypecode=5&>
Other data collected throughout the year is also important to consider when looking at the whole Special Services Department. DESE requires us to collect data for certain Indicators they are targeting each year. For our Indicators, the following information is available below and also can be found at: http://profiles.doe.mass.edu/gis/sped_map.aspx?orgcode=01620000&

Indicator 1 – Graduation Rate. For the 2020-2021 school year, the state target for Students with IEPs was 76.33% (was 73.4% last year). Lunenburg's rate was 55.6% (was 86.7% last year) and the overall state rate was 80.4% (was 74.7% last year) for Students with IEPs.

Indicator 2 – Dropout Rate. For the 2020-2021 school year, the state target for Students with IEPs was 13.97% (was 1.7% last year). Lunenburg rate for Students with IEPs was 0.0% (it was “Suppressed*” last year) and the overall state rate was 10.4% (was 2.7% last year). *Special Education data are suppressed for enrollment counts fewer than 6.

Indicator 3C – Proficiency Rate for Students with IEPs on MCAS. 2020-21 was a benchmark year so there is no state target for the Proficiency Rate for Students with IEPs on MCAS in English/Language Arts and in Mathematics.

The 2021 district-level data on the performance of all students with IEPs on MCAS, including Next-Generation MCAS, Legacy MCAS and the MCAS-Alt, is available at:

- <http://profiles.doe.mass.edu/mcas/subgroups2.aspx?linkid=25&orgcode=01620000&fycode=2021&orgtypecode=5>
- http://profiles.doe.mass.edu/mcas/achievement_alt_level.aspx?linkid=116&orgcode=01620000&fycode=2021&orgtypecode=5

Indicator 4 – Suspension (more than 10 days)/Expulsion for Students with IEPs. For Lunenburg, our rate was 0.0% (last year it was 0.4%). The state rate was .4%. Additionally, Indicator 4B records significant discrepancies with the Suspension/Expulsion rates by race or ethnicity. In 2021, Lunenburg was not found to have any significant discrepancies due to these factors.

Indicator 5 - Educational Environments for Students Aged 6-21 with IEPs. For 2020-2021, the state's rates are as follows: for Full Inclusion of students = 66.2%, Partial Inclusion = 13.7%, Substantially Separate Placements = 13.5%, and for Separate Schools/Residential Facilities/Homebound/Hospitals = 6.5%. In Lunenburg, our percentages are as follows: Full Inclusion = 70.0%, Partial = 9.2%, Substantially Separate = 14.6% and Separate schools, Residential, etc = 6.3%.

Indicator 6 – Educational Environments for Students Aged 3-5 with IEPs. The 2020-2021 state rates showed the percent of students receiving a majority of their special education and related services in a Full Inclusion early childhood program was 52.3%, in a Partial Inclusion Program was 16.1%, a Substantially Separate Placement (special education class, separate school, or residential facility) was 19.4%, and students not attending an early childhood program but receiving only a related service (e.g. speech, OT, PT) was 12.0%. In Lunenburg, our early childhood Full Inclusion rate was 20.8%, our Partial Inclusion rate was 20.8%, Substantially Separate rate was 37.5%, and Related Services was 20.8%.

Indicator 7 – Early Childhood Outcomes. Districts participate in Indicator 7 data collection as part of a 4 year cycle in which they report exit data on children for whom they have collected entry level data; exit may occur at any time during the subsequent three year period as the children leave the preschool program. Lunenburg’s 2020-2021 cohort reporting year results are suppressed for districts reporting 10 or fewer students.

Indicator 8 – Parent Involvement. This indicator measures the % of parents with a child receiving special education who report that school facilitated parent involvement as a means of improving services and results for students with IEPs. For 2020-2021 the state target was 89%. Lunenburg’s rate was 57.1% and the state’s rate was 60.1% (from information collected in the Spring of 2019).

Indicator 9 & 10 - Both of these Indicators deal with Disproportionality in Special Education and in Special Education Categories. In Lunenburg, the state determined that there was no disproportionality found in either case.

Indicator 11 – Initial Evaluation Timelines. This indicator measures the % of children with parental consent to evaluate, who were evaluated within the State established timeline (2017-2018). Data is reported for all initial evaluations initiated in October, November, and December of the reporting year. Lunenburg was rated 90% in compliance and the state average for this Indicator was 100%.

Indicator 12 – Early Childhood Transition. This indicator measures the % of children referred by Part C, found eligible for special education services, and who have an IEP developed and implemented by their third birthdays. The state target for this indicator is 100% and Lunenburg is noted as “Suppressed” (last school year reviewed was 2017-18). Data is suppressed if the number of students referred by Part C and found eligible for special education services is fewer than 10.

Indicator 13 – Secondary Transition. In all years, the state target for Secondary Transition is 100%. This indicator measures the % of youth with IEPs aged 16 and above with an IEP that includes appropriate measurable postsecondary goals that are annually updated and based upon an age appropriate transition assessment, transition services, including courses of study, that will reasonably enable the student to meet those postsecondary goals, and annual IEP goals related to the student's transition services needs. Lunenburg was last reviewed in this area in 2017-2018 and was 83.3% in compliance.

Indicator 14 – Post-School Outcomes for Students with IEPs. This indicator measures the % of students with IEPs who exited high school during the 2019-2020 school year and self-reported post-school engagement in education or employment one year after leaving high school. Engagement is defined through three measurements:

- Measurement A: Enrolled in higher education within one year of leaving high school.
- Measurement B: Enrolled in higher education or competitively employed within one year of leaving high school.
- Measurement C: Enrolled in higher education, or in some other postsecondary education or training program; or competitively employed, or in some other employment within one year of leaving high school.

Measurements are cumulative with Measurement C reflecting the total number of exiters engaged in a post-secondary activity one year after leaving high school. For the 2020-2021 school year, state targets for the three measurements of Post-School Outcomes are Measurement A: 40.0%; Measurement B: 73.0%; and Measurement C: 79.0%. Lunenburg rates are as follows (from reporting year 2020-2021): Measurement A = 50%, Measurement B = 75%, and Measurement C = 75%.

The Parent Advisory Council Supporting All Learners (PACSAL) continues to be an active support group for parents, teachers and administration. All parents and community members can join the group, which currently consists of parents of students receiving Title I services and parents of students with disabilities. Meetings are currently being held quarterly, 6pm, via Zoom. The executive board is made up of a Chairperson: Nichole Camelo.

For more information, go to: <https://sites.google.com/a/lunenburgschools.net/lps/departments/special-services/pacsal?authuser=0> In addition to the district PACSAL, Lunenburg also participates in a Regional SEPAC group. Information from this group is on Facebook at “Regional SEPAC – Central MA”

The Lunenburg Public Schools continues to provide a variety of special needs services to meet the varying needs of our students in the least restrictive environment. We have an experienced, hard working staff that works together with parents to provide these varied services. Our parents are equal partners in our efforts to develop challenging and focused educational programs for children. We remain committed to the Lunenburg Public Schools mission, “The mission of the Lunenburg Public Schools is to provide all students with the skills, confidence, and passion for life-long learning so that they may find their own paths to successful careers, active citizenship, and rewarding lives.” This mission, we feel, was even able to be upheld during, and following, the pandemic. Special education services were still able to be delivered to students and all DESE recommendations and protocols were put into place and followed in order to meet the needs of IEPs as best as possible.

In addition, the Special Services Office also created a specific parent centered page called “Information for Families” that works to help keep parents as updated as possible on all the current pandemic concerns related to students with disabilities:

<https://sites.google.com/a/lunenburgschools.net/lps/departments-directory/special-services/covid-19-information?authuser=0>

We are proud of our staff, students, and families and their resiliency during this time and how they continue to work together under very stressful times.

For additional information, please visit our website at: <https://sites.google.com/a/lunenburgschools.net/lps/departments-directory/special-services>, or contact Julianna Hanscom, Director of Special Services, Special Services Office, 1025 Massachusetts Ave, (978) 582-4100, ext. 5223.

Respectfully Submitted, Julianna Hanscom
Director of Special Services

Teaching & Learning Models and PD Update

Lunenburg Public Schools returned to a full learning model for the 2021-2022 school year. Students are invested in learning, and teachers are working diligently to evaluate student progress, identify learning gaps, make adjustments to practice, and provide scaffolds accordingly. We have implemented structured common planning time for teachers in grade level content areas so that teachers may unpack and plan for units of study, align to standards, and look at data and student work. Our district literacy specialist and our math instructional specialist meet with teachers during common planning time to support curriculum development and help foster student growth. High school department heads structure department meeting time to facilitate the necessary curriculum work needed to move each department forward and improve learning for students.

Students in grades K-8 completed the fall and winter iReady diagnostic assessment in both reading and math, and teachers are participating in data cycles to analyze data, plan for targeted support, and adjust instruction. Personalized learning platforms through iReady provide differentiated instruction, systematic practice, and scaffolded feedback in both reading and math.

The Lunenburg Public School District is participating in the Multi-Tiered Systems of Support (MTSS) Literacy Academy and Social Emotional Learning Academy through the Department of Elementary and Secondary Education (DESE). The Literacy Academy provides coaching sessions and technical assistance in specific grade levels for literacy, including a focus on understanding the science of reading and standards-based lesson planning. Both Academies assist our district with creating multi-tiered systems of support with a focus on tier I, II, and III in academics and social emotional learning and behavioral health.

A K-5 math council including grade level teachers, special services teachers, EL teachers, and administrators, has been working with DESE’s Evaluating and Selecting High-Quality Materials Network to review and select a core math curriculum. We are planning to begin a field test and pilot of several programs beginning in February and make a final decision regarding purchase this spring.

Math teachers in grades K-5 have been working with a math consultant and have garnered new strategies for mathematical discourse routines. Twenty staff members from throughout the district, including guidance counselors, social workers, and teachers were trained and have been implementing the Trails to Wellness curriculum, which is an evidence based social emotional wellness program rooted in cognitive behavioral ideology.

Our Professional Development Committee continues to check-in with the district to evaluate needs and prepare for upcoming professional learning including future book studies and workshops. Our administrative team and our curriculum leaders are working with a consultant on workshops pertaining to diversity, equity, and inclusion and plan to proceed with this work to include the entire district staff. The team is also participating in a book study based on the book *Caste*, by Isabel Wilkerson, which takes a close look at social constructs in the United States. Our team is studying these constructs in connection with our school system and identifying ways we can improve student inclusion and experiences in Lunenburg.

We are pleased to have introduced a new After School Program at the Lunenburg Primary School, Turkey Hill Elementary School, Lunenburg Middle School and Lunenburg High School. The program for grades 1-5 provides targeted support in literacy and math in addition to a Friday enrichment day. The program for grades 6-12 provides academic support for students’ current classes in addition to support with executive functioning skills. Our first session will be running for seven weeks followed by a second session for an additional ten weeks.

We look forward to a year of continued learning, growing, and belonging in our district!

Respectfully, Annica Scott

The Massachusetts legislature has provided funding to make meals available at no cost to all students during school year 2022-2023, regardless of household income, ensuring all students have access to the nutrition they need during the school day. Unfortunately, the waiver allowing school food service programs to serve non-congregate meals ended forcing districts to provide seat time for served meals. As a result, Lunenburg school food service had to stop serving grab and go lunches on early release days. In an effort to ensure students continue to benefit from school meals on early release days, we will enhance our breakfast options on these days. Our program like many others in United States continues to struggle with the supply chain breakdown and price increases.

Lunenburg School Lunch Program is participating in Harvest of the Month again this year. Massachusetts Harvest of the Month program promotes a different Massachusetts-produced food each month in cafeterias and meal sites across the state. Harvest of the Month has provided our program the opportunity to celebrate local foods, experiment with new recipes and lead the way in making farm-fresh foods available to students and staff all while supporting local farmers.

We welcome some new employees to our team; John Sharp, Jewel Healy and Allison Clark.

Respectfully Submitted,

Nadine Lorenzen

Food Service Director

LUNENBURG PRIMARY SCHOOL

The Lunenburg Primary School is a student focused, early childhood, learning community serving students enrolled in preschool through grade 2. Student ages range from three to eight years of age. Our community is composed of students, families, instructional and support staff. Our focus is on the academic, social emotional growth, and development of the whole child.

The October 1, 2023 student enrollment reported to the Department of Elementary and Secondary Education was 387 students. With 44 preschool students, 106 kindergarten students, 125 first grade students and 112 second grade students. Class sizes range in 5 kindergarten classes from 19-23 students, from 18-22 students in six grade one classes, and from 20-23 in five grade two classes.

Our professional development has centered on implementing two new evidenced based curriculums in math and literacy from HMH. Into Reading and Into Math. Common Planning Time continues to be a priority for our building schedule and the re-allocation of existing support staff to address student needs based on student performance data. We have been able to access consultants as well district curriculum coordinators so that teachers have an opportunity as a whole grade level to develop and provide evidence based instruction, common learning experiences, student data analysis and share effective teaching strategies to support student academic growth.

Our staff works to maintain a school culture, which is positive, inclusive, and supportive. We continue to implement the Responsive Classroom model in all of our classrooms. Positive Behavioral Interventions and Supports (PBIS) is an evidence-based three-tiered framework for improving and integrating all of the data, systems, and practices affecting student outcomes every day. We continue to use Trails to Wellness, which is a whole-school/district-wide approach to teaching social emotional learning. It is designed to help students recognize, understand, describe, communicate and regulate their emotions and provide them with the tools they need to create and maintain positive social interaction with their peers.

The Primary School is a Title One school and we have continued our tiered instructional system to ensure that all students have the services they need to be successful. Common assessments are completed in the fall, winter, and spring for all children in grades K-2 in the areas of reading, writing, and math. These common assessments serve to monitor the effectiveness of teacher instruction and the progress of students. Struggling students are identified based on assessment data for access to our current Multi-Tiered Support System (MTSS) in Reading, Math, Speech, Occupational and Physical Therapy. The MTSS model is also used to provide social emotional support for students that are referred to our building Behavioral Health Support Team.

The Primary School Council meets each month to discuss school related concerns. Serving as an advisory group to the principal, the council is charged with reviewing the school building budget and developing the school improvement plan.

Members of the Council for the 2022-2023 school year are:

Principal:	Chad Adams
Assistant Principal:	Gina Kutarnia
Teachers:	Kirsten Snape, Kara Slattery, Serene Pease, Melanie Roy, Tara Bastien
Parents:	Meaghan Arnold, Shaunna Baril, Ashley Steele
School Committee Rep:	Laura Kelly

We are truly grateful for the opportunity to work with our highly dedicated district wide colleagues and a caring community in order to provide the best possible educational opportunities for our youngest students.

For more information about the work that we do at the Lunenburg Primary School please visit our website: <https://sites.google.com/a/lunenburgschools.net/primary/>

Respectfully submitted,

Chad Adams, Principal

[illegible]

Turkey Hill Elementary School

It has been a remarkable year of recovery and growth for our school community. A full two years after the COVID epidemic so profoundly affected all of our personal and professional lives; we finally had the luxury to implement “normal” protocols again in our classrooms. The masks became voluntary, social distancing officially ended, Plexiglas shields were stored away, and children were allowed to work and play with their peers without restrictions. In March, we unrolled our classroom carpets, grouped desks together for collaborative learning, and many other restrictions were eliminated. We invited parents back into our building with both a Memorial Day celebration in May and moving up ceremony for fifth graders in June. All students enjoyed exciting new experiences on field trips: 3rd graders to the Ecotarium, 4th graders to Leominster State Forest, and 5th graders to Polar Park in Worcester for a WooSox game. It was wonderful to operate as a fully functioning, fully present elementary school again.

In the fall of 2022 Turkey Hill Elementary School had 358 enrolled students. There are five sections of grade 3 and grade 5, with a total of 111 students and 105 students respectively. There are six sections of grades 4 with 142 students. We employ 27 teachers, 100% of whom are licensed in their assignment area. Our special areas include physical education, art, music, library, STEM, and social emotional learning. We are also served by a full time assistant principal, two full time nurses, a psychologist, BCBA, a full time adjustment counselor/social worker and a guidance counselor. Other support personnel who work across the district include a literacy specialist/Title 1 coordinator, a math specialist, the Director of Teaching and Learning, two EL teachers, a speech and language pathologist, OT, and PT. We continue to benefit from the services of an interventionist and two supporting tutors. They work under the direction of our literacy specialist and provide targeted support for small groups of students. Our talented front office administrative assistant, Ms. McAllister, effectively keeps all of us organized, ensuring that students’ after school and dismissal plans are conveyed to teachers, welcoming new families and helping them through registration, and keeping administrators on track each day.

Staff rededicated themselves to our mission of providing all students with the skills, confidence and passion for lifelong learning, and students focused to develop their skills in literacy and math, social studies and science, as well as the special area subjects. Beyond that, our school enjoyed several enriching events.

In January, May and September, all students participated in the iReady reading and math benchmark assessments, and we celebrated students’ academic growth and effort. We continue to address the negative impact of remote learning, and data provided by these assessments helps refine our focus for interventions.

In March and April, THES and Primary School staff collaborated under the guidance of curriculum director Annica Scott and literacy coach/Title 1 coordinator Deidre Mclean to review, trial and finally select research based, standards aligned curriculum for both math and science.

They chose Houghton Mifflin Harcourt’s Into Reading and Into Math, and over the summer many teachers started to familiarize themselves with the expansive elements of the programs.

Our annual spelling bee was held in February, and Miss Chloe McKenna withstood the challenges of unfamiliar words and several fierce competitors to prevail as our school spelling champion.

In March, 4th grade parents and students were introduced to a new iteration of Nature’s Classroom by Mrs. Rhonda Connery, in preparation for a fall week at Grotonwood. Every 5th student except a few away on vacation participated in the Nature’s Classroom during the last week of September, with the additional option of attending only the day program or staying overnight. There were some tears shed on the Monday bus ride to Groton waving good-bye to parents and a few more tears fell on the Friday bus ride home, departing from their camp counselors, as new bonds of friendship were formed. It was a successful week with good weather, community building, and the creation of fond memories of a unique time together, thanks to the combined efforts of our entire fifth grade staff.

We held a fully in-person open house in early September (the first in three years). It was a well-attended event and for many parents their first opportunity to be physically present in our building. It was accompanied by a book fair facilitated by our new librarian, Mrs. Mack. Parent conferences in October offered both in person and virtual options and appointments were fully booked within a few days.

Other highlights from the fall season included the Girls on The Run program, a research based program designed to help girls understand themselves better, value their relationships and teamwork, and recognize how they can shape the world to be a better place! Over 30 girls participated, with the assistance of many parent and high school volunteers, headed by Coach Nichole Camelo.

We held our annual Penny Wars fundraiser to help purchase exciting new technology for our classrooms. As always, our PTO parents and volunteers assisted in the weeklong collection, headed by parent Alex Lind; we could not be successful without their efforts .

All sixteen homerooms as well as our five special education rooms were outfitted with TouchView Panels. These 65 inch interactive displays allow teachers to create and demonstrate any content to the class from their computers

Text is easier to read. Students can manipulate the on-screen content as a team and problem solve. These have become essential tools for the classrooms displaying the new literacy and math curricula digital content.

