FINANCIAL TERMS

UNRESERVED FUND BALANCE - Previously referred to as Surplus Revenue, Excess and Deficiency Account, or E & D Account. The amount by which the cash, accounts receivable and other assets exceed the liabilities and reserves.

FUND BALANCE AVAILABLE FOR APPROPRIATION - (Free Cash) Unreserved Fund Balance less any uncollected prior year's property taxes, and less any not provided for or overdrawn accounts. This must be certified as available funds by the State Director of Accounts before it can be voted in lieu of taxes.

PROVISION FOR ABATEMENTS AND EXEMPTIONS - (Overlay) Provision by Assessors for abatements and exemptions. This may not exceed 5% of the tax levy unless otherwise authorized by the State Tax Commission.

FUND BALANCE RESERVED FOR ABATEMENTS AND EXEMPTIONS SURPLUS (Overlay Reserve) Any unused balances in the Provision for Abatements and Exemptions Account is available for appropriation.

RESERVE FUND - This fund is used by the Finance Committee to provide for extraordinary or unforeseen expenditures. The total amount appropriated in any one year may not exceed 5% of the tax levy. No direct drafts against this fund can be made, but transfers from the fund can be authorized by the Finance Committee.

STABILIZATION FUND - Monies placed (voted) into a Stabilization Fund may be appropriated at an Annual Town Meeting by a two-thirds vote for any lawful purpose. This account is sometimes referred to as the "Town's savings account".

CHERRY SHEET - The Cherry Sheet is named for the cherry colored paper on which the State notifies the cities and towns of the estimated County and State Assessments and the estimated State distributions to be used in determining the tax rate as an offset to amounts that would otherwise be raised by taxation.

CITIZEN'S CHECK LIST - to be considered on each vote

- ✓ **IS IT NECESSARY?** Or is it something that is not really needed or perhaps already being provided by a private or public group?
- ✓ **CAN WE AFFORD IT?** Remember, there is no limit to what we would like, but there is a limit on what we can afford.
- ✓ **WHAT WILL IT COST ULTIMATELY?** Many proposals are like icebergs -- only a small fraction of the total cost is apparent on the surface.
- ✓ **HOW WILL IT AFFECT BASIC LIBERTIES?** If it imposes unreasonable or illegal restraints on your life or that of others, it should be vigorously opposed.
- ✓ **IS IT IN THE BALANCED BEST INTEREST OF ALL?** If it is designed to benefit a small group or special interest, while taking unfair disadvantage of others, work for its defeat.
- ✓ **IS IT A "FOOT-IN-THE-DOOR" PROPOSITION?** Comprising a little now may bring an oppressive burden later, either in more regulations or more taxes or both.
- ✓ **DOES IT PLACE TOO MUCH POWER IN THE HANDS OF ONE INDIVIDUAL OR GROUP?** Once decisive power is granted to a non-elected public official, a commission or a municipal authority, the private citizens lose effective control.
- ✓ **DOES IT RECOGNIZE THE IMPORTANCE OF THE INDIVIDUAL AND MINORITY OPINION?**
- ✓ This is the cornerstone of our Republic.

Finance Committee Report

Lunenburg Finance Committee Report, Fiscal Year 2017

The Town Budget to be presented at Town Meeting has followed the same process as in recent years. The Town Manager has again provided Department Heads a 'target budget' to work from, based on the financial forecast, current service levels and funding opportunities.

The Finance Committee is recommending approval of the Town budget in the amount of \$33,802,328.00, with an increase in revenues from all sources, totaling \$1,758,413 over the 2016 Budget (after recap). A significant increase is anticipated in State Aid from Chapter 70 (education funding) and general government aid (lottery). While this is welcome news, unrestricted general government aid has yet to reach its previous 2006 levels. Furthermore, since the financial forecast was first presented, health insurance costs have come in much greater than expected. For the most part, Town departments have continued to maintain a consistent portion of the budget, but pressures from a few drivers, namely Retirement, Health Insurance and Debt Service, are beginning to demand a larger share, creating constraints on growth.

In breaking down the revenue to the Town, 67% comes from real estate property taxes and 33% comes from other sources such as State Aid, motor vehicle excise or meal taxes, betterments and other fees. The effects of such aid on particular aspects of the budget are difficult to parse out, except for Chapter 70 funding, which accounts for \$1 of every \$3 budgeted for the schools.

Retirement and health insurance consume an ever increasing portion of the total budget. Town employees pay into 1 of 2 retirement systems. Licensed school district employees contribute to the Massachusetts Teacher Retirement System, which requires no additional town funding. Any additional funding of this Retirement System is done at the State level, and is reported in notes to the Town Financial Statements as an 'On Behalf' payment. Non-licensed school personnel and Town-side employees contribute to the Worcester County Retirement System. The Town makes two payments to this system, an employer contribution for active employees and an assessment to fund the 'Unfunded Liability' of future payments to retirees. The Retirement Assessment has gone up 8.7%, or \$84,143, over the 2016 Budget (after recap). Health insurance represents a 9.1% increase in spending and a 0.3% increase in budget share. The Town has been able to negotiate changes to health plans over the past few years to help reduce cost, moving to a 75% Town, 25% employee cost sharing. This year premiums are projected to increase by 12.8%, which affects both the Town budget, and the School Department budget.

Even if the funding was available to do so, the Finance Committee and Town Administration have expressed reluctance to add new positions to departments until the issue of future liability to the Town for both retirement and other post-employment health benefits (OPEB) are adequately addressed. In the meantime, where it is possible to consolidate current positions to better meet the needs of the Town, such changes have been proposed. For example, consolidating a part time administrative position and a contracted consultant into one full-time position in the Conservation Commission office and adding hours to existing positions in Information Technology department and in the Assessors' office to meet increased workloads.

Debt Service has 14% budget share, up a quarter percent with a 6.6%, or \$298,911 increase, the main reason being the new Middle/High School, as well as existing debt from the Primary School, Public Safety Building, and Library. We are still several years out from seeing these projects paid down. The Capital Planning Committee has recommended funding 12 items at \$780,975; this budget funds 10 items at \$619,475. There is no request or recommendation to borrow money to fund the remaining items. There is however a warrant article to