We were able to bring back a fifth grade band and chorus program under the direction of our new music teacher, Mrs. Alice Daugherty. The chorus delighted our veteran guests at the Veteran's Day ceremony with their performance of an Armed Forces medley of the United States. There were 39 veteran guests, relatives of our students, who honored us with their presence on November 10th.

Our assistant principal, Mr. John Palumbo, has led the staff in the effective implementation of both PBIS and restorative justice at Turkey Hill. Positive Behavioral Intervention Supports (PBIS) involves using evidence-based prevention and intervention practices to support academic, social, emotional and behavioral competence of all students. THES has teamed with the Primary School to provide similar protocols and language about behavior expectations across all school areas, which are modeled and agreed upon with visual reminders throughout the school.

Restorative justice focuses on mediation and agreement rather than punishment. It's about accepting responsibility for harm and making restitution. Our focus has shifted from a penalty to "how can we make it right?" Students have been remarkably engaged in offering apologies, cleaning up, and making appropriate amends. Staff also use incentive programs for struggling students to help manage challenging behaviors and develop their self-confidence and self-esteem.

From September to December, 2021 there were 83 discipline referrals and 7 suspensions. From September to December, 2022 there were 53 discipline referrals and 4 suspensions. We attribute this impressive 36% decrease in referrals to the efforts of the staff to implement PBIS over the last two years. We have also noticed fewer repeat offenders as restorative justice is teaching students about accepting responsibility for their behavior.

Our school's success relies upon the combined and collaborative efforts of our wonderful staff, parents, and community members. We continue to seek out opportunities to engage and effectively communicate with our families. Turkey Hill may be a well-worn building, constructed in 1969, but it is also a well-loved and cared for community of students supported by parents, staff, and Lunenburg residents. I am honored to serve as principal.

Lunenburg Middle School

Lunenburg Middle School provides a rigorous academic curriculum as well as strong programs that support students' social and emotional growth. These programs ensure that each child becomes a self-motivated, creative, lifelong learner in a safe, stimulating environment that encourages diversity and open honest communication. The dedicated and accomplished staff of professionals within the school embraces the philosophy of educating the whole child academically, socially, and emotionally. This philosophy is a means by which all students become positive community members that possess the skills to be successful in high school and beyond.

Lunenburg Middle School is in its sixth year as a co-located middle - high school serving grades six through eight. Effective, student centered middle schools embrace interdisciplinary teams of teachers that enable teachers to work with smaller groups of students. Smaller groups of students allow teachers to learn and engage students in their preferred learning style, making them more confident and successful.

Our effective middle school model is student centered and provides opportunities to explore a variety of different interests and talents through special areas and enrichment classes and extracurricular activities. One of our goals is for students to discover something they are passionate about and want to continue exploring as they move through high school and beyond. We will continue to seek out opportunities for students that foster critical thinking and problem solving skills that prepare them for high school and beyond or where their passion may lead them.

August 2022

With the return to a sense of normalcy at the beginning of the school year, we are fortunate to not have any mandated health or safety protocols associated with the global pandemic. We have identified that a large number of students suffered some type of "learning loss" during the course of the pandemic. This means students may not be functioning at grade level in the areas of ELA and Math.

In order to combat this learning loss, LMS is utilizing the iReady learning platform to provide an additional learning component in addition to classroom instruction. iReady is being implemented during our intervention blocks and provides teachers with individualized learning paths based upon the students individual learning needs. Parents will be provided fall, winter and spring benchmark assessments created by iReady so they too can monitor student progress.

Lunenburg Middle School has benefited from a top-notch guidance support team that we have had in place since 2021. Two guidance counselors, a school social worker coupled with our shared school psychologist has been able to provide a level of social emotional support to our students and their families that we have not been accustomed to. Data supports the need for these positions as during the pandemic, the number of student's experiencing anxiety and depression has significantly increased nationwide and in our own community. Our guidance team has been able to meet the needs of our students while preparing them to be available for academic learning.

Our grade eight team of teachers continue to implement a schedule that mirrors the high school schedule. Our philosophy is to ease the difficult transition from middle school to the first year of high school by developing student's independent skills they will require to be successful in high school. Grade eight teachers function as one inclusive team where students take classes with a variety of different teachers as they would in a high school setting. This differs from our two interdisciplinary team of teachers that have been a successful model in grades six and seven.

Spring MCAS Score

	% Meeting or Exceeding	% State Expectations
Grade 6 ELA	42	41
Grade 6 Math	53	42
Grade 7 ELA	49	41
Grade 7 Math	43	37
Grade 8 ELA	40	42
Grade 8 Math	46	39
Grade 8 Sci/Tech/Eng	64	42

2022 Spring MCAS testing at LMS show the percentage of students who scored in the “meeting or Exceeding” category and then the column next to it shows our scores in comparison with the state scores in schools who service similar grade levels. As you can see, even with the effects of the pandemic, LMS scores are above the state percentage in six out of the seven areas tested. In grade 8 Science Technology and Engineering our scores are over 20 points higher than the state average, an impressive number. We look forward to what 2023 scores will indicate after the specific interventions we have put in place for students to be successful.

Athletics and clubs

LMS successfully participated in middle school Field Hockey and Boys and Girls Cross Country and this winter we will continue with middle school basketball after many years of it being eliminated. The opportunities middle school sports provides to students to participate, learn and become part of an effective team atmosphere is immeasurable. Science Olympiad, Drama Club, Yearbook Club and middle school Student Government return as favorite activities for students to engage in. Student Government continues to provide opportunities for students to engage in age appropriate extracurricular activities like dances, spirit weeks and movie nights.

Lunenburg Middle School continues to provide high quality educational services and supports that ensure student success and promote a passion for lifelong learning. The key components to our success continue to be our talented faculty committed to making a positive impact on students, our parents and community who support our teaching and learning, and most of all, our students who inspire us through their commitment to learning. Together we continue to make the difference in the lives of students.

Respectfully Submitted,

Tim Santry, Principal

Lunenburg High School

Lunenburg High School and its faculty continue to focus on rigorous curriculum, high standards and opportunities for students, both academic and extracurricular, so that every student feels supported and included in our community. LHS faculty strives to reflect on their teaching practices, to learn and to change in order to best serve all of our students.

2022-2023 School year

In August of 2022, Lunenburg High School was able to return to school without health and safety protocols due to the pandemic for the first time in two and a half years. Our entire school community did an outstanding job of educating students through the pandemic, our efforts now focus on identifying students who were struggling and providing educational services that would help them succeed in their high school careers and beyond.

One of the components of that support was the addition of a LHS Intervention Teacher. This teaching position was created in order to provide direct instruction to students who were identified by their teachers as needing additional support to be successful in the classroom. Students report to the Interventionist during their study skills block and receive assistance to the specific class or classes they are struggling in. The initial data collected as to the effectiveness of this position and the direct impact on students classroom grades and learning are remarkable.

LHS also adopted an additional Algebra Essentials II class that was developed to ensure specific students were able to access the curriculum and state standards. Creating this additional class benefited all students, as it was able to reduce class sizes in Algebra II and allow teachers to provide more personalized, individualized instruction while working with smaller groups of students in a traditionally academically demanding course.

The addition to the faculty and courses at Lunenburg High School have allowed students a more varied options for course selection, provided individualized and programmatic support and structure for students to be successful. LHS looks forward to reporting out on the difference in student learning these positions have made.

MCAS RESULTS

Lunenburg High School - Spring 2022 MCAS Results (Grade 10)

Subject Test	Exceeding Expectations / Meeting Expectations	State Average (EE/ME)
ELA	68%	58%
Math	63%	50%

The results indicate the LHS percentage scores for meeting and exceeding expectations are high, over 10 percentage points higher than the state average when compared to schools who serve students in similar grade levels.

We were also very pleased to learn that 29 students at Lunenburg High School received the state's John and Abigail Adams Scholarship this year. The scholarship is available to students whose MCAS performance puts them at the top 25 percent of their district. To be eligible, students must either score Advanced on one exam and Proficient on the other, or Advanced on both the English and Math exams.

HOMECOMING, ATHLETICS AND EXTRACURRICULAR ACTIVITIES

Homecoming weekend was a wonderful event with beautiful weather and well attended by students, families and alumni. The parade was a huge success with the collection of candy the biggest hit with the children in town. Many community members noticed the care and time that were placed into the floats at each grade level. The Blue Knights played well and were victorious in the football game and we always enjoy watching the LMS Marching Band perform.

Lunenburg High School Athletic Accomplishments

LHS had a fantastic fall athletic season. Each one of our varsity teams made the MIAA state tournament. What was even more impressive than our team's records was the overall growth that was witnessed in each player and team respectively.

Lunenburg Middle High School athletic department offers 11 teams that compete in the fall athletic season. 48% of high school students participated in at least one of those 11 offerings. Our two middle school specific programs held roster sizes of 30 and 34, which was also great to see as we build those programs back for students.

HIGHLIGHTS

Girls Cross Country: State 3B Champions; Mid Wach D champions; Qualified for Meet of Champions

Boys Cross Country: Qualified for Meet of Champions

Football: Mid Wach D Co-Champions; MIAA state playoffs round of 16; Dylan Adamson, T&G Superteam selection

Girls Soccer: MIAA state playoffs round of 16

Boys Soccer: MIAA state playoffs round of 32

Field Hockey: MIAA state playoffs round of 8; Mid Wach C league champions; Bethie Boone- League MVP and T&G superteam member.

CURRICULUM

Teachers and administrators continue to refine, revise and create curriculum that is aligned to the state frameworks and is rigorous and challenging. This year's focus is to work in vertical content area teams to ensure a smooth transition for students as they advance grade by grade. This process also ensures that students will have and build upon the educational skills that they will need to be successful in future grades. Scope and sequence maps have been created in order to assist in this grade level curriculum mapping.

Lunenburg High School continues to provide a high quality education that ensures student success and promotes a passion for lifelong learning. The key components to our success continue to be our talented faculty, our parents and our community members who support our teaching and learning. Most of all, our students who inspire us through their commitment to learning. Together we continue to make the difference in the lives of students.

Respectfully Submitted,

Tim Santry, Principal

MONTACHUSETT REGIONAL VOCATIONAL
TECHNICAL SCHOOL DISTRICT

2022 ANNUAL REPORT

1050 Westminster Street
Fitchburg, MA 01420

www.montytech.net

Letter *from* Leadership

The 2021-2022 school year was my eighth year serving as School Principal at Monty Tech, and I am honored that it concluded with my appointment to a new role – that of Superintendent-Director. Having been part of this remarkable educational community, developing a deep understanding of initiatives – both large and small – that are an integral part of our educational programs, and working with and learning from our outstanding faculty, staff and administrative team, has allowed for a successful transition into this new position. I could not be more grateful for the encouraging and kind remarks I continue to receive from students and parents, faculty and staff, and the regional business community, whose support means so much to the Monty Tech family.

With the effects of the pandemic still being felt, students and staff were encouraged to maintain health and safety standards learned in the previous year, but to also return to a new “normal.” Daily in-person instruction, off-campus construction projects, and Skills competitions returned. While the pandemic certainly brought questions, fears, and insecurities to the surface for many, it also provided instructional staff with opportunities to collaborate and develop new skills in infusing technology into daily lessons. Monty Tech instructors worked tirelessly, with a new appreciation for instructional technology, to embed some of “what worked” into their daily, class instruction. Collecting assignments via Google Classrooms, conducting quick learning assessments via apps like Quizizz or Kahoot, and assigning group learning projects using Google Slides and Docs, teachers resulted in a heightened level of student engagement.

The regional workforce also seemed to find its footing in FY22, welcoming approximately 200 students into local shops and businesses to work and learn alongside industry professionals, through the school’s long-standing co-op program. Another remarkable example of school-to-business collaboration was demonstrated when eight businesses submitted letters of support to Commonwealth Corporation on the school’s behalf. Attesting to their belief in Monty Tech training programs, agreeing to interview program completers, and even highlighting Monty Tech graduates currently on staff, these letters were instrumental in the acquisition of a \$600,000 grant award, which would provide no-cost training for young adults throughout our area. Monty Tech understands the value of a vocation, and through the Career Technical Initiative, we have been able to extend training opportunities beyond the school day, helping a wide range of adults train for those high wage, high skills jobs that remained unfilled when the pandemic subsided.

As the value of a vocational education becomes more evident, we have seen applications to attend Monty Tech on the rise. While we understand that frustration that can come with not being admitted to a school of your choosing, we are challenging ourselves to work with local school leaders to establish practices and programs that will ensure as many students as possible are admitted from each sending community, and that all students who are interested in the school have an opportunity to visit and tour our campus. Undoubtedly, a highlight of the 2021-2022 school year was seeing all eighth grade students from Fitchburg Public Schools join our tour day event. I look forward to further discussions and collaborations with area school leaders, so that we may establish innovative training programs that will serve those who want a vocational experience, but have not yet attended Monty Tech.

I remain humbled and honored to lead such an outstanding organization, and thank you for your continued support.

Respectfully submitted,

Thomas R. Browne, Superintendent-Director

Our School Community

Montachusett Regional Vocational Technical School is a four-year career and technical high school serving the member towns of:

Ashburnham	Ashby	Barre
Athol	Fitchburg	Gardner
Harvard	Holden	Hubbardston
Lunenburg	Petersham	Phillipston
Princeton	Royalston	Sterling
Templeton	Westminster	Winchendon

On June 1, 2022, student enrollment at Monty Tech included 1,379 students in grades nine through twelve, representing each of the district's eighteen sending communities. This total was slightly lower than traditional school years. However, as with most school districts, the impact of COVID did have an adverse effect on overall enrollment. Each class of students is comprised of a relatively equal balance of male vs. female students, and each student attending Monty Tech has elected to do so, prepared to explore an interest in one of the school's twenty-one rigorous vocational-technical programs. While the school currently offers only five programs non-traditional for male students, and twelve programs non-traditional for female students, we are proud to have a student population that is well-balanced by gender and a variety of academic interests and achievements.

Financial Report

In an effort to develop a cost-effective budget for the fiscal year 2021-2022, a great deal of effort was put forth by the School Committee, administration, and staff. The final fiscal year 2021-2022 Educational Plan totaled \$28,605,425 which represents a 0.73% decrease over the 2020-2021 Educational Plan. The District's FY22 budget only exceeds the minimum spending required by Massachusetts General Law Chapter 70 by \$203,320 or 0.78%.

To supplement the local budget, school officials pursue grant funding to provide valuable educational and social services to the diverse student population. For fiscal year 2022, state and federal grant sources provided the school with \$2,927,860. Programs funded by these grants include: Elementary and Secondary Schools Emergency Relief Funds, Improving Teacher Quality, Special Education Services and Program Improvement, Title I Support, Perkins Occupational Education, Vocational Capital Equipment Initiatives, Life Sciences, Student Support and Academic Enrichment and Marine Corp Junior Reserve Officer Training.

The District is participating in an annual financial audit, conducted by the accounting firm of Melanson, Heath and Co. from Greenfield, Massachusetts. School officials anticipate a good report.

Expenses for the 2021-2022 school year include:

FY 22 Expenses by Category

Attending *Monty* Tech

As vocational schools across the Commonwealth grow in popularity, and the value of vocational training becomes more evident, we have seen a steady increase in the number of students applying for admission to Monty Tech.

With seats available limited only by our building capacity, and a deep understanding of the increasing demand, school leaders continue to work with area school and business leaders to develop and expand programs to address this concern. Whether these new programs are offered in the evening through the School of Continuing Education, or even during the traditional school day, our goal is to expand access so that students who hope to enter the workforce may do so with a set of valuable skills and industry-recognized credentials that will make them more employable, and better equipped to grow and learn in the occupation of their choosing.

While Monty Tech continues to ensure that students are job ready immediately after graduation, not all students who graduate from Monty Tech choose to enter the workforce upon completion. In fact, several of the school's vocational training programs prepare students for advanced education and training in high-wage, high-skill careers in engineering, allied health, business, education and computer sciences that demand a bachelor's and even master's degree. As such, it is imperative that the school also prepare those students for college level coursework.

Students who attend Monty Tech must successfully complete all of the same academic requirements that students in comprehensive high schools complete, but at Monty Tech, students are only in academic classes every other week. Many students may find adjusting to this week on – week off schedule challenging, but it is this same schedule that provides Monty Tech students with time to explore and learn in a chosen vocational program at a deeper level. Whether running the school's on-site, full-service restaurant, operating the School Store, building a home for Habitat for Humanity, or performing community services across our sending communities, Monty Tech students are developing technical skills, while also learning critical time management and study skills. We are confident that whether our graduates choose to pursue college or career pathways, they are prepared for what lies ahead.

CLASS OF 2022 POST GRADUATE PLANS

During the spring of 2022, 10th grade students took the Next Generation MCAS examination in English Language Arts, Mathematics, and Biology. In addition, select 9th graders also sat for the Next Generation MCAS Biology exam. Students performed well across all subject areas, with a passing rate of 100% in English Language Arts, 97% in Mathematics, and 97% in Biology.

While Monty Tech is certainly known for its strong vocational training programs, its academic programs continue to evolve to prepare graduates for diverse and challenging college and career pathways, and are widely known to effectively prepare students at all levels to reach their goals. A focus in recent years has been the incorporation of new and updated materials and coursework to expand STEM opportunities for students. In FY22, Monty Tech applied for a Massachusetts Life Science Center grant, developed in collaboration with our post-secondary partners at Fitchburg State University. Using the \$110,000 award, Monty Tech instructors will work collaboratively to align course expectations with FSU's Anatomy & Physiology class, laying a foundation for a first-ever articulation agreement with FSU.

Instructors look forward to participating in curriculum development activities at the University, and will attend related, immersive professional development programs to build capacity and collect/share valuable expertise from colleagues. Additionally, when the proposed agreement (Dual Enrollment or Articulation) is finalized, students who successfully complete the course will earn 4 college credits, saving them time and as much as \$1,900 as they consider pursuing STEM college pathways.

Monty Tech students also benefitted from the establishment of another new science course in FY22, Microbiology. Instructors developed the new curriculum and travelled to Texas to participate in the National Science Teaching Association Annual Conference, while school officials renovated a science lab to replicate a biomedical facility. All new course materials, equipment and technology was purchased and the addition of a valuable STEM opportunity has been a welcome addition to an already rigorous science program.

In May of 2022, 120 students participated in AP Exams. Those 120 students took 162 AP Exams collectively. An impressive 82 of the 120 students were eligible to receive college credit for qualifying scores of 3+. That is a 68.33% pass rate, which is higher than the global average and a significant increase from the previous school year.

Additionally, to support the expansion of AP course offerings, three instructors completed the training to teach AP Seminar during the summer of 2022. AP Seminar is now offered as a co-taught elective course for juniors. As an extension of AP Seminar, instructors will be trained to teach AP Research during the summer of 2023. Together, AP Seminar and AP Capstone will allow MT students to qualify for the AP Capstone designation upon graduation. Students who earn the AP Capstone designation are highly qualified for college success, and thus, more likely to gain admission into competitive colleges and universities.

	2018	2019	2020	2021	2022
Total AP Students	95	113	106	142	120
Number of Exams	134	148	146	189	162
AP Students with Scores 3+	46	69	75	61	82
% of Total AP Students with Scores 3+	48.42%	61.06%	70.75%	42.96%	68.33%

Vocational Training

While students and staff at Monty Tech have always known the value of a vocational education, it may have taken a pandemic and the return to in-person learning in 2022 to be reminded of the significance and benefit of hands-on learning.

Students and staff across the twenty-one different vocational-technical education programs gladly returned to the important work of building homes, reconstructing damaged properties, repairing service vehicles, making walkways more accessible, and performing countless community services. The school restaurant reopened, and cosmetology students once again demonstrated their talents on live clientele. The 2021-2022 school year was a busy one for our vocational educators, as each trade aimed to provide practical, hands-on learning experiences for our students, while helping to improve each of the eighteen member communities.

Advanced Manufacturing: Advanced Manufacturing aligns the revised frameworks with local workforce needs, job titles and qualifications, and assists in a better job placement for qualified students and program graduates. Six Junior students completed the NC3 PMI 6 Certification, and now have 6 stackable credentials in Precision Measuring Instruments. All 16 sophomores passed MACWIC level 1, while all Freshman students successfully completed safety training, earning an OSHA 10-hour general industry certification. Students and instructors completed many projects for the community which includes the New England Mountain Bike Association, and the Town of Barre. Six Seniors and five Juniors earned co-op placements, working and learning in area machine shops. (Total student enrollment: 51)

Auto Body Collision Repair Technology: Monty Tech Auto Body students earned valuable industry credentials in the 2021-2022 School year. Students earned the OSHA 10-hour general industry card, EPA 6H spray certification, I-Car Pro Level One in Refinishing, and I-Car Pro Level One in Non-Structural Repair. Three Seniors and three Juniors earned co-op placements, and were reported to be valuable contributors in local repairs shops in the area. Two Seniors won medals at SkillsUSA, a bronze medal and a gold medal for

refinishing, with the gold medal winner advancing to the state competition. Students enjoyed a variety of community service projects, to include repairing and painting a SUV for the Gardner Police Department, and painting a sign bracket for the Town of Petersham Cemetery. (Total student enrollment: 62)

Automotive Technology: Sixteen Automotive Technology students earned their NC3/Snap On 525F Digital Multimeter certification. These industry-recognized credentials will enhance the students' level of competency within the automotive industry for years to come. Four students qualified for the SkillsUSA district competition, where they earned 1st, 2nd, 4th and 7th place distinctions. Eight Seniors & four Junior students earned co-op placements, while those who remained at the campus continued to perform a variety of repairs that included transmission replacements, intake manifolds, brake work, and various other technical repairs, demonstrating technical skills that are required for any service technician in our area. (Total student enrollment: 65)

Business Technology: Throughout the 2021-2022 school year, students in Monty Tech's Business Technology program benefitted from a collaboration with Workers Credit Union and participation in the institution's financial literacy program. The opportunity to participate in these workshops has been met with great enthusiasm from students, who completed nine modules and earned a financial literacy certificate. Instructors continue to work closely with post-secondary colleagues to refine and develop new articulation agreements. A recently renewed agreement with Mount Wachusett Community College provides qualified students with 21 college credits at no cost to the student. A total of seven students placed at the SkillsUSA district level competitions, earning distinctions in the Computer Office Applications and Customer Service competitions. Additionally, six Seniors and three Juniors earned co-op placements during the 2021-2022 school year, working and learning in a variety of businesses across the region. (Total student enrollment: 52)

Cabinetmaking: Monty Tech Cabinetmaking students are called upon for a number of projects small and large, across the campus and beyond. During the 2021-2022 school year, students completed projects that included: a kitchen remodel for the Summer Street Fitchburg Fire Department, building four red oak bookcases for the children's section of the Phillip's Free Public Library, constructing baseball racks for the Sterling Little League program, and using the program's state-of-the-art CNC machine to cut ten custom signs for the Petersham Cemetery.

Students also worked to design, manufacture and assemble 450 gifts for the return to the Superintendent's dinner. Items such as cutting boards, cherry benches, sets of corn hole boards, candle displays and custom lazy Susans were handcrafted by talented students, and sold to raise funds for the student scholarship program. Ten Seniors & eight Juniors earned co-op placements, representing the program so well. Sophomores completed OSHA Construction 10 hour course, while Freshmen completed the OSHA Careersafe 10 hour online course. (Total student enrollment: 63)

CAD/Drafting & Design: In 2021-2022, four Monty Tech CAD/Drafting & Design Senior students and two Juniors earned coveted co-op placements. CAD students at all levels earned a number of valuable industry-recognized certifications including AutoCAD, Inventor, Revit, and Solidworks, while Freshmen students completed the 10 hour OSHA CareerSafe Online course. The shop completed a variety of customer requests, including signs, banners, and posters for school personnel and local non-profit organizations. Two Junior students participated in SkillsUSA, and competed in the area of Laser Engraving. They performed quite well, earning a gold medal for their detailed work. (Total student enrollment: 63)

Cosmetology: The Monty Tech Cosmetology program is a rigorous, state-approved program, that provides students with countless opportunities to refine their cosmetology skills on clientele who understand and appreciate the learning environment. During the 2021-2022, clients were allowed to come back to the Salon. The Senior class completed eighteen trade specific certifications taught by distinguished artists from across the globe through BehindtheChair.com. Program instructors continue to work with post-secondary colleagues, to develop new and maintain existing articulation agreements that will grant qualified students with college credits, should they choose to pursue additional education when they leave Monty Tech. Seventeen of the program's Seniors earned their cosmetology licenses, and two Seniors enjoyed working in local salons through the school's co-op program, which proved to be extremely beneficial to their training and skill development. (Total student enrollment: 85)

Culinary Arts: Monty Tech Culinary Arts students and instructors operate a full-service restaurant and bakery, serving approximately 100 patrons daily. 2021-2022 proved to be a busy year for Culinary Arts students, who were called upon to bake cookies for the highly anticipated sale of Holiday Cookie Kits. Students baked and packaged more than 2,500 cookies and 600 bags of colored icing to support this fundraising endeavor. All proceeds benefited the Monty Tech student scholarship fund. Instructors continue to instill the importance of community service, working with students to cater a special event for the Ryan Patrick Jones Foundation, held at nearby Westminster Senior Center. The program also donated leftover baked goods to Our Father's House in Fitchburg throughout the school year. While building technical skill proficiency and customer service skills, students also had an opportunity to earn ServSafe Certifications and OSHA 10 hour Culinary certifications. (Total student enrollment: 67)

Dental Assisting: Monty Tech Dental Assisting instructors continue to emphasize the need for students to earn valuable industry-recognized credentials, as a means to demonstrate technical skill and proficiency. As a result, all students work and prepare for Dental Assisting National Board (DANB) certification exams. In 2021-2022, 93% of students passed the DANB Infection Control exam, and 100% passed the DANB Radiology exam. These outstanding pass rates are a true testament to the high quality instruction in the Monty Tech Dental Assisting program, and something the school continues to be so proud of. A total of nine Seniors earned co-op placements, while the remaining Juniors and Seniors earned experience through affiliation/externship opportunities in area dental clinics and offices. All Seniors & Sophomores received the American Red Cross for Basic Life Support CPR/AED certification. Through the Community Health Connections Caring for Kids Program, Monty Tech students qualified to receive free dental cleaning, radiographs, and sealants, and Dental Assisting students were invited to assist in selected procedures. This chairside experience, working with area practitioners, continues to be a highlight for students enrolled in the rigorous program. (Total student enrollment: 57)

Early Childhood Education: Students enrolled in the Monty Tech Early Childhood Education program benefit from an on-site daycare facility that allows them to work with trained professionals and young children throughout the day. Working with and caring for young children requires students to demonstrate caring and compassion, as well as a working knowledge of child development theory and practice. To that end, instructors have designed a curriculum that is infused with opportunities to earn meaningful credentials that include: Department of Early Education & Care Strong Start Training, American Red Cross First Aid and CPR training and certification, and the National Child Development Associate Teacher Certification. Nine Seniors and one Junior earned co-op placements, gaining valuable experience

working with young children in local child care centers, while two additional Seniors and twelve Juniors gained experience at local affiliation sites. (Total student enrollment: 48)

Electrical: Throughout 2021-2022, students and instructors in the Monty Tech Electrical program wired numerous machines, equipment, computers, and lights throughout the school. Twelve Seniors & eight Juniors earned co-op placements, which allowed them to gain important on-the-job skills and additional training in the industry. With guidance from program instructors, students wired the Habitat for Humanity house in Hubbardston, wired an air conditioning system for the Leominster State Police barracks, and also added emergency lighting wall units for the Mason's Lodge in Barre, MA. A testament to the quality instruction and popularity of the program, the Freshman class filled with 24 first choice students, and all successfully completed the 10-hour OSHA training and certification. (Total student enrollment: 93)

Engineering Technology: The Engineering Technology program at Monty Tech is a rigorous program, infused with a nationally certified curriculum provided by Project Lead the Way, and countless hands-on learning opportunities that provide students with opportunities to demonstrate creativity, make connections with prior learning, and earn college credits. The shop layout has changed to allow for more bench work and hands-on activities, and a designated automation and 3-d printing lab area has been created. Students were recently introduced to the Amatrol software curriculum, which supports all areas of the Massachusetts Chapter 74 Engineering Technology Frameworks. Seven students were employed by area businesses, and all Freshmen completed the OSHA 10-hour general industry training and certification program. (Total student enrollment: 62)

Graphic Communications: Throughout the 2021-2022 school year, students in the Graphic Communications program produced numerous projects for district cities and towns, and a variety of non-profit organizations within the district. Five Seniors and one Junior earned co-op placements, which allowed them to continue their on-the-job training in a real-world work setting. Graphics students consistently perform well at SkillsUSA competitions, and the 2021-2022 school year was no exception. Two students traveled to the National SkillsUSA competition, having won the state gold medal in State Pin Design and Graphics Sublimation. The Printing Industries of New England also recognized Monty Tech talent, awarding more than 40 students with awards and scholarship funds, making post-secondary aspirations a reality for several of our most talented students. (Total student enrollment: 84)

Health Occupations: The Health Occupations program continues to be one of the more competitive programs at Monty Tech, providing a rigorous education grounded in current medical knowledge and practice, balanced by hands-on learning opportunities in the on-site Sim Lab and through the use of state-of-the-art Anatomage technology. Phlebotomy lessons and hands-on applications were introduced to students in their Senior year of study, only adding to an already impressive array of skills and knowledge. Fifteen Seniors were partnered with area clinics, through the school's co-op program, where they continued to learn and flourish in their chosen field, while back on campus, underclassmen focused on achieving important industry-recognized credentials. Twenty-four students passed their Clinical Medical Assistant exam, and became nationally certified medical assistants. Twenty-two students passed their Nurse Aide Exam, and another thirteen students passed the Home Health Aide certification exam. One talented student earned a gold medal in Basic Health at the SkillsUSA state competition, and qualified to participate in the national competition. (Total student enrollment: 108)

House Carpentry: The Monty Tech House Carpentry program completed a number of projects, large and small during this 2021-2022 school year. Sophomores completed a trail map kiosk for conservation land in Barre, and ten island flower boxes for the Fitchburg East Rotary Club. Juniors and Seniors worked with instructors to complete the annual building project – a single family residence for Habitat for Humanity in Athol, where students completed interior trim and flooring materials, installed the kitchen and bathroom cabinets and exterior porch details. Students and instructors also completed the work for the Hubbardston Habitat for Humanity single family residence that was started but not finished in the previous school year. Local charitable organizations often request donations from the House Carpentry department, and students gladly construct and finish countless Adirondack chairs to support the various fundraising efforts. Three Seniors and one Junior participated in the co-op program, and enjoyed their time working and learning from industry professionals. All Sophomores successfully completed training and received OSHA 10 hour Construction certifications. (Total student enrollment: 59)

HVAC & Property Maintenance: In 2021-2022, Monty Tech HVAC & Property Maintenance students and instructors were called upon to do some work at the Leominster State Police Barracks, where they installed a Variable Refrigerant Flow heat pump, making the facility much more comfortable for officers and staff. Additional requests for support were honored, to include building a new shed at Quabbin Regional High School in Barre, and remodeling a shed located at the Barre Transfer Station. Ten Seniors and one Junior earned co-op placements in area businesses, where they demonstrated the broad spectrum of skills they have acquired in this comprehensive training program. All Seniors received Mega Press Certificates, while all Juniors and Seniors successfully earned the EPA 608 Refrigerant Certification and Hot Works Certification. All Freshmen completed the OSHA 10 hour General Industry certification, while Sophomore students also completed the OSHA 10 hour Construction certification. These industry-recognized credentials are a testimony to the students' skills and understanding of safety practices, and may aid in their employment efforts upon graduation. (Total student enrollment: 57)

Information Technology: The Information Technology program continues to offer students opportunities to earn a wide range of industry-recognized certifications that affirm the technical skill proficiency needed for entry-level careers in networking and information technology. In 2021-2022, all Freshmen completed the OSHA 10-hour General Industry training. Sophomore students passed the Test-out PC Pro Certificate exam, the Cisco IT Essential course for computer repair and maintenance, and the Introduction to Networking course. All Juniors completed the CIW Web Curriculum, and Seniors completed the Cisco Python Programming curriculum. Four seniors qualified for the AP Computer Science Principles exam; three sat for the examination, and one earned a score of 3, earning college credits for his performance. Juniors in the program participated and did quite well in the Cyberpatriot and CyberStart America cybersecurity competitions. One team achieved 1st place and advanced to the National semifinals. Two Seniors and two Juniors were on co-op placements during the year, applying their technical skills in area businesses. In total, approximately 100 hours of technical support were completed at the program's Help Desk, where students worked on hardware and software troubleshooting on desktops, laptops, printers, and mobile devices. (Total student enrollment: 41)

Masonry: The talents of Monty Tech Masonry students are on display throughout district communities, as numerous projects that were completed during the 2021-2022 school year, including constructing scaffolding at the Habitat for Humanity house in Hubbardston, and constructing a block and brick boundary wall with decorative iron panels at the Fay Club in Fitchburg. Students and instructors worked to improve the school's 50 year old campus, patching and repairing sidewalks and stairs to ensure a safe environment for students, staff and guests. Sophomores received their 10 hour OSHA Construction certification, and Freshmen completed the 10 hour General Industry certification. Four Seniors earned co-op placements, and continued to refine their skills working with industry experts. The school's co-op program is an important example of school-to-business partnerships that help build a stronger workforce in our region, and the Monty Tech Masonry instructors remain grateful for their industry supporters. (Total student enrollment: 47)

Plumbing: During the 2021-2022 school year, Students and instructors completed the single family house building project, working with Habitat for Humanity in Athol. Students and instructors also began rough plumbing for the Habitat for Humanity single family home in Hubbardston. Juniors successfully completed their Hot Works safety training and earned that important credential. Freshmen also completed the 10-hour OSHA General Industry safety training, while Sophomore students completed the 10-hour OSHA Construction safety training and certification. Nine Seniors and three Juniors earned co-op placements, which allowed them to continue to grow in the trade, working with plumbing professionals in the area. Sophomores and Seniors were trained in Viega PEX/copper press, earning another valuable certification. One Senior earned the Plumbing All Star Award given by the Plumbing, Heating, and Cooling Contractors Association of Massachusetts; he was also awarded a scholarship for his continuing education. Another talented Senior was awarded the Central Mass Plumbing & Gas Inspectors Association Scholarship to assist his continued education, as well. (Total student enrollment: 69)

Veterinary Science: The 2021-2022 school year marked important progress for the school's on-site Veterinary Clinic. The clinic was open 5 days/week, every week for the first time since opening in 2019. There was a 3-4 week waitlist for appointments and a 2-3 month waitlist for surgeries. A number of fourth year Tufts veterinary students completed an elective rotation at the school's clinic, providing additional support and opportunities for our students to engage with young adults pursuing a degree and career in the veterinary sciences.

Twenty-two Seniors earned the Certified Veterinary Assistant certification, and all Juniors and Seniors achieved Fear Free Level 1 and Animal CPR Basic Life Support Certification. Seven Seniors and five Juniors were working and learning in area clinics, through the school's co-op program. Three Juniors earned gold medals at the SkillsUSA district competitions, and advanced to the state level to represent the school and program in the Open Job Skills and Extemporaneous Speaking competitions. All Freshmen completed the OSHA 10 hour Healthcare training and certification. At the year's end, students and staff recorded 700 patient visits, and 135 new clients seeking services – a strong testament to the value this clinic has brought to the community. (Total student enrollment: 85)

Welding/Metal Fabrication: The Welding/Metal Fabrication Department completed several individual projects for residents of our Monty Tech Community and has also performed numerous projects around the school. Multiple fire pits were fabricated and donated to various organizations in our community, such as the Monty Tech Foundation, Nashoba Valley Chamber of Commerce, and SkillsUSA, supporting their fundraising efforts. The students designed, fabricated, and welded eight rod iron sign brackets for the Petersham Cemetery Committee and modified seventeen railings to accommodate the retaining wall at the Fay Club in Fitchburg. The finished product is something students and staff remain quite proud of. Six Seniors and five Juniors participated in the school's co-op program, earning entry level jobs in area welding and fabrication shops. Freshmen completed the OSHA 10-hour General Industry certification program, while Juniors completed the Hot Works training and certification, and all students completed the OSHA 10-hour Construction certification. Six Seniors participated in the Notch Mechanical Constructor Pipe Welding Challenge and performed exceptionally well. Instructors proudly report that Seniors qualified for the AWS D1.1 Structural Welding Code Qualification Test. (Total student enrollment: 59)

Cooperative Education

The Monty Tech Cooperative Education Program is an extension of the student's technical education that combines classroom instruction with on-the-job-training. The popular Co-op Program provides students with an opportunity to further develop academic, technical and employability skills in an industry-related work environment. All students are eligible to participate in the Co-op Program, provided they satisfy state and school grade, attendance and performance requirements, and all Co-op students have completed the OSHA recognized Career Safe online health and safety course prior to being placed in a work environment.

The Cooperative Education Program is beneficial for both student and employer. For the student, it is a chance to gain on-the-job training that improves both their technical proficiency and employability skills, and making industry connections enhances post-graduate employment opportunities. The Co-op Program also allows students to earn while they learn, which has allowed many students to learn valuable life skills, financial literacy skills, and gain a deeper understanding of the importance of career advancement and self-advocacy.

Employer benefits include addressing workforce needs in an efficient manner. Co-op students provide a pool of trained talent, ready to assume temporary, part-time or even full-time opportunities, thus reducing employer training costs. Co-op work hours may also be tailored to suit the needs of partnering employers.

In 2021-2022, the school saw a return to the workplace, and significant increases in the number of students placed in this valuable training program. With approximately 100 area employers participating in Cooperative Education, providing valuable experience to almost 200 students by the end of the 2021-2022 school year, school officials remain grateful for their continued support, and look forward to future collaborations.

Student *Support* Services

Given the exciting news that schools could return to ‘normal’ during the 2021-2022 school year, the Department of Student Support Services focused its efforts on students’ social and emotional wellness. Defining a new normal and providing structured supports to students as they acclimated to the demands, pace and rigor of academics, vocational programming and extracurricular activities was a top priority. Staff reflected on student data, strengthened community partnerships, implemented new initiatives and expanded on the level of tiered supports offered to our student population. The department continued its important mission to break the stigma of mental health, knowing that everyone adjusts differently and handles stress in various ways. This unified approach, support, and collaboration helped our student body display resilience, grow individually, and meet success.

At Monty Tech, we understand that everyone will require help at some point; that as individuals we all have strengths and weaknesses, and as a result, we strive to implement thoughtful tiered services that promote a feeling of comfort for students when accessing this support. In addition to the department’s current school-based counseling services, Monty Tech and LUK, Inc. collaborated throughout 2021-2022 with the Department of Public Health to provide services to at-risk students and their families. The district also partnered with LUK to create a direct pipeline for telehealth referrals and increased access to counseling supports. Programs such as the HOPE Squad; a peer to peer suicide prevention program, Project AMP; a program to address prevention of substance use among youth ages 13-17, and Students Taking A New Direction (STAND); a program to support students displaying at-risk behaviors have all been implemented.

The Department of Student Support Services has taken the necessary measures to ensure Social Emotional Learning (SEL) is in the forefront of conversations when supporting students as they acclimate to returning to school full time after lengthy periods of time away. Courses and activities designed to promote mindfulness, understanding, and social emotional wellness are part of the many course offerings. Yoga and Meditative Art, Visual Arts, Directed Studies with Social Emotional Learning lessons are all part of the efforts being implemented to ensure we address the needs of all students and support their individual growth and development in a post pandemic world.

During the 2021-2022 school year, Montachusett Regional Vocational Technical School District provided specialized services to approximately three hundred students – measuring progress of over two hundred students on Individual Education Plans (IEPs) and approximately one hundred students adhering to individualized Section 504 plans. While the Student Support Services Department encompasses special education, the department provides support and is available to all Monty Tech students.

The Student Support Services department includes a full-time nursing staff that continues to respond to COVID concerns, administers medications, performs state-mandated health screening exams, and provides, when necessary, health information to the special education team for a student's IEP meetings. The department benefits from a full-time school social worker that participates in departmental meetings and assists students who have needs concerning finances, family issues, homelessness, maternity, health issues, proper food and clothing, and military status deployments. The school is also fortunate to have on staff a full-time psychologist, who evaluates all students referred for an initial evaluation or who may require a three-year re-evaluation. In addition, we have a full-time speech language pathologist, available to assist students with disabilities, assess these students and consult with teachers. Finally, our students also have access to the services of a full-time adjustment counselor and part-time school psychologist. All of these individuals are available for scheduled counseling sessions, mental health emergency treatment, medical/mental health re-entry and transition support services, as well as crisis intervention.

The school's Director of Student Support Services oversees the District's Special Education Program, which is reviewed annually in May, in accordance with regulatory requirements. The comprehensive review and evaluation are done in collaboration with the Special Education Parent Advisory Council (SEPAC), and the results are used to improve the special education procedures and programs in place at Montachusett Regional Vocational Technical School. The district will be working with the Department of Elementary and Secondary Education (DESE) during the 2022-2023 to review all special education services, timelines, and programs.

Technology @ Monty Tech

The 2021-2022 school year was a welcome return to normalcy at Monty Tech, relieving the Technology Department of the challenges presented by hybrid and remote instruction and learning that was necessary in previous years. That also meant the department could focus its attention on vetting, selecting and beginning the migration to a new Student Information System. Technology specialists led this complex effort, moving away from Aspen X2 and into Powerschool, which is expected to be a more user-friendly platform, serving students, parents and teachers more efficiently. In addition, the school implemented Performance Matters, a software program that will track and analyze student outcomes. By targeting student achievement and areas of concerns, teachers will be able to immediately address challenges students are facing and offer remediation.

Across the school, students were provided with updated technology to improve vocational training. The Business Technology program received new computers with updated software for their students' use. Students and instructors in the school's CAD/Drafting Technology program also received robust new computers and associated software, and the school's busy Graphic Communications department received long-awaited, high capacity copiers, so that their older machines could be redistributed for teacher use throughout the campus.

Finally, the school invested in a Dell EMC Virtual server solution. This advanced technology can handle the work of twenty-one physical servers, placing them into four much more efficient nodes. These new nodes can handle up to seventy-five servers, so there is room for expansion as the school's technology needs grow in future years.

Monty Tech students continue to benefit from a 1:1 Chromebook initiative, as the school is in its 6th year of providing every student with their own device. While the effects of the pandemic may have declined, lessons learned remain. Instructors who found that communicating with students through Google Classroom or Schoology continue to post lessons, collect assignments, and even offer assessments via this tool. Throughout the 2021-2022 school year, the Technology Department continued to support the additional use of this technology, spending countless hours during the school year upgrading the network and increasing the bandwidth coming into the school to sustain video and audio conferencing, and increased network traffic.

Service Learning

The Monty Tech Marine Corps Junior Reserve Officer Training Corps (MCJROTC) remains one of the school's most worthwhile and engaging programs available to its students. This outstanding leadership program, based on the foundations of instilling a value of citizenship, service to the United States, personal responsibility, and a sense of accomplishment, provides students with countless opportunities to serve as ambassadors in their communities, through the routine demonstration of student leadership development, volunteerism, perseverance, and dedication.

During the 2021 - 2022 school year, MCJROTC Cadets participated in more than 2000 hours of community service and volunteerism. Cadets assisted the Salvation Army by collecting more than \$25,000 in donations, which provided aid to countless families in need during the holiday season.

The Monty Tech MCJROTC cadets were actively involved in the Royalston Police Fair, providing assistance to local vendors, the police department and community residents with the setup and breakdown of this popular event. This annual event raised more than \$4,500 to support the Police Reform Act.

Our cadets also enjoyed service at the Wachusett Brewery-Rock & Roll 5K in Westminister, MA, where they helped raise funds for the NEADS Organization. NEADS trains service dogs for individuals with mental and physical disabilities, many of whom are veterans. To ensure this program was a success, cadets assisted with parking and traffic control for the runners, and assisted vendors with setup and tear down.

Another community event that was a highlight for our students was the Annual Blacksmith Festival in Fitchburg MA. Monty Tech cadets assisted competitors and vendors, and while doing so, learned a great deal about community volunteerism and the craft of blacksmithing as a fine art.

Each year, we ask our school community to consider families who may not have a bountiful, healthy meal to look forward to during the holidays. In 2021, we were humbled by an outpouring of donations, which allowed our cadets to assemble more than 100 Thanksgiving and Christmas baskets to be distributed to deserving families in the Monty Tech Community.

While service to others and supporting community events are an essential part of our program, the Monty Tech cadets report a special feeling of pride when assisting with local color guards and participating in community parades. In 2021-2022, these special events were numerous, with as many as nine color guards local civic and veteran ceremonies, which are always a highlight for students and instructors alike.

As our students learn the importance of giving back today, it is also important that they learn our history. To that end, 150 cadets travelled to Boston to walk the freedom trail, visit Faneuil Hall and learn more about our American history. Finally, during the summer of 2022, 60 cadets participated in team building skills, leadership development and physical fitness at Prince William Forest in Triangle, VA. They learned about the history of the Marine Corps as well as American flight history by visiting the Marine Corps Museum, and the Dulles Air and Space Museum. Cadets also travelled to the Marine Corps Base Quantico, where they received a class on Marine Corps and Foreign weapons from the Marine Corps Weapons Training Battalion Staff. It wasn't all work, though. Our outstanding cadets enjoyed the experience of water rafting, zip lining and a celebratory banquet to wrap the memorable week.

Evening Programs

The Monty Tech School of Continuing Education had an exciting FY22, receiving more than \$600,000 in training grants. School leaders applied for and received a generous Career Technical Initiative Grant, which provided the funding needed to rollout new training programs, offered to qualified unemployed or underemployed participants at no charge.

New training programs in Welding and HVAC were developed and saw their first cohort enroll. Students completed 250 hours of training, both in person and virtual, and left with industry-recognized credentials that include Hot Work Certification, OSHA 10 Hour Certification, and an American Welding Society (AWS) Endorsement. Upon completion, students were assisted, in partnership with MassHire North Central Career Center, in job placement.

As we continue to monitor workforce needs and skills gaps, the School of Continuing Education works closely with the MassHire North Central Career Center to determine specific training programs that are most in-demand. Our overarching goal to support the North Central Massachusetts workforce readiness pipeline with an increase in career and licensure courses is evident in new programs that are developed, existing programs that are refined and in traditional journeyman/apprenticeship programs that remain a hallmark of our institution.

Many other career-track students were eager to return in-person instruction. The popular Cosmetology program was able to reopen their nighttime salon, providing services to clientele during the evening hours, while electrical and plumbing programs were able to resume, and students were back in the classroom, learning from experienced and licensed professionals.

A large medical professional shortage arose in the workforce, due to the pandemic. As a result, graduates from our evening medical programs continue to be in high demand. Valuable training programs like Certified Phlebotomy Technician, Certified Clinical Medical Assistant, Certified EKG Technician, Certified Nurse Aide and Certified Home Health Aide, are able to help close noted workforce shortages. With state recognized and nationally recognized credentials, Monty Tech students are prepared and ready to join the regional workforce.

Serving more than 1,000 community members annually, the Monty Tech School of Continuing Education strives to provide an accessible and supportive learning environment to an adult population seeking workforce training that will lead to high-wage, high-skill jobs.

The Monty Tech Practical Nursing Program is designed to prepare graduates to practice safely and ethically in a caring manner for patients who are experiencing common variations in health status in diverse health care settings.

On June 23, 2022 a graduating class of 16 students completed the Practical Nursing Program and entered the nursing profession. The class has thus far achieved a pass rate of 95% on the NCLEX-PN exam (National Council Licensure Examination for Practical Nurses). Program graduates are currently employed in the health care profession throughout Massachusetts, working in various health care settings, such as long-term care, sub-acute care, mental health/substance abuse facilities, physicians' offices and correctional medicine.

The Monty Tech Practical Nursing Program continues to strengthen the "LPN to BSN (Bachelor of Science in Nursing) Bridge" relationship with Fitchburg State University (FSU). Former graduates have successfully transferred into seats in the LPN to BSN Bridge program at FSU and will continue their education to a Bachelor's of Science in Nursing. Many class applicants cited their attraction to Monty Tech as the opportunity to complete a ten-month accelerated program and then bridge to Fitchburg State University. In the seven-year history of the Bridge Program, all of Monty Tech's Practical Nursing graduates reaching graduation at FSU have passed their NCLEX-RN exam. These former graduates have gone on to work in hospital settings including Heywood Hospital, Beth Israel, and Baystate Medical Center, while others have pursued advanced degrees as Critical Care Nurse Practitioners, Nurse Educators, and Family Practice Nurse Practitioners.

In 2021-2022, Monty Tech Practical Nursing students were asked to complete patient scenarios in the Sim Labs in Terms 2 and 3. The Faculty Sim team has implemented National League of Nursing (NLN) patient scenarios and authored several others consistent with the National Council of State Board of Nursing Detailed Test Plan. Instructors have also utilized the Sim lab setting to instruct students in developing nursing skills that they may not be experiencing in the clinical setting.

By successfully developing and implementing a vast library of scenarios reflecting International Association for Clinical Simulation and Learning standards, we hope to prepare our students for any experience they may encounter as a newly licensed Practice Nurse. In Maternity Sim Lab Boot Camp, for example, students utilize the simulation models to imitate the birthing process, from obstetric office visits through labor and common postpartum complications. Well newborn care is also taught. Student feedback has been

positive regarding these maternity scenarios, stating it better prepares them for an unexpected outcome during a delivery. This expanded content also better prepares students for Nursing Acceleration Challenge Exam success at Fitchburg State University.

Substance abuse and the mental health setting job opportunities have increased with more funding being provided to combat the opiate crisis. In addition to having specialty clinical rotations, students participate in simulation scenarios involving substance abuse and mental health clients, to help to prepare our graduates to work in a substance abuse clinical setting.

Looking Ahead

The 2022-2023 school year may bring new leadership to Monty Tech, but the vision for improving programs and creative means to accomplish our collective goals will remain intact. In any given year, school districts may make improvements to facilities, upgrade instructional materials, or even implement new and meaningful programs, but at Monty Tech, such evolution is expected. It is imperative that each of our twenty-one vocational training programs stays current, and that our training facilities are safe and reflect current industry standards. Local budgets do not always allow for such improvements and innovation, and so school officials continue to seek funding streams and collaborative partnerships that allow the school to grow and expand to effectively serve students in grades 9-12 and beyond. A few of the more notable initiatives that we expect to have a positive impact on our school and students in the coming years include:

Farm-to-table instruction and increased access to healthy foods: With a first-ever grant award from the Massachusetts Executive Office of Energy and Environmental Affairs, Monty Tech looks forward to the establishment of an on-site farm, housed in a shipping container. The “Freight Farm” is expected to address negative economic impacts caused by the recent COVID crisis, still felt by our students and their families today. With the capability of growing as many as 1,450 heads of lettuce every three weeks, this on-site farm will allow school officials to expand the school’s already generous meal program, saving the school as much as \$38,000 in produce costs annually. School officials look forward to using this incredible technology to infuse farm-to-table lessons into the Culinary Arts program, establish a Free Pantry at the School for any student in need, and grant free produce to students and families in need.

Grant funding to improve and expand training programs: Monty Tech has applied for and received eight Skills Capital Grants, totaling more than \$2.5M. School officials anticipate a FY23 application may be forthcoming, and as a result, have met to determine which program is in need of a shop renovation, updated equipment, and/or new technology that reflects current industry standards. The school’s Culinary Arts program, which operates a busy, full-service restaurant, preparing students for both “front of the house” and “back of the house” careers may be the next vocational program to benefit from Skills Capital grant funding, should an application be approved. School officials envision improvements to the expansive training kitchen and restaurant area, to accommodate new and updated training equipment and industry

trends. In addition, because Monty Tech recently awarded a Round 5 Career Technical Initiative Grant, school officials look forward to expanding the already successful evening training programs to include Electrical, Culinary Arts, Welding, Property Maintenance, and CNC Operator programs in FY23.

New partnerships to increase access to vocational programs: Since 2019, Monty Tech school officials have been in conversations with area school leaders, to determine if there is an interest in developing programs that would expand access to vocational training opportunities for students who may be enrolled in sending school districts, but who are looking for training that will support their post-graduate goals. By modifying the Department of Elementary and Secondary Education’s “After Dark” guidelines, Monty Tech school officials are confident that a unique collaboration could provide just what these students seek. In FY23, school officials expect to resume conversations, outlining plans to bring new training programs to area students. Monty Tech will identify grant opportunities to fund the needed equipment, supplies and materials, while partnering districts will work to develop student schedules and outline a Memorandum of Agreement (MOA) that outline’s their financial commitment to this endeavor. While Monty Tech officials look forward to this work in 2022-2023, the highly anticipated training programs are not expected to open until Fall 2024, giving Monty Tech students and instructors ample time to locate a facility, and renovate it to create a safe, state-of-the-art training facility that replicates those already in operation on our main campus.

With a responsibility to serve more than 1,400 students in grade 9-12 daily, as many as 1,000 adult learners in our evening programs, and now an additional 80-100 students in grades 11-12 from area high schools, Monty Tech leaders understand that this work cannot be accomplished alone. Partnerships with area school and business leaders, promises to interview and hire our graduates, and opportunities for instructors to participate in meaningful professional development will continue to help us reach our common goal – to effectively train the next generation’s workforce in high-wage, high-skill jobs for a better future.

Monty Tech Leadership

The district continues to benefit from a talented leadership team whose varied educational backgrounds, professional experiences, and areas of expertise contribute to the success of the school. Working collaboratively, and under the direction of the Superintendent, the team has transformed the school into one of the most sought-after high schools in North Central Massachusetts.

TOWN CLERK
VITALS REPORT:

AT THE RECOMMENDATION OF THE REGISTRY OF VITAL RECORDS AND US DEPARTMENT OF STATE AND FOR THE SAFETY AND SECURITY OF THE RESIDENTS OF TOWN, NAMES OF INDIVIDUALS HAVE BEEN ELIMINATED AND INSTEAD THE NUMBER OF OCCURENCES OF EACH BIRTH, MARRIAGE AND DEATH ARE TOTALLED FOR THE YEAR.

DURING 2022 THE TOWN CLERK RECORDED THE FOLLOWING:

BIRTH –104

DEATHS –88

MARRIAGES –44

2022 TOWN MEETING EXCERPTS

Annual Town Meeting May 7, 2022

At 9:02 a.m. the Moderator called the meeting to order, announced that the warrant was properly served, wished all Moms a happy Mothers' Day, then led the assembly in the Pledge of Allegiance. The Moderator went over the ground rules of the meeting and announced that we will be retiring our pastel cards in favor of electronic voting devices. All voters in attendance was given a clicker at check-in, we voted on a test question and voting went smoothly, thanks to Peter Babel for sitting in on our first meeting using the devices. Peter Beardmore was recognized and asked that we join him in thanking David Passios for his years of service to the Town on the Finance Committee and other elected and appointed positions over the years. Rob Bowen was appointed Deputy Moderator and the Moderator explained the Consent Calendar. And Articles 1, 2, 3, 9, 10, 11, 12, 13, 14, 15, 16, 17, 20 were Voted Unanimously.

ARTICLE 1. To see if the Town will vote to hear and/or accept the regular written reports of the Town Officers and Committees; or take any other action relative thereto. (Submitted by the Town Manager)
FINANCE COMMITTEE No Direct Financial Impact, SELECT BOARD Recommend Approval **VOTED UNANIMOUS CONSENT (to Pass Over as written reports have been accepted).**

ARTICLE 2. To see if the Town will vote to authorize revolving funds for various departments, boards, committees, agencies or officers pursuant to Massachusetts General Law Chapter 44, Section 53E ½ for the fiscal year beginning July 1, 2022 to be expended in accordance with Chapter 138 of the Town's General By-laws; or take any other action relative thereto. (Submitted by the Town Manager)
FINANCE COMMITTEE and SELECT BOARD: Recommend Approval **VOTED UNANIMOUS CONSENT to re-authorize the revolving funds for certain town departments, boards, committees, agencies or officers for spending limits as printed in the Annual Town Meeting warrant (as listed below):**

<i>Revolving Fund</i>	<i>FY23 Spending Limit</i>
Ambulance Billing	\$100,000
Timber Rights	\$10,000
School Custodial Special Details	\$13,000
Green Thumb	\$5,000
Library Revolving	\$12,000
Council on Aging/MART Revolving	\$45,000
Stormwater Task Force	\$5,000
Electrical, Gas, Plumbing Inspector Revolving	\$46,000
Technology Revolving	\$30,000

ARTICLE 3. To see if the Town will vote to raise and appropriate, or transfer from available funds, a sum of money for payment of prior year expenses; or take any other action relative thereto. (Submitted by the Town Manager) FINANCE COMMITTEE and SELECT BOARD: Recommend Approval. **VOTED UNANIMOUS CONSENT to transfer \$500.00 from Free Cash for payment of prior year expenses.**

ARTICLE 4. To see if the Town will vote to transfer from available funds, all sums of money necessary to amend the amounts voted for the Town's FY 2022 Budget, under Article 6 of the May 1, 2021 Annual Town Meeting and Article 1 of the November 16, 2021 Special Town Meeting; or take any other action relative thereto. (Submitted by the Town Manager) FINANCE COMMITTEE and SELECT BOARD: Recommend Approval. **VOTED (Yes-123, No-1) to transfer from line #4/Liability Insurance the sum of \$28,275.60; transfer from #5/Workers Compensation the sum of \$5,340.00; transfer from line #6/Group Health Insurance the sum of \$116,826.72; transfer from line #13/Reserve Fund the sum of \$20,000.00; transfer from line #14/Unemployment Compensation the sum of \$10,000.00; transfer to line #13A/Salary Reserve the sum of \$8,798.69; and transfer to line #70/Snow Removal the sum of \$171,643.63; to amend the amounts voted under Article 6 of the May 1, 2021 Annual Town Meeting and Article 1 of the November 16, 2021 Special Town Meeting.**

ARTICLE 5. To see if the Town will vote to raise and appropriate or transfer from available funds, a sum of money to fund the first year of the FY 2022 and FY 2023 Collective Bargaining Agreement dated July 1, 2021 – June 30, 2023 with AFSCME, Council 93, Municipal Employees Union; or take any other action relative thereto. (Submitted by the Town Manager) FINANCE COMMITTEE and SELECT BOARD: Recommend Approval. **VOTED (Yes-120, No-6) to transfer from Article 6 of the 5/1/21 Annual Town Meeting and Article 1 of the 11/16/21 Special Town Meeting, line #13A/Salary Reserve the sum of \$15,303.51 to fund the first year of the FY22-FY23 Collective Bargaining Agreement dated July 1, 2021 – June 30, 2023 with AFSCME, Council 93, Municipal Employees Union.**

ARTICLE 6. To see if the Town will vote to raise and appropriate, borrow, or transfer from available funds a sum of money for the FY 2023 Capital Plan, as appearing in the Capital Planning Report; or take any other action relative thereto. (Submitted by the Town Manager) FINANCE COMMITTEE and SELECT BOARD recommend Approval.

VOTED (Yes-122, No-45) to raise and appropriate the sum of \$967,725.00; transfer from Free Cash the sum of \$983,034.39; transfer from Article 28 of the 5/7/16 Annual Town Meeting the sum of \$20,582.40; transfer from Article 6 of the 5/5/18 Annual Town Meeting the sum of \$1,168.29; transfer from Article 6 of the 5/4/19 Annual Town Meeting the sum of \$11,859.28; transfer from Article 6 of the 6/13/20 Annual Town Meeting the sum of \$28,171.51; transfer from Article 2 of the 11/17/20 Special Town Meeting the sum of \$76,708.13; transfer from Article 5 of the 5/1/21 Annual Town Meeting the sum of \$7,100.00; and transfer from Article 21 of the 5/1/21 Annual Town Meeting the sum of \$66,500.00; for a total appropriation of \$2,162,849.00 to fund the FY23 Capital Plan, as appearing in the May 7, 2022 Annual Town Meeting Warrant Booklet.

Below is the FY 2023 Capital Plan being recommended for approval at the Annual Town Meeting:

ARTICLE 7. To see if the Town will vote to approve a reorganization of the Public Works Department in accordance with a reorganization plan entitled “Administrative Organization Plan,” dated April 5, 2022, and accompanying message of the Town Manager, both on file at the office of the Town Clerk and Select Board and posted on the town website, under the authority provided for in Article 5, Section 1(b) of the Town Charter; or take any other action relative thereto. (Submitted by the Town Manager)
FINANCE COMMITTEE and SELECT BOARD recommend Approval. VOTED (Yes-136, No-28) to approve the Administrative Organization Plan as presented by the Town Manager and as provided for in Article 5, Section 1 (b) of the Town Charter:

It has been a mutually agreed upon goal of the Town Manager and Select Board since November 2020 to look at the feasibility of creating an independent facilities department and improve the long term maintenance and repair plan for town facilities. Currently the Town Manager delegates the responsibility of town facilities, excluding School and Conservation properties, to the DPW Director. This Administrative Reorganization Plan proposes to create a new Facilities Director position that will be responsible for all town facilities and grounds maintenance.

The Town Manager, per the Town Charter Section 4-4 on the Town Manager’s “Powers and Duties” Paragraph (i), is “to have full jurisdiction over the rental and use of all town facilities and property except property under the control of the school committee and the conservation commission; and shall be responsible for the maintenance and repair of all town buildings and facilities placed under his control by this charter, by-law, vote of the town or otherwise”. This has been delegated to the DPW Director per the Town Charter Section 4-3 “Delegation of Power” that states: “The town manager may authorize any subordinate officer or employee to exercise any power or perform any function or duty which is assigned to the office of town manager; provided, however, that all acts performed under such delegation shall at all times be deemed to be the acts of the Town Manager.”

Currently the DPW Department encompasses Highway, Sewer, Cemetery, Parks, Facilities and oversight of the Trash & Recycling Program. After reviewing the organizational structure of the Department of Public Works and the limited staff within this department with a wide range and breadth of responsibilities, it is my recommendation to create a new Facilities and Grounds Department headed by this new position.

Charter Process

The Administrative Plan process is outlined in the Town Charter, Article 5, as follows:

1. The Select Board shall hold one or more public hearings on the proposal giving notice by publication in a local newspaper, which notice shall describe the scope of the proposal and the time and place at which the hearing will be held, not less than 7 nor more than 14 days following said publication;
2. An organization or reorganization plan shall become effective at the expiration of 60 days following the date the proposal is submitted to the town meeting unless the town meeting shall, by a majority vote, within such period, vote to disapprove the plan. The town meeting may vote only to approve or to disapprove the plan and may not vote to amend or to alter it.
3. The Town Manager, through the administrative plan, and subject only to express prohibitions in a general law or this charter, may reorganize, consolidate or abolish any town agency, in whole or in part; establish such new town agencies as are deemed necessary and to the same extent as provided in section 5-1(a) for by-laws; and for such purpose may transfer the duties and powers and, so far as is consistent with the use for which the funds were voted by the town, transfer the appropriation of one town agency to another; provided, however, that no function assigned by this charter to a particular town agency may be discontinued or assigned to any other town agency unless specifically authorized by this charter.
4. Every reorganization plan submitted by the town manager pursuant to this section shall contain a proposed by-law which contains, in detail, such amendments, revisions, repeals or otherwise of existing ordinances as may be necessary to accomplish the desired reorganization.
5. Such reorganization plan and proposed ordinance shall be accompanied by a message from town manager which explains the benefits expected to ensue.

Adherence to Charter Process

1. A notice was published in the April 1, 2022 Lunenburg Ledger that a public hearing will be held at the April 12, 2022 Select Board meeting to review the Administrative Organizational Plan presented by the Town Manager, in accordance with Section 5-1 (b) of the Town Charter, regarding the impending creation of the position of Facilities Director.
2. Relative to #3 above, there are no express prohibitions in the town bylaws or in the Town Charter that would not allow for the transfer of facilities and grounds duties from the DPW Director to a newly created Facilities Director position. The Charter does not assign the duties of facilities and grounds, exclusive of school and conservation, to another agency in town, nor are there any bylaws that relate to the oversight of facilities and grounds. The reorganization being sought is defined under Section 4-2, Powers and Duties of the Town Manager and is permissible under Section 4-3, Delegation of Authority, as outlined earlier.
3. The Town Manager, through the administrative plan, and subject only to express prohibitions in a general law or this charter, may reorganize, consolidate or abolish any town agency, in whole or in part; establish such new town agencies as are deemed necessary and to the same extent as provided in section 5-1(a) for by-laws; and for such purpose may transfer the duties and powers and, so far as is consistent with the use for which the funds were voted by the town, transfer the appropriation of one town agency to another; provided, however, that no function assigned by this charter to a particular town agency may be discontinued or assigned to any other town agency unless specifically authorized by this charter.

Message on the Benefits of Creating Director of Facilities and Grounds Position

The purpose of this reorganization plan is to create a Director of Facilities and Grounds position that would oversee, supervise, and facilitate the comprehensive management of all town facilities and grounds. The reason this is being recommended to town meeting, is that it will improve the long and short term management of our facilities and grounds with an individual whose background and skills relate to property management, capital planning, building construction, and grounds maintenance. This position will help the town strategize, prioritize and coordinate maintenance, repairs, safety, and efficiencies of municipal properties, as well as play a key role in future use and reuse of properties.

The key benefits of creating a Director of Facilities and Grounds Position:

1. Hiring a professional level position with a background in facilities management. Facilities management experience is not typical for Department of Public Works Directors. An individual with this skill set will enhance and improve the town's current and future facilities management plan.
2. A management level position whose sole focus is long term and short term planning and maintenance of town facilities and grounds. Since the DPW Director is responsible for multiple different divisions, town facilities receive only a portion of that position's focus.
3. More preventative maintenance and less reactionary maintenance of our facilities and grounds.
4. Collaborate with the School's counterpart position on the overall maintenance plan for facilities and grounds and work together with the Town Manager and Finance Director on capital planning and financing alternatives.
5. Directed effort towards the health and safety of all staff and users of town facilities.
6. 6. Create and maintain a property condition assessment of all town facilities and grounds utilizing Facilities Management software.

This position will be appointed by the Town Manager, in accordance with Sections 4-2 (d) of the Town Charter, with ratification of the appointment to be made by the Select Board.

The Director of Facilities and Grounds will have direct supervision for the following existing positions: Facilities Superintendent, Facilities Custodian, and Recreation Director. Those positions that are currently in the Laborers International Union of North America, Public Employees, Local 39 will continue to assist with snow and ice removal operations, mostly related to town facilities and grounds.

Essential functions of this position:

1. Responsible for the planning, organizing, directing and control of all aspects of Town facilities and grounds. This will include facility planning, renovation, construction, energy conservation measures and efficiencies, preventative and regular maintenance, and repair of all town-owned buildings and grounds
2. Responsible for a comprehensive approach to building maintenance and repair coordination, oversight, inspection, oversight of maintenance logs, resolving any warranty issues, establishing facility management schedules, and building security.
3. Formulates procedures related to Facilities and Grounds operations, develops and oversees employee schedules, and reviews and advises on daily maintenance issues.
4. Ensures all facilities staff attend routine training development for essential functions and the proper handling and application of all department equipment and tools; ensures staff obtain required licenses and safety trainings.
5. Focuses on the optimal facility use by staff, residents, and those who seek to conduct business with or in the town to ensure an effective user-experience.
6. Works with relevant town departments and elected Park Commission to advise and recommend long term plan for all town facilities and grounds. Updates the ten-year capital plan for all facilities and grounds projects that meet the Town's definition of a capital project and are not funded in the operating budget. Presents and answers all related questions for said plan and updates the Town Manager on the status of approved capital projects as they progress.
7. Collaborates with the School Facilities Director to ensure a town-wide approach to facilities management and sustainability for all properties. Work with the Town Manager and Finance Director to examine how large building projects fit into the town's overall debt schedule.

8. Acts as contract administrator for any town building or grounds project including the town facilities cleaning contract and landscaping contracts.
9. Serves as the representative for any building or grounds project that requires permitting approval at a board/committee/commission meeting (i.e. APDC, Historical, Planning Board, etc.).
10. Establishes and manages effective preventive maintenance schedules, building control system optimization and analytics, and energy efficiency measures including warranty management of new and existing equipment and appliances.
11. Ensures that all town building systems are serviceable, including ventilation, air conditioning, heating, mechanical, electrical, refrigeration, monitoring and alarm systems.
12. Oversees the performance of various construction or repair work with contractors, vendors, suppliers and Town employees; evaluates construction documents and plans associated with the maintenance and repair of Town-owned buildings to ensure that projects are completed in accordance with specifications and within established budgets.
13. Ensures that the procurement of price quotations and supplies related to the Facilities and Grounds Department operations are in accordance with the State Procurement Law.
14. Responsible for coordinating with DPW director to ensure snow removal and winter safety procedures during and after storms provide timely access to town facilities.
15. Provides information and/or advice related to any building construction, repair, reuse, or disposal of town property.
16. Prepares and presents the operating budgets under this department; actively monitors utility and maintenance expenses to identify needed efficiencies and to advise the Town Manager of any changes in spending trends.
17. Engages in regular trainings and participates in trade shows and industry-events to remain current on technological advancements and best practices.

The minimum qualifications that will be sought for this position include a Bachelor's Degree, preferably in Construction Administration/Management, Business Administration, or Project Management. A qualified candidate will possess at least 5 years of supervisory experience and 10 years of combined industry experience related to construction, business management/energy management, and building system management. Essential skills include superior verbal and written communications, policy formulation, preparing and providing public presentations, and technological fluency in Microsoft Office and computerized maintenance management systems. Successful candidates will have a working knowledge of automated temperature control systems, HVAC, carpentry, electrical, plumbing and general building systems, and Energy Management Systems (EMS) and controls; or any equivalent combination of education, training and experience which provides the required knowledge, skills and abilities to perform the essential functions of the job. Must be knowledgeable about the International Building Code and OSHA requirements. Previous municipal employment is not required. The FY 2023 budgeted amount for this position is \$85,000, plus benefits.

ARTICLE 8. To see if the Town will vote to raise and appropriate or transfer from available funds, a sum of money to defray the charges and expenses of the Town for FY 2023 and to fix the salaries and compensation of all elected officials of the Town and any other items included in the budget of the Town Manager; or take any other action relative thereto. (Submitted by the Town Manager) FINANCE COMMITTEE and SELECT BOARD RECOMMENDATION: Recommend Approval **VOTED (Yes-164, No-9)** to raise and appropriate \$38,772,981.52, transfer \$793,968.47 from the Sewer Enterprise Fund, transfer \$59,959.00 from the Reserve for MSBA Debt, transfer \$303.26 from the Reserve for Future Debt-Premium, transfer \$42,134.74 from the Artificial Turf Revolving Fund, transfer \$47,808.00 from the PEG Access and Cable Related Enterprise Fund, and transfer \$58,837.50 from Water Betterment Revenue to defray the charges and expenses of the Town for Fiscal Year 2023 of \$41,568,744.92, and to fix the salaries and compensation of all elected officials of the Town and any other items included in the budget of the Town Manager.

Employees hired between January 1st and June 30th are not eligible for a step increase until the following calendar year on July 1. Employees receive a step increase each year until they reach the 8th Step.

ARTICLE 22. To see if the Town will vote to amend the Code of Lunenburg, Chapter 70 entitled “Salary Administration Plan” as shown on a document entitled “Amendments to the Salary Administration Plan Bylaw”, with additions to the Bylaw underlined and deletions ~~stricken through~~ therein, the entire text of which is on file at the offices of the Town Clerk and Select Board and posted on the town website; or take any other action relative thereto.

(Submitted by the Personnel Committee) FINANCE COMMITTEE: RECOMMENDS APPROVAL. SELECT BOARD: NO RECOMMENDATION **VOTED (Yes-155, No-78) (with amendment to 70-19, section C – italicized) to amend the General Bylaws, Chapter 70, entitled “Salary Administration Plan” as depicted in the handout entitled “5/7/22 ATM Article 22: Salary Administration Plan Bylaw Amendments”, with additions underlined and deletions stricken-through.**

5/7/22 ATM Article 22: Salary Administration Plan Bylaw Amendments

§ 70-1. PURPOSE AND SCOPE

This by-law establishes a Salary Administration Plan, hereinafter called the “Plan”, which classifies several positions of town services into groups, establishes salary schedules, establishes so called “fringe” benefits, or “indirect pay” provisions, such as holidays and vacations with pay, sick leave, and the like, and establishes a Personnel Committee to administer the Plan, as hereinafter provided, and to represent the interest of both taxpayers and town employees.

§ 70-2. PERSONNEL COMMITTEE

- A. There is hereby established a Personnel Committee consisting of five members, each residing in the Town of Lunenburg, to be appointed by the ~~Selectmen~~Select Board, and each member shall serve for a term of three years; provided, however, that of the members originally appointed, one shall serve a term of one year, two for a term of two years, and two for a term of three years, as designated by the ~~Selectmen~~Select Board. However, nothing herein shall be deemed to prohibit the chair~~man~~ of the Personnel Committee from designating a member of said committee to serve as a representative of said Committee on a study committee of the Town Meeting, nor shall such service affect the tenure of said member of the Personnel Committee. If any member of the Personnel Committee shall resign or otherwise vacate the office before the expiration of their term, the successor shall be appointed by the ~~Selectmen~~Select Board, at their discretion, to serve for the balance of the unexpired term.
- B. A Town employee may have a staff assignment to serve as a subject matter expert and non-voting member of the Personnel Committee and may be called upon from time to time to provide information requested by the Personnel Committee so that the Personnel Committee can make well-informed decisions and proposals.
- C. Said Committee shall elect its own chair~~man~~ and vice-chair ~~by September July 15th of each year at their first meeting after June 30th of each year~~; and in the absence or incapacity of the chair~~man~~, the vice-chair shall act as chair~~man~~. The Committee shall keep a record of its official proceedings and actions, may establish its own rule of procedure and may, subject to appropriation therefore, retain such clerical and other assistance, and make such other expenditures as may be necessary to the performance of its duties. Three members shall constitute a quorum for the transaction of the business of the committee, and the affirmative vote of three members shall be necessary to any official act of the Committee.
- D. The Personnel Committee is hereby authorized to administer the provisions of this by-law, except for such duties as may be specifically assigned by statute, Town Charter or by-law to other Town officers, boards or committees. ~~Appeals for decisions of the Personnel Committee may be taken to the Town at the next Annual or Special Town Meeting.~~
- E. The Personnel Committee may from time to time issue, amend, or revoke Administrative Orders for the purpose of giving effect to the provisions of this by-law, and for the purpose of giving effect to the provisions of such other by-laws and votes of the Town, pertaining to personnel administration, as said Committee may be responsible for administering and/or enforcing. Each such order shall be numbered in sequence, and said Committee shall maintain in the Town Office a file for all such orders issued, said file to be open to public inspection.
- F. Except as otherwise provided by law, the Committee shall have access to all facts, figures, records and other information relating to the personnel of Town departments, and the same shall be furnished forthwith by any such department whenever so requested by the Personnel Committee, in such a form as said Committee may require.
- G. In the event that the Personnel Committee does not have enough members to conduct business, the Town Manager shall have the authority to administer the Salary Administration Plan.

§ 70-3. CLASSIFICATION AND SALARY SCHEDULE

The positions of all employees in the service of the Town, and not otherwise covered by a collective bargaining agreement [or employees of the school](#), are hereby classified by titles in the groups listed in Schedule A, entitled "Classification and Salary Schedule", as set forth in this by-law.

§ 70-4. TITLE OF POSITIONS

No person shall be appointed, employed or paid as an employee in any position subject to the provision of the Salary Administration Plan under any title other than those of the Classification and Salary Schedule, or under any title other than that of the job the duties of which are actually performed. The job title in the Classification and Salary Schedule of the Plan shall be the official title for all purposes having to do with the position and shall be used to designate the position in all payrolls, budget estimates and official reports, and in every other connection involving personnel and fiscal processes.

§ 70-5. NEW OR CHANGED POSITIONS

The Personnel Committee tentatively may add new job title and descriptions to this Plan, establishing grades with minimum and maximum wage or salary brackets for the same, and reclassifying existing jobs, revising the description and the minimum and maximum wage and salary brackets therefore, and such addition or reclassification to be effective only for the period from the date of such action by the Personnel Committee to the date of any vote with respect thereto adopted at a subsequent Town Meeting but in no case later than the next Annual Town Meeting unless such later date as may be specified by such vote. Any increase in wages or salaries under this section shall be effective only if funds are available for the purpose, and approved by the Finance Committee and ~~Board of Selectmen~~[Select Board](#).

§ 70-6. RECLASSIFICATION OF EMPLOYEES

No employee shall be reclassified to a job in another group, either higher or lower, until the Personnel Committee shall have determined that such a reclassification will be consistent with the provisions of the Salary Administration Plan. [Eligibility for a step increase of a reclassified employee will be granted one year from the date of reclassification.](#)

§ 70-7. JOB DESCRIPTIONS AND INTERPRETATIONS

A. The Personnel Committee shall maintain written job descriptions of the jobs or positions in the Plan, describing the essential functions, requirements and duties. The descriptions shall not be interpreted as either complete or restrictive and employees shall continue to perform any duties assigned by an employee's supervisor.

B. Every three (3) years, the Personnel committee shall review the wage and salary schedules of all positions in the Plan, and be in a position to recommend to the ~~Board of Selectmen~~[Select Board](#) any action deemed desirable to maintain a fair and equitable pay level.

§ 70-8. SALARY SCHEDULE

A. The Classification and Salary Schedule of the Salary Administration Plan, set forth in Schedule A of this by-law, shall consist of the maximum and minimum salaries and step-rate salaries for the groups and positions in the Classification and Salary Schedule. The salary range of a group shall be the salary range for all positions classified in such group.

- B. Irrespective of the period of time for which pay rates may be shown in the Salary Schedule, all employees shall continue to be paid on an hourly, weekly, monthly, or other basis, as at present, unless otherwise authorized by the Personnel Committee or by amendment of the Salary Administration Plan.

§70-9. SALARY RATES ABOVE MAXIMUM

Any salary ~~rate which~~ rate that is above the maximum rate for a job, as established by Salary Administration Plan, shall be deemed to be a personal rate, and apply only to the incumbent. When such incumbent leaves the employ of the Town or is transferred to another job with a higher maximum rate than their personal rate or higher maximum rates are established, the personal rate shall disappear. No other employee assigned to or hired for such job shall advance beyond the maximum of the job.

§70-10. LAYOFF PROCEDURE; RECALL PROCEDURE

A. Layoff Procedure – If the Town decides to layoff employees, it shall determine from which classification (s) or job function(s) layoffs shall be made. Layoffs shall then be made based on seniority within the classification.

1) “Seniority” shall be the length of an employee’s continuous service measured from the employee’s most recent appointment date; provided an employee’s seniority may be reduced for periods of unpaid leave, unless otherwise prohibited by law.

2) If two or more employees in the same classification have the same seniority, the employee who has the shorter term of continuous employment with the Town shall be laid off. If there are two or more employees in the same classification with the same seniority and the same term of continuous employment with the Town, a part-time employee shall be laid off before a full-time employee. If there are still two or more employees in the same classification, the Town Manager shall determine which employee shall be laid off.

3) An employee that is scheduled to be laid off shall have the right to bump other employees in lower classifications with less seniority, provided that the Town Manager, in his/her/their sole discretion, but with consultation of the Department Head, shall make a determination that the employee retained is qualified and able to perform the duties of the lower classification, subject to disability discrimination laws.

4) Employees who have been laid off from employment are responsible for keeping the Town advised of their current address for the purpose of potential recall from layoff.

B. Recall Policy – If the town conducts a recall from layoff, recall shall be offered in reverse order of layoff by classification provided the laid off employee is qualified and able to perform the duties of the classification to which the employee is being offered recall, subject to disability discrimination laws. Employees shall only be eligible for recall from layoff under the terms of this policy for one (1) year from the date of the employee’s layoff.

1) Any employee who is recalled from layoff under the terms of this policy shall retain his/her/their seniority, less the period of layoff.

2) The Town will notify an employee of a recall opportunity by certified letter (or other verifiable method of delivery) to the employee’s last known address. An employee who has been offered an opportunity to be recalled from layoff must advise the Town of his/her/their intention to accept recall within five (5) working days.

§ 70-11. TRANSFERS AND PROMOTIONS

A. ~~When an employee is promoted to a job with a higher rate range, or rate of pay, he/she shall enter it at the minimum of the job rate range or at their own rate, whichever is the higher, but in no event at a rate in excess of the maximum for such job. Upon promotion, the employee will be placed on the pay grade for the new position at the lowest step at which the employee would receive a pay increase.~~ They may also receive at the time one or more step rate increases, provided the maximum for the job is not exceeded, if the Department Head recommends that qualification and performance warrant it, and the Personnel Committee approves. If the Department Head should feel that there should be a trial period before recommending the promotional step rate increase or increases, on recommendation of the Department Head, the Personnel Committee may approve any such deferred promotional increase at the conclusion of the trial period.

B. If an employee is transferred to a job with a lower rate range, or rate of pay, they shall enter it at the pay rate closest to their current rate~~their own rate~~ or at the maximum rate for the job, whichever is the lower.

§ 70-12. NEW PERSONNEL

A. The hiring rate shall be the minimum of the rate range of the job for which the new employee ~~if is~~ hired, unless ~~otherwise authorized by the Personnel Committee, the Town Manager recommends paying the employee at a higher step due to the employee's qualifications and experience or marketing conditions. The Personnel Committee must vote to approve any recommendation above step 1.~~ Department Heads shall notify the Town Manager of the hiring of all new personnel. This notification shall be done in writing via the New Hire Personnel Form.

B. Effective July 1, 2015, for new regular full-time and new regular part-time personnel ~~for whose position there is a rate range~~, eligibility for a step increase will depend on the employee's date of hire. If hired between January 1st and June 30th, the employee is not eligible for a step increase until July 1st of the following calendar year. If hired between July 1st and December 31st, the employee is eligible for their first step increase on the upcoming July 1st.

C. Effective July 1, 2022, for new regular full-time and new regular part-time personnel, eligibility for a step increase will be on the anniversary date of employment.

§ 70-13. GRIEVANCE PROCEDURE

A. Any employee who believes that they have ~~been received inequitable treatments~~subject to a violation of the Salary Administration Plan is encouraged to discuss the grievance initially with their supervisor within 10 working days of the occurrence or knowledge of the event. If the employee is not comfortable discussing the matter with their direct supervisor, or if the matter is not settled, the employee should submit the said grievance to their Department Head. The Department Head shall meet with the employee and will respond in writing to the employee within 14 days of the meeting.

B. If the grievance is not resolved by the decision of the Department Head, the employee may escalate the grievance to the Assistant Town Manager/HR Director. If unsatisfied, the employee may file an appeal in writing with the Town Manager within 10 days of receipt of the most recent decision. The Town Manager will meet with the employee within a reasonable time after receipt of the appeal and will respond in writing to the employee's grievance within 30 days after meeting with the employee. The Town Manager's decision shall be final and binding.

§ 70-14. DEPARTMENT BUDGETS

Each Department Head shall include in the annual budget request, a pay adjustment section to provide funds for anticipated pay adjustments during the ensuing year, expenditures to be made therefrom only in accordance with the Salary Administration Plan with approval of the Personnel Committee.

§ 70-15. SEVERABILITY

In the event any provision of this by-law or application thereof, shall be held to be invalid by the proper authorities, this shall not be construed to affect the validity of any other provision, or application thereof, of this by-law.

§ 70-16. CIVIL SERVICE

Nothing in this by-law of Salary Administration Plan shall be construed to conflict with Chapter 31 (Civil Service) of the General Laws.

§ 70-17. HOURS OF WORK; OVERTIME; COMPENSATORY TIME

A. Non-Exempt Employees:

The schedule of hours to be worked shall be determined by the appropriate Department Head.

- 1) For non-exempt positions entitled to overtime pay at one and one-half (1 1/2) times the regular rate for work actually performed in excess of forty (40) hours within a ~~work week~~workweek; ~~the~~ The words "work actually performed" shall be construed to include all duly paid time off, including but not limited to holidays, sick leave, vacation, personal days and bereavement leave, and such leave shall be included in the computation of forty (40) hours.
- 2) Unauthorized leave or leave for which the employee is not entitled to compensation shall not be included in such computation, unless otherwise required by law.

~~B. Hours by occupation.~~

1. Industrial Trades and Service Occupations

a. Work Week 40 hours in 5 days.

b. One and one-half (1 1/2) times the regular rate will be paid for work actually performed in

~~excess of forty (40) hours within a work week.~~

2. Office Occupations

a. Work Week - Forty (40) hours in five days and may be reduced administratively to 36 hours in

~~four or five days.~~

b. One and one-half (1 1/2) times the regular rate will be paid for work actually performed in

~~excess of forty (40) hours within a work week.~~

3. Public Safety Occupations

Fire Department - The hours of the Fire Department shall be determined by the Chief with the

~~approval of the Personnel Committee provided, however, that all hours worked by any member~~

~~of the Fire Department will be paid for at the regular rate then in force.~~

B. Exempt Employees:

Exempt Employees, Administrative and Professional Occupations, are not governed by hours of the positions under their supervision or control. Generally, such positions shall be for at least forty (40) hours per week when full-time and not entitled to overtime.

IV. Administrative and Professional Occupations

Persons employed in these positions are not governed by hours of the positions under their

~~supervision or control. Generally, such positions shall be for at least forty (40) hours per week~~

~~when full-time and not entitled to overtime.~~

C. Notwithstanding anything in the foregoing paragraphs, the appropriate department head ~~or his/her designee~~ may, instead of paying the overtime rate, provide that the employee take compensatory time off at a rate of 1 1/2 times the hours worked that qualify for overtime pay. Compensatory time must be taken within 60 days.

§ 70-18. PAID VACATIONS

A. All persons employed regularly by the Town full-time or part-time for a minimum of twenty (20) hours per week shall receive paid vacations according to the following schedule. Any persons working between 20 and 40 hours per week shall receive paid vacations, but it will be prorated accordingly. The ~~part-time compensation~~ vacation and sick leave formula shall be used to determine the prorated part-time employee's vacation day (See SECTION 28. DEFINITIONS Section 28).

After Completion of:	Hours of Paid Vacation (Based on 40 hour week)
Less than one complete year of continuous service	8 hours per each full calendar month up to 80 hours
After completion of 1 Year of continuous service	80
After completion of 5 Years of continuous service	120
After completion of 10 Years of continuous service	160
After completion of 11 Years of continuous service	164
After completion of 12 Years of continuous service	168
After completion of 13 Years of continuous service	172
After completion of 14 Years of continuous service	176
After completion of 15 Years of continuous service	180
After completion of 16 Years of continuous service	184
After completion of 17 Years of continuous service	188
After completion of 18 Years of continuous service	192
After completion of 19 Years of continuous service	196
After completion of 20+ Years of continuous service	200

B. Earned vacation time up to and including 80 hours must be used in the year granted. No unused portion of this allowance shall be carried forward into a subsequent vacation year, nor shall any monetary compensation be given for such unused portion. Earned vacation time in excess of 80 hours should be used in the year granted, and no portion of such excess shall be carried forward into a subsequent year. If departmental scheduling or other serious extenuating circumstances preclude the use of all such excess in the year granted, the employee may request to receive compensation equivalent to such unused portion in a lump sum payable on the first payroll warrant in July, in addition to their regular salary, or may be allowed to carry over such excess as the Town may elect in its sole discretion. Any employee asserting a serious extenuating circumstance must submit a written request to ~~his/her/their~~ direct supervisor and such request must be approved by the direct supervisor and the Town Manager before the employee shall be compensated for, or allowed to carry over, such excess.

C. Employment Termination. An employee whose employment ends, ~~whether voluntary resignation, retirement or involuntary termination,~~ shall receive be paid for all accrued, but unused vacation

~~leave compensation equivalent to earned vacation allowance, provided he/she has been in the continuous service of the Town for 10 months, as follows:~~

- ~~1. All currently available, unused vacation allowance up to a maximum of 200 hours; and~~
- ~~2. One twelfth (1/12) of the vacation allowance which would otherwise have been credited on the next succeeding July 1, for each full month worked since the preceding July 1.~~

D. The vacation year shall begin July 1. In the first year of employment, employees shall accrue one (1) day of vacation leave (prorated based on number of hours worked each week) per month of service completed to a maximum of 80 hours to be available for use by the employee on the following July 1st. Vacation leave accrued each fiscal year will be available for use on the following July 1st. Any change in the rate of accrual shall occur on the employee's anniversary date. When an employee's anniversary date for the completion of the 5th, 10th-20th years occurs after July 1st, the employee shall receive vacation leave for the remainder of the year on a pro-rated basis.

E. ~~The assignment of v~~Vacation leave shall be arranged approved by the Department Head and/or his/her their designee for such time or times as best serve the public interest., provided, however, that each employee shall be entitled to use at least 40 hours of their vacation accrual during the period between June 1 and September 15 if desired, based on seniority.

F. No vacation time may be used in advance of the July 1 date on which it would normally be credited; except that where such advance serves sd the needs both of the employee and ~~of~~ the Town, it may be ~~requested granted, upon request of the employee,~~ by the Department Head, and authorized in writingsubject to the written approval of the-by the Town Manager. In no case shall any such advanced vacation exceed the number of days for which the employee would be entitled to compensation, were they to terminate their services in good standing on the first day of such vacation.

§ 70-19. PAID HOLIDAYS

A. The Town of Lunenburg shall observe the following holidays:

New Year's Day	Labor Day
Martin Luther King Day	Columbus Day
Presidents Day	Veterans' Day
Patriots Day	Thanksgiving Day
Memorial Day	One Floating Holiday*
<u>Juneteenth</u>	Day Before Christmas
Independence Day	Christmas Day

~~B. Employees who regularly work forty (40) hours per week, and/or five (5) days per week shall receive paid holiday leave on the day on the Town observes the holiday based on the base hourly rate of the employee for the number of hours the employee is regularly scheduled to work on the day of the week on which the holiday is observed.~~

~~B. C.~~ Employees ~~who regularly work less than forty (40) hours and/or five (5) days per week~~ shall receive paid holiday leave on the day the Town observes the holiday provided the employee is regularly scheduled to work on the day the Town observes the holiday, based on the hourly rate of the employee for the number of hours the employee is regularly scheduled to work on the day of the week on which the holiday is observed.

~~C. D.~~ Holiday leave will be granted on the day the Town observes the holiday, when possible. If the holiday falls on a Saturday, it will be observed on the preceding Friday. If the holiday falls on a Sunday, it will be observed on the following Monday. If an eligible employee is required to work on the day the Town observes the holiday, they will be entitled to a Floating Day, which has to be used within 30 days, by agreement of the supervisor and employee. Employees shall receive a floating holiday* for any holiday that falls on a day that they are not regularly scheduled to work. If the department head determines that holiday leave cannot be

granted, the employee shall receive payment at one and one-half times the base hourly rate for all hours worked on the holiday, in addition to his or her holiday pay. Final determination is to be made by the Town Manager.

~~B. E.~~ To be eligible for paid holiday leave, an employee must work his or her full assigned shift on his or her regularly scheduled workday before a holiday, and the next regularly scheduled working day following the holiday, unless the employee has been excused for a legitimate reason by the direct supervisor.

* Floating Holiday time for employees who work less than 40 hours per week will be calculated in hours and determined by dividing the number of hours regularly worked per week, by the number of days they work in one week.

§ 70-20. SICK LEAVE

A. All persons employed, full-time or part-time who have completed the six (6) months ~~probationary~~ waiting period by July 1 of any year, shall be entitled to sick leave of ninety-six (96) hours, to be credited on July 1. The ~~part time compensation~~ Vacation and Sick Leave formula shall be used to determine the employee's prorated sick pay (See ~~SECTION 28. DEFINITIONS~~ Section 28).

B. New employees having completed the six (6) months ~~probationary~~ waiting period shall be credited as of the end of said six (6) months, with sick leave in the amount of eight (8) hours for each full month intervening between the six months anniversary date and the next July 1, up to the maximum of ninety-six (96) hours. Use of such leave must be occasioned by sickness or injury of the employee or their immediate family member.

C. Unused sick leave shall be cumulative up to a maximum of 1,200 hours, and shall be carried forward on July 1 of each year, to be added to the sick leave credited as of July 1. The vacation and sick leave formula shall be used to determine the employee's prorated maximum sick hours (See SECTION 28. DEFINITIONS). Sick leave may be donated to another employee who has exhausted their accumulated sick leave at the discretion of the Town Manager.

D. When an employee finds it necessary to be absent because of accident or illness, they shall report the fact to their immediate supervisor as soon as possible either in person or by agent. Sick leave will not be granted unless such report is made. For the protection of the Town, the Department Head or supervisor may require the presentation of a doctor's certificate in connection with a claim for sick leave that exceeds, or is equal to 24 hours (or three missed days of work). ~~and may, if it is deemed advisable, send a doctor or nurse to investigate any absence alleged to be caused by illness.~~ Any employee who refuses to submit to a doctor's examination note shall not be entitled to sick leave.

E. An employee who retires in good standing shall receive compensation based on a percentage of ~~his/her~~ their accumulated unused sick leave, up to a maximum of 480 hours, as follows: 5 years continuous service 10%; 15 years continuous service 50%; 25 years continuous service 75%. In the event of an employee's death, the above benefit will be paid to ~~his/her~~ their beneficiary. This retirement benefit will not be available to any employee hired after June 30, 2010.

F. Sick Time can be used for any of the following reasons:

- 1) Care for the employee's own physical or mental illness, injury or medical condition that requires home care or rest, professional medical diagnosis or care, or preventative medical care;
- 2) Care for the employee's child, spouse, parent or parent of a spouse, who is suffering from a physical or mental illness, injury, or medical condition that requires home care, professional medical diagnosis or care, or preventive medical care;
- 3) Attending the employee's routine medical appointment or a routine medical appointment for the employee's child, spouse, parent, or parent of spouse.

§ 70-21. PERSONAL LEAVE

A. All persons employed, full time or part time who have completed six (6) months probationary waiting period by July 1 of any year, shall be entitled to personal leave of three (3) days twenty-four (24) hours, to become available on July 1 for use during the ensuing fiscal year. ~~The part-time compensation formula shall be used to determine the employee's prorated personal hours (See Section 26).~~

B. New employees having completed the six (6) months probationary waiting period shall be credited as of the end of said six (6) months, with eight one (81) personal hours day for use during the period between said six (6) months anniversary and the end of the then current fiscal year; provided, however, that the said six (6) months probationary waiting period must have been completed by May 1 of that year.

C. Employees who do not use any sick leave within a three month (3) month period (calculated quarterly), will be entitled to eight one (81) additional personal hours day for each such quarter; said personal hours days are to be used in the same fiscal year in which they are earned. Personal leave shall be scheduled with the approval of the Department Head and/or his/her/their designee. Personal leave shall not be cumulative.

§ 70-22. FAMILY AND MEDICAL LEAVE

~~A. The Town agrees to abide by the provisions of the 1993 Family and Medical Leave Act (FMLA). All eligible employees are entitled to up to twelve (12) weeks of unpaid leave for certain family and medical reasons in a one (1) year period. Employees are eligible for FMLA if they have worked for the Town for at least one (1) year and at least for one thousand two hundred and fifty (1,250) hours over the previous twelve (12) months.~~

~~B. Unpaid FMLA leave must be granted for any of the following reasons:~~

- ~~1. To care for the employee's child after birth, or placement for adoption or foster care~~
- ~~2. To care for the employee's spouse, son, daughter, or parent, who has a serious health condition~~
- ~~3. For a serious health condition that makes the employee unable to perform the employee's job~~

~~C. In accordance with the Town's policy, the Town requires the use of paid leave time during the FMLA absence including accumulated Sick Leave, Vacation Leave, and Personal Leave. The Town requires all employees applying for an FMLA leave to notify their Department Head, in writing, thirty (30) days prior to the leave, if possible, provides leave in accordance with the Family and Medical Leave Act (FMLA) and its FMLA Policy, as adopted by the Select Board and as it may be amended from time-to-time. A copy of the Town's FMLA Policy is available on the Town's website.~~

§ 70-23. BEREAVEMENT LEAVE

In the event of death in an employee's family ~~(wife, husband, mother (in-law), father (in-law), child, grandparents, brother, or sister)~~ up to and including three days off duty may be granted, with pay, not to be charged against sick leave. ~~(spouse, children, parents, in-laws, step-children, step-parents, significant other or someone who is under your direct care and living in your home, up to and including five (5) days off duty shall be granted, with pay. In the event of death of a grandparent, grandchild, sibling, sibling-in law, step-sibling, uncle, aunt, nephew, niece, three (3) days off duty shall be granted, with pay. Two (2) additional days off, with pay, may be granted at the discretion of the Town Manager not to be charged against sick leave.~~ Any time above these days is to be charged against sick leave.

§ 70-24. MILITARY LEAVE

The Town provides military leave in accordance with state and federal law.

~~A. Town employees with a minimum of six consecutive month's employment with the Town who serve in the State or Federal military training forces under orders shall be allowed full pay for not more than one normal working week and shall be granted a military leave of absence for the period of their required service with said forces.~~

~~B. Military leave of absence with pay shall be granted to employees of the Town on occasion of their appearance before local draft boards or draft appeal boards, or for physical examinations ordered by said boards; but no such leave shall be granted for a period of more than one day without the approval of the Personnel Committee. Such leave shall be deemed to be a military leave of absence.~~

~~C. A military leave of absence without pay shall be granted to any Town Officer or employee called to active duty with the State or Federal Armed Forces for purposes other than the routine annual tour of duty for training purposes.~~

~~D. As used herein, the phrases "military training forces" or "armed forces" shall mean the United States Air Force, the United States Army, the United States Navy, the United States Marine Corps, the United States Coast Guard, the Massachusetts National Guard, the Massachusetts Air National Guard, the Massachusetts State Guard, and any and all components thereof.~~

§ 70-25. JURY DUTY

All persons permanently employed, whether full-time or part-time, ~~for a minimum of twenty (20) hours per week,~~ called for jury duty shall be paid by the Town, an amount equal to the difference between the compensation paid for a normal working period and the amount paid by the court, excluding allowance for travel, and this will be certified by the Town Clerk or Treasurer upon presentation of the check for monies received for Jury Duty. Jury duty pay is for up to three days of pay.

§ 70-26. LONGEVITY PAY

After reaching ten (10) years of employment, and thereafter, each employee permanently employed, whether full or part time, shall receive an annual bonus equal to 2% of their annual salary, and is payable in the first pay period after the employee's anniversary date, at 15 years of continuous service – 2.5% of their annual salary, and at 20 years of continuous service – 3% of their annual salary.

§ 70-27. TRAVEL REIMBURSEMENT

Travel reimbursement shall be by signed voucher at a rate established by the IRS when using the employee's own car, plus tolls and parking fees.

§ 70-28. DISCIPLINE POLICY

A. Items which constitute grounds for disciplinary action against an employee include: chronic absenteeism or tardiness, insubordination or refusal to work, infraction of work and safety rules, threat of physical violence against fellow employees, use of profane language to a supervisor or fellow employee, or offenses of comparable gravity or severity.

B. Process.

- 1) Upon determination by the Department Head that disciplinary action is warranted, the following guidelines shall be implemented for all employees that have successfully completed a six (6) month ~~probationary~~ waiting period:

- STEP 1. 1st Offense - Written warning.
- STEP 2. 2nd Offense - A formal written reprimand notifying the employee of a one -day suspension and that one further offense shall result in a three -day suspension without pay.
- STEP 3. 3rd Offense - Employee will receive an immediate three -day suspension without pay and a written notification that any further offense shall be grounds for dismissal.
- STEP 4. 4th Offense - Immediate dismissal of the employee.

1) Depending on the particular circumstances, one or more of the above steps may be skipped. The offense for which disciplinary action is taken may be any combination of the items described above. For example, offense number one could be tardiness, offense number two could be absenteeism, and offense number three could be refusal to work or insubordination. If an employee goes twenty-four (24) months without a further offense, the first offense beyond twenty-four (24) months shall be disciplined at the level of step one.

2) The following infractions are grounds for the immediate dismissal of an employee for just cause by the Department Head. Just cause may include, but shall not be limited to, the following:

- 1) Willful neglect or non-performance of one or more assigned duties;
- 2) Demonstrated incompetence in the performance of one or more assigned duties;
- 3) Behavior that seriously interferes with the normal operation of the municipality, the department, or any member of the workforce;
- 4) Insubordination, which shall mean a refusal to carry out a direct order;
- 5) Dishonesty in the performance of assigned duties;
- 6) Chronic absenteeism or tardiness without reasonable excuse;
- 7) Unauthorized possession or use of alcohol or an unprescribed controlled substance during any period of assigned work;
- 8) Municipal theft.

SECTION 28. DEFINITIONS

The following terms used in the Salary Administration Plan shall be defined as set forth herein:

Full-Time Employee shall mean any person-employee who spends an amount of time between is regularly scheduled to work thirty-six (36) and forty (40) hours of permanently scheduled work per week in the service of the Town hours or more per week.

Hourly Employee shall mean any employee of the Town who by virtue of their classified position is compensated at an hourly rate for services rendered.

Intermittent Employee shall mean any person-employee who works less than two is regularly scheduled to work fewer than twenty (20) hours per week on a regular basis. Intermittent employees are not eligible for benefits (i.e. vacation, sick time, holiday, longevity, insurance, unless required by law etc.) and work less than one thousand forty (1,040) hours per year in the service of the Town.

Part-Time Compensation-Vacation and Sick Leave Formula shall be determined by dividing the compensation or time off by 40 and then multiplying by the number of hours the employee works per week. For example, a 40 hour per week employee is eligible for 120 hours of vacation. If another employee with the same tenure works 36 hours, the formula is as follows: $120 / 40 = 3$. Then multiply 3×36 hours = 108 hours.

Part-Time Employee shall mean any person-employee who spends is regularly scheduled to work at least twenty (20) hours and fewer less than thirty-six (36) hours but twenty (20) hours or more of permanently scheduled work per week in the service of the Town.

Probationary/Waiting Period shall mean the initial six (6) month period of employment with the Town.

Seasonal Employee shall mean any employee, part or full-time who ~~spends works~~ no more than ~~six (6) months 180 days or one hundred eighty (180) days whichever is less~~ per year, ~~in the service of the Town.~~ Seasonal employees are not eligible for benefits (i.e. vacation, sick ~~time~~, holiday, longevity, insurance, ~~etc. unless required by law~~).

ARTICLE 23. To see if the Town will vote to create a special committee composed of not more than 11 members to act as a steering committee to plan for the observance of the 300th Anniversary of the Town of Lunenburg, which was incorporated August 1, 1728, said committee to be appointed by the Select Board, and to raise and appropriate or transfer from available funds a sum of money to cover initial expenses of said committee; or take any other action relative thereto. (Submitted by the Select Board) FINANCE COMMITTEE and SELECT BOARD: Recommend Approval **VOTED (Yes-161, No-3) to create a special committee composed of not more than 11 members to act as a steering committee to plan for the observance of the 300th Anniversary of the Town of Lunenburg, which was incorporated August 1, 1728, said committee to be appointed by the Select Board, and to raise and appropriate \$5,000 to cover to the initial expenses of said committee.**

ARTICLE 24. To see if the Town will vote to amend the General By-laws of the Town of Lunenburg as follows:

- (i) by deleting all references throughout to “Selectman,” “Selectmen” and “Board of Selectmen,” and substituting therefor the terms “Select Board member,” “Select Board” and “Select Board,” respectively;
- (ii) by adding to Chapter 12, entitled “Boards, Commissions and Committees,” to Article II, entitled “Building Committee,” to Section 12-3, entitled “Membership, appointment,” second sentence, the phrase “one member of the Select Board appointed by the Select Board” between the phrases “comprised of” and “one member from the Planning Board”;
- (iii) by deleting Article IV, entitled “Computer Advisory Committee,” from said Chapter 12, in its entirety, including Sections 12-7, entitled “Establishment and membership; vacancies,” and 12-8, entitled “Powers and duties”;
- (iv) by deleting from Chapter 12, entitled “Boards, Commissions and Committees,” from Article V, entitled “Public Access Cable Committee,” from Section 12-9, entitled “Establishment and purpose,” second sentence, the phrase “Lunenburg TV Channels 8 and 9” and substituting the phrase “Lunenburg TV Channels 8, 9 and 99” therefor;
- (v) by deleting from said Chapter 12, from said Article V, from Section 12-11, entitled “Membership,” within Subsection A, the phrase “or full-time students at Lunenburg High School”;
- (vi) by deleting from said Chapter 12, from said Article V, from Section 12-11, entitled “Membership,” within Subsection C, the phrase “or any Lunenburg High School student”;
- (vii) by deleting from said Chapter 12, from said Article V, from Section 12-11, entitled “Membership,” Subsection G in its entirety, and substituting the following therefor:

G. Vacancies. Vacancies shall be appointed by the Select Board to serve the balance of the unexpired term.
- (viii) by deleting from said Chapter 12, from Article VII, entitled “Americans with Disabilities Committee,” from Section 12-20.1, entitled “Meetings,” within Subsection E, the word “Robett’s” and substituting the word “Robert’s” therefor;

- (ix) by deleting from Chapter 81, entitled “Town Meetings,” from Article I, entitled “Town Meetings,” from Section 81-1, entitled “Warrants,” within Subsection A, Item G, the phrase “Centre Pizza & Variety” and substituting “JAXX Country Variety” therefor; and
- (x) by deleting from Chapter 168, entitled “Licensing,” from Article II, entitled “Denial or Revocation of Licenses for Failure to Pay Taxes,” Section 168-6, entitled “Exceptions,” in its entirety, substituting the following therefor:

§ 168-6 Exceptions.

This article shall not apply to the following licenses and permits:

Statute	Contact	Subject Matter
MGL c. 48, § 13	Fire Department	Open burning

MGL c. 140, § 181	Select Board	Theatrical events,
public exhibition permits		

(Submitted by the Bylaw Review Committee) FINANCE COMMITTEE: NDFI, SELECT BOARD
RECOMMENDATION: Approval. **ARTICLE 24 VOTED (Yes-171, No-4).**

ARTICLE 25. To see if the Town will vote to amend the Lunenburg Sewer Bylaw as follows:
or take any other action relative thereto. (Submitted by Sewer Commission) or take any other action relative thereto. (Submitted by Sewer Commission) FINANCE COMMITTEE: No Direct Financial Impact; SELECT BOARD Recommend Approval. **VOTED (Yes-147, No-33) 2/3rds Declared.(with Amendments to Section 10 “Waivers”)** to amend the Lunenburg Sewer Bylaw as follows:

by adding to Section 2.0, entitled “Sewer Service Area,” at the end of the second paragraph, which presently reads:

“The Sewer Service Area and Sewer Service Zones are delineated on the Sewer Service Area Map as approved by the Town Meeting. The Sewer Service Area Map may be amended from time to time by vote of Town Meeting.”

the following:

“The inclusion of a property, or portion of a property, in the Sewer Service Area may establish eligibility to connect to the sanitary sewer but shall not create an entitlement thereto. All sewer connections shall be subject to, and shall comply with, the provisions of this by-law, including but not limited to available capacity, capacity limitations and Sewer Commission approval (s), where required. Neither the boundaries of the Sewer

“Sewer connections shall be located entirely on the property they are to serve. The connection must enter the property directly from the public way in which the sewer is located. No connections shall be allowed via an easement. A sewer line must remain within the parcel that it serves.”

and substituting the following therefor:

“Sewer connections shall be located entirely on the property they are to serve. The connection must enter the property directly from the public way in which the sewer is located. No connections shall be allowed via an easement. A sewer line must remain within the parcel that it serves.

Notwithstanding the above, sewer connections may be installed in easements across adjoining properties, at the discretion of the Commission, through the issuance of a waiver under Section 10.0 of this bylaw.”

and

by deleting from Section 4.0, entitled “Sewer Extensions,” the fourth paragraph, in its entirety, which presently reads:

“All development and construction shall be monitored in accordance with the ‘Monitoring and Inspection Procedures and Fee System of the Lunenburg Sewer Commission.’”

and

by deleting Section 9.0, entitled “Regulation Changes,” in its entirety, which presently reads:

“9.0 REGULATION CHANGES

The Sewer Commission will establish a draft of proposed changes during regular, properly posted open meetings. Once there is consensus on the proposed changes, a formal hearing will be scheduled and will take place over 2 regularly scheduled meetings. Both hearings will be televised. A notice of the hearing will be put in a local newspaper at least 5 business days prior to the hearing dates. At the discretion of the Sewer Commission, the hearing may be continued to the next consecutive open, regularly scheduled meeting. Once the hearing is closed, the final changes will be drafted and voted on. The proposed and approved changes will be posted on the Commission’s Town website.”

and substituting the following therefor:

“9.0 REGULATORY AUTHORITY

The Sewer Commission is expressly authorized to promulgate rules and regulations effectuating the purposes of this by-law; provided, however, that neither the Commission’s failure to promulgate a rule or regulation nor a legal declaration of the invalidity thereof shall act to suspend or invalidate the effect of the provisions hereof. Amendment(s) to the rules and regulations may be contemplated during regular, open meetings of the Commission. Prior to the adoption of any amendment, a public hearing shall be conducted with notice of said hearing published in a local newspaper at least five (5) business days in advance. At the discretion of the Commission, the hearing may be continued from time to time as necessary. Following adoption, the amendment(s) shall be posted on the Commission’s Town website.”

and

by adding a new Section 10.0, entitled “Waivers,” as follows:

“10.0 WAIVERS

Except as otherwise stated herein, the Sewer Commission reserves the right to waive, in its sole discretion, any provision(s) of this by-law and/or the rules and regulations adopted hereunder ~~due to emergency circumstances~~ *in situations that meet all of the following criteria;*

- (1) emergency circumstances threaten the safe and continued use of a property that a waiver may resolve;
- (2) alternatives to the waiver present an undue hardship to any person or entity affected thereby;
- (3) the Commission deems it to be in the best interest of the Town of Lunenburg and not otherwise inconsistent with the purpose and objectives hereof;

Notwithstanding the above, no waiver shall be granted for a new commercial property.

Each request for a waiver shall be made in writing to the Commission, shall require a public hearing to be conducted with notice of said hearing published in a local newspaper at least five (5) business days in advance and, shall require an affirmative vote of approval by a super-majority in number of the Commission. In no event shall the Commission waive any requirement of the Massachusetts General Laws or any regulation adopted by the Commonwealth thereunder. There shall be no entitlement to a waiver; and the grant of a waiver in one instance shall not require the Commission to grant a waiver in any other,”

ARTICLE 26. To see if the Town will vote to amend the Code of Lunenburg, Chapter 250, a.k.a. the Protective Bylaw, Section 4.15, entitled “Non-medical marijuana establishments,” Subsection K, entitled “Special permit procedure,” by deleting Item (1) therefrom in its entirety, which presently reads:

Applicant shall submit proof of approval from the Commonwealth of Massachusetts for the proposed Marijuana Establishment by submitting copies of all required registrations, licenses and permits issued to the applicant by the state and any of its agencies for the facility as well as Host Community Agreement (HCA) with the Town and approval hereunder shall be conditioned on final approval from the Commonwealth.

and by substituting therefor the following:

An applicant shall submit a copy of its Host Community Agreement (HCA) with the Town, authorizing its development of a Marijuana Establishment on the site subject to receipt of applicable permits; as well as copies of all registrations and licenses, if any, issued to the applicant by the Commonwealth or any of its agencies for operation of a Marijuana Establishment on the site. Licensure by the Commonwealth is not a prerequisite to application submittal; provided, however, that commencement of use of or construction under a special permit is and shall be conditioned upon issuance of all requisite provisional licenses and approvals under applicable law. Final licensure of the Marijuana Establishment shall be required before commencement of operations.

or take any other action relative thereto. (Submitted by the Planning Board) FINANCE COMMITTEE: No Direct Financial Impact; SELECT BOARD Recommend Approval. **VOTED (Yes-159, No-7) 2/3rds Declared**

ARTICLE 27. To see if the Town will vote to amend the Code of Lunenburg, Section 250-4.9, which is a Section of the Protective Bylaw entitled “Water Supply Protection District,” as shown on a document entitled “Section 250-4.9 Water Supply Protection District Updates 2022”, with additions to the Bylaw underlined and deletions ~~stricken through~~ therein, the entire text of which is on file at the offices of the Town Clerk and Land Use Director and posted on the town website; or take any other action relative thereto. (Submitted by the Planning Board) FINANCE COMMITTEE: No Direct Financial Impact SELECT BOARD Recommend Approval; PLANNING BOARD recommends disapproval. **ARTICLE 27 was DEFEATED (Yes-11. No-160)**

ARTICLE 28. To see if the Town will vote to amend the Code of Lunenburg, Section 250-3.2, which is a Section of the Protective Bylaw entitled “Location of Districts,” by deleting “May 3, 2008” as the date of the map referenced therein and substituting “May 7, 2022” therefor, and by adopting said revised map, a copy of which is on file with the Town Clerk, as the Town’s official zoning map; or take any other action relative thereto. (Submitted by the Planning Board) FINANCE COMMITTEE RECOMMENDATION: No Direct Financial Impact SELECT BOARD RECOMMENDATION: Recommend Approval **Article 28 was PASSED OVER.**

ARTICLE 29. To see if the Town will vote to amend the sewer service area map by adding the remaining acreage for parcel known as 5 Chestnut Street to the Lunenburg sewer service area and sewer service zone (known as parcel id 059-0032-00); or take any other action relative thereto. (Submitted by Citizen Petition) FINANCE COMMITTEE RECOMMENDATION: No Direct Financial Impact, SELECT BOARD RECOMMENDATION: DEFFERED. **Article 29 was PASSED OVER.**

ARTICLE 30. To see if the Town will vote to adopt the following “Resolution in Support of Changing the State Flag & Seal of Massachusetts”:

Whereas the history of Massachusetts is replete with instances of conflict between the European Colonists and the Native Nations of the region, who first extended the hand of friendship to the Colonists on their shores in 1620, and helped them to survive starvation during the settlers first winters on their land;

Whereas members of the Native Nation for who the State of Massachusetts is named were ambushed and killed by Myles Standish, first commander of the Plymouth Colony, in April of 1623, barely two years after the Pilgrims arrived on their shores;

Whereas the Colonial broadsword brandished above the head of the Native man on the Massachusetts State Flag and Seal is modeled after Myles Standish’s own broadsword, borrowed for that purpose from the Pilgrim Hall in Plymouth by the illustrator Edmund Garrett in 1884;

Whereas the belt binding the Native’s cloak on the Flag and Seal is modeled after a belt worn by Metacomet, known to the English as King Philip, who was among the Wampanoag leaders who resorted to a mutually destructive war in 1675-76 in defense of Native lands against Colonial encroachment;

Whereas the proportions of the body of the Native man in the Flag and Seal were modeled from a Native skeleton kept in Winthrop, the bow modeled after a bow taken from a Native man shot and killed by a colonist in Sudbury in 1665, and his facial features taken from a photograph of an Ojibwe chief from Great Falls, Montana, considered by the illustrator to be a “fine specimen of an Indian,” though not from Massachusetts;

Whereas the history of relations between Massachusetts since Colonial times and the Native Nations who continue to live within its borders includes the forced internment of thousands of so-called “praying Indians” on Deer Island, in Boston Harbor, where they died by the hundreds of exposure in 1675, their subsequent enslavement in Boston, Bermuda, and the Caribbean Islands, the offering of 40 pounds sterling as bounty for the scalps of Native men, women and children in Massachusetts beginning in 1686, increased to 100 pounds sterling for the scalps of Native adult males by 1722, half that amount for Native women and children;

Whereas Native Americans were legally prohibited from even stepping foot into Boston from 1675 until 2004, when that law was finally repealed;

Whereas the 400th anniversary of the landing of the colonists at Plymouth Plantation in the year 2020, afforded every citizen of the Commonwealth a chance to reflect upon this history and come to an awareness of the possibility of a better relationship between the descendants of the Colonial immigrants and the Native Nations of the Commonwealth;

Whereas Native Americans have long suffered the many abuses of racism, the appropriation of their symbols for public schools and sports teams, the loss of their ancestral lands and the encroachment of their cultural lifeways;

Whereas the area now known as the Town of Lunenburg shares a rich Native history with modern day tribal Nations, who inhabited this area long before the first colonial settlers arrived circa 1718, such as the Abenaki and the Nipmuc; Now, therefore, BE IT RESOLVED that the Town of Lunenburg hereby adopts this resolution in support of the work of the Special Commission Relative to the Seal and Motto of the Commonwealth, established by a Resolve of the General Court in 2020 and appointed by the Governor to

recommend changes to the current flag and seal of Massachusetts; and in support of a new seal and motto for the Commonwealth that may better reflect our aspirations for harmonious and respectful relations between all people who now call Massachusetts home. The town clerk shall forward a copy of this resolution to Sen. Marc Pacheco and Rep. Antonio Cabral, co-chairs of the Joint Committee on State Administration, who serve as members of the Special Commission Relative to the Seal and Motto of the Commonwealth, and to Sen. John Cronin, Rep. Michael Kushmerek and Rep. Danillo Sena, with the request they support the work of the aforementioned Special Commission. (Submitted by Citizen Petition) FINANCE COMMITTEE RECOMMENDATION: No Direct Financial Impact, SELECT BOARD recommend Approval. **VOTED (Yes-48, No-20) to adopt “Resolution in Support of Changing the State Flag & Seal of Massachusetts”.**

Meeting adjourned at 3:20 PM

Special Town Meeting

Special Town Meeting November 15, 2022

The Special Town Meeting was called to order at 7:05 P.M. in the Middle/High School Auditorium. The Moderator declared that we had a quorum present and that the warrant was properly served. We then pledged allegiance to the Flag; we were reminded of committee vacancies and the need for volunteers and finally we tested the electronic devices to be used for voting – all but one in good working order. The Moderator explained the Consent Calendar and moved same: that Town Meeting advance for consideration Articles 2, 6, 7, and 9 and that it take action on said Articles without debate: VOTED UNANIMOUSLY on a voice vote.

ARTICLE 1. To see if the Town will vote to raise and appropriate, borrow, or transfer from available funds, all sums of money necessary to amend the amounts voted for the Town’s FY 2023 Budget, under Article 8 of the May 7, 2022 Town Meeting; or take any other action relative thereto. (Submitted by the Town Manager) Finance Committee and Select Board recommend Approval. VOTED (Yes-136, No-5) (94 needed for 2/3rds Majority) to raise and appropriate the sum of \$73,000 as follows: to line #22/Town Manager Expense, the sum of \$10,000.00; to line#28/Assessors Administration, the sum of \$45,000.00; to line #35/Planning Board, the sum of \$5,000.00; to line#71/Facilities and Grounds, the sum of \$13,000.00; for a total increase of \$73,000.00 in the amount raised and appropriated under Article 8 of the May 7, 2022 Annual Town Meeting.

ARTICLE 2. To see if the Town will vote to raise and appropriate or transfer from available funds, a sum of money for payment of prior year expenses; or take any other action relative thereto. (Submitted by the Finance Director) Finance Committee and Select Board recommend approval. VOTED UNANIMOUS CONSENT to raise and appropriate \$1,804.54 for payment of prior year expenses.

ARTICLE 3. To see if the Town will vote to raise and appropriate or transfer from available funds, a sum of money to fund the first year of the FY 23, FY 24, and FY 25 Lunenburg Police Officers Collective Bargaining Agreement dated July 1, 2022 – June 30, 2025 with the New England Police Benevolent Association Local 353; or take any other action relative thereto. (Submitted by the Town Manager) Finance Committee and Select Board recommend approval. VOTED (Yes-127, No-11) to transfer from Article 8 of the May 7, 2022 Annual Town Meeting, line #13A/Salary Reserve, the sum of \$16,000.00 to fund the first year of the FY23-FY25 Lunenburg Police Officers Collective Bargaining Agreement dated July 1, 2022 – June 30, 2025 with the New England Police Benevolent Association Local 353.

ARTICLE 4. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money for the property known as the Marshall Park, 100 Chestnut Street, shown on Assessor’s Map 060, Lot 018, and for final engineering and design recreation/open space services area at this property, including all costs related or incidental thereto; or take any other action relative thereto. (Submitted by the Parks Commission) Finance Committee and Select Board recommend approval. VOTED (Yes-124, No-24) to raise and appropriate the sum of \$184,000 for the property known as the Marshall Park, 100 Chestnut Street, shown on Assessor’s Map 060, Lot 018, and for final engineering and design recreation/open space services area at this property, including all costs related or incidental thereto.

ARTICLE 5. To see if the Town will vote to transfer a sum of money to the Special Purpose Stabilization Fund; or take any other action relative thereto. (Submitted by the Town Manager) Finance Committee and Select Board recommendation deferred. **Article 5 was PASSED OVER**

ARTICLE 6. To see if the Town will vote to transfer from available funds \$1,645.60 into the Sewer Reserve Capacity Stabilization Fund; or take any other action relative thereto. (Sewer Commission) Finance Committee and Select Board recommend approval. **VOTED UNANIMOUS CONSENT** to see if the Town will vote to transfer from available funds \$1,645.60 into the Sewer Reserve Capacity Stabilization Fund.

ARTICLE 7. To see if the Town will vote to transfer from available funds \$9,900.00 into the Sewer Inflow/Infiltration Stabilization Fund; or take any other action relative thereto. (Sewer Commission) Finance Committee and Select Board recommend approval. **VOTED UNANIMOUS CONSENT** to see if the Town will vote to transfer from available funds \$9,900.00 into the Sewer Inflow/Infiltration Stabilization Fund.

ARTICLE 8. . To see if the Town will accept the provision contained within M.G.L. c. 32 § 4(2)(b) written as such:

“For a reserve or permanent-intermittent police officer or a reserve, permanent-intermittent or call firefighter retiring from a governmental unit accepting the provisions of this sentence, the board shall credit, in addition to the five years of credit allowed pursuant to the preceding sentence, as one day of full-time service each day in any year which is subsequent to the fifth year following said appointment and on which a reserve or permanent-intermittent police officer or a reserve, permanent-intermittent or call fire fighter was assigned to and actually performed duty as a reserve or permanent-intermittent police officer or reserve, permanent-intermittent or call fire fighter; provided, however, that such service as a permanent-intermittent or call fire fighter shall be credited only if such fire fighter was later appointed as a permanent member of the fire department; provided, further, that this sentence shall take effect in a city by vote of the city council in accordance with its charter, in a town which maintains a separate contributory retirement system by vote of the town meeting, in a town whose eligible employees are members of the county retirement system of the county wherein such town lies by vote of a town meeting and by acceptance by the county commissioners of said county, in a district which maintains a separate contributory retirement system by vote of the district meeting, and in a district the eligible employees of which are members of a county retirement system by vote of the district

meeting and by acceptance of the county commissioners of said county.” (Submitted by the Town Manager) Finance Committee Recommend Approval; Select Board recommends Disapproval. **VOTED (Yes-119, No-7) to accept the provision contained within M.G.L. c. 32 § 4(2)(b) written as such:**

“For a reserve or permanent-intermittent police officer or a reserve, permanent-intermittent or call firefighter retiring from a governmental unit accepting the provisions of this sentence, the board shall credit, in addition to the five years of credit allowed pursuant to the preceding sentence, as one day of full-time service each day in any year which is subsequent to the fifth year following said appointment and on which a reserve or permanent-intermittent police officer or a reserve, permanent-intermittent or call fire fighter was assigned to and actually performed duty as a reserve or permanent-intermittent police officer or reserve, permanent-intermittent or call fire fighter; provided, however, that such service as a permanent- intermittent or call fire fighter shall be credited only if such fire fighter was later appointed as a permanent member of the fire department; provided, further, that this sentence shall take effect in a city by vote of the city council in accordance with its charter, in a town which maintains a separate contributory retirement system by vote of the town meeting, in a town whose eligible employees are members of the county retirement system of the county wherein such town lies by vote of a town meeting and by acceptance by the county commissioners of said county, in a district which maintains a separate contributory retirement system by vote of the district meeting, and in a district the eligible employees of which are members of a county retirement system by vote of the district meeting and by acceptance of the county commissioners of said county.”

ARTICLE 9. To see if the Town will vote to amend the Code of Lunenburg, Chapter 70, Section 70-8.A, entitled “Salary Administration Plan”, Schedule A, as follows: the position of Administrative Assistant - IT to be added and assigned to Grade 8; the position of Facilities Director to be added and assigned to Grade 16; the position of Civilian Traffic Member to be added and paid at the Sergeant overtime rate per Local 353; or take

or take any other action relative thereto. (Submitted by the Personnel Committee) Finance Committee and Select Board recommend approval. **VOTED UNANIMOUS CONSENT** to see if the Town will vote to amend the Code of Lunenburg, Chapter 70, Section 70-8.A, entitled “Salary Administration Plan”, Schedule A, as follows: the position of Administrative Assistant - IT to be added and assigned to Grade 8; the position of Facilities Director to be added and assigned to Grade 16; the position of Civilian Traffic Member to be added and paid at the Sergeant overtime rate per Local 353.

ARTICLE 10. To see if the Town will vote to amend the Code of Lunenburg, Chapter 81 by adding a new section 11 titled “Amending Capital Appropriations” by inserting the following:

§ 81-11 Amending capital appropriations.

Warrant articles and floor motions shall not restrict Town Meeting voters’ ability to propose and approve amendments in totality, description, and/or scope to individual items or projects in capital appropriation articles and motions. Notwithstanding the above, amendments shall not limit the Town Manager’s authority to reapply capital funds among the individual items and projects in the capital plan, nor shall Town Meeting be authorized to increase the total capital plan appropriation printed in the warrant. or take any other action relative thereto. (Submitted by the Finance Committee) FINANCE COMMITTEE recommends Approval. SELECT BOARD did not Recommend (3-1-0). **Article 10 was DEFEATED.**

ARTICLE 11. To see if the Town will vote to amend the Code of Lunenburg, Section 250-4.1G, which is a Section of the Protective Bylaw entitled “Use Table,” by changing 4.1K(10) Motel in the Commercial District from “Y” to “SP-Z”; or take any other action relative thereto. (Submitted by the Planning Board) Finance Committee NDFI, SB & PB recommend Approval. **VOTED (Yes-91, No-24) (77 needed for 2/3rds majority) to amend the Code of Lunenburg, Section 250-4.1G, which is a Section of the Protective Bylaw entitled “Use Table,” by changing 4.1K(10) Motel in the Commercial District from “Y” to “SP-Z”.**

ARTICLE 12. To see if the Town will vote to override the denial of certificate to alter by the Architectural Preservation District Commission for repairs/alterations to the building exterior and vestibule of the Ritter Memorial Building located at 960 Massachusetts Avenue (Map 71, Parcel 74), per the Code of Lunenburg, Chapter 113, Section 13; or take any other action relative thereto. (Submitted by the Select Board) Finance Committee: No Direct Financial Impact. Select Board recommendation: Deferred (3-0-1) **Article 12 was DEFEATED.**

ARTICLE 13. To see if the Town will vote to amend the Code of Lunenburg, Chapter 113, entitled “Architectural Preservation District”:

(i) by amending Section 8, entitled “Binding review,” Subsections “B” and “C,” as follows, with additions underlined and deletions stricken-through:\

B. Applications should include a completed application form and photographs showing existing buildings and site conditions. For substantial alteration, including additions and demolition, applicants should also provide building elevations showing the proposed configuration and building materials; a plan showing the approximate footprint and relationships of buildings to other structures, exterior circulation, and points of entry; and any other plans which may help to demonstrate the proposed building design. Applications deemed incomplete by the APDC will be returned to the applicant within 5 business days of initial receipt. The applicant will then be responsible for addressing application deficiencies identified by the APDC prior to resubmittal. Applications shall be submitted in accordance with the instructions on the “Application for Certificate to Alter” ~~can be submitted electronically, but applicants shall also provide one hard copy of the application to the Planning Office.~~ If appropriate, the APDC may waive any or all of the requirements for design submittal and review.

- C. Upon receipt of the Application the APDC shall review and hold a published hearing on the application. Said hearing to be noticed by an ad published in a newspaper with local circulation 14 days or more before the hearing. Within 45 days of the application submittal, a copy of which shall be filed with the Town Clerk, the APDC shall hold a public hearing on the application, said hearing to be noticed by an ad published at least once in a newspaper with local circulation 14 days or more before the hearing. Following the hearing, the APDC shall determine whether or not the proposed alteration is consistent with the standards set forth in § 113-9 and the associated design guidelines. If the APDC determines by majority vote that the alteration adheres to the standards and the design guidelines, it shall issue a certificate to alter, which may be subject to reasonable conditions that the APDC deems necessary and appropriate. If the APDC does not achieve a majority vote that the alteration is compatible with the standards and the design guidelines, it shall make a negative determination. The APDC's written determination shall be submitted to the property owner after ~~within 20 days of~~ the close of the public hearing, and no later than ~~75~~ 90 days from ~~after~~ the receipt ~~submittal~~ of an application, unless granted a time extension by the owner. ~~In~~ When making its determination, the APDC shall provide a rationale for its action, including a description of how the alteration does or does not meet the standards set forth in § 113-9 and the design guidelines. If the APDC denies a certificate to alter, it may include nonbinding, advisory only recommendations on how the proposed alterations may be modified to satisfy the APDC. Once the applicant modifies the alterations in a manner that the APDC finds acceptable, the APDC shall issue a certificate to alter. The determinations of the APDC relative to alterations described in this § 113-8, whether positive or negative, shall be binding on the applicant.

and

- (ii) by amending Section 10, entitled "Procedures for issuance and filing of APDC determinations," as follows, with additions underlined and deletions stricken - through:

Each certificate to alter or negative determination issued by the APDC shall be dated and signed by its Chair or such other person designated by the APDC to sign certificates on its behalf. The APDC shall send a written copy of its actions to the property owner and shall file other copies with the office of the Town Clerk and the Building Commissioner. The date of issuance of a certificate or negative determination shall be the date of its filing of other said copy with the office of the Town Clerk. If the APDC should fail to submit a written determination within 75 ~~20~~ days of the receipt of an application, a Certificate to Alter shall be waived in favor of the property owner. If the property owner had granted an extension during review, the written determination date shall be no later than 75 days plus any extension as granted by the owner. closing its public hearing, or within 90 days of the submittal of a certificate, or within such further time as the applicant may allow in writing, a certificate to alter shall be waived in favor of the property owner.

or take any action relative thereto.

(Submitted by the Architectural Preservation District Commission) Finance Committee No Direct Financial Impact. Select Board recommendation deferred (3-1-0)

Article 13 was DEFEATED.

ARTICLE 14. To see if the Town will vote to amend the Zoning Map by rezoning a portion of the land located at 199 Massachusetts Avenue from Residence A to Commercial District so the entire lot is in the Commercial District, as shown on a plan on file at the office of the Town Clerk, Select Board and Planning Board; or take any other action thereto. (Citizen's Petition) Finance Committee: No Direct Financial Impact

Select Board and Planning Board recommend Approval. **VOTED (Yes-95, No-10) (70 Needed for 2/3rds Majority) to amend the Zoning Map by rezoning a portion of the land located at 199 Massachusetts Avenue from Residence A to Commercial District so the entire lot is in the Commercial District, as shown on a plan on file at the office of the Town Clerk, Select Board and Planning Board.**

ARTICLE 15. To see if the Town will vote to amend the Code of Lunenburg, Chapter 81 entitled "Town Meetings" as follows: by deleting from Section 81.2, entitled "Meeting and election dates", the sentences: The Annual Town Meeting shall be held on the first Saturday in May commencing at 9:00 a.m., and all required reports shall be made at that time. The Annual Town Election shall be held on the third Saturday in May commencing at 7:00 a.m. and ending at 5:00 p.m."; and substituting the following sentences therefor: "The Annual Town Meeting shall be held on the first Saturday in April commencing at 9:00 a.m., and all required reports shall be made at that time. The Annual Town Election shall be held on the third Saturday in April commencing at 7:00 a.m. and ending at 5:00 p.m."; or take any other action thereto. (Citizen's Petition) FINANCE COMMITTEE and SELECT BOARD: Not Recommended. **Article 15 was DEFEATED.**

The Meeting adjourned at 10:50 P.M

*After tallying for the night some ballots were inadvertently put in the B1 transport case.

The 1st Middlesex Representative race, which included Precincts A, C, D and sub precinct B1 had Mr. Shepherd ahead in Lunenburg but the district tally had Ms.Scarsdale ahead by 17 votes – this triggered a recount. On December 10, 2022 Lunenburg conducted the recount in the Passios Building Cafeteria. Townsend Town Clerk, Kathleen Spofford and Pepperell Town Clerk, Brynn Durno, who had already completed their own recount for this election showed up and said we’re helping! They came in and took over the preparation of the precinct blocks. Their expertise and that of Town Counsel, Adam Costa made the entire process much less stressful for all. The Registrars and I would like to thank all those who volunteered their time on a Saturday to get this job done. The total difference between the two candidates ended up being seven votes district wide.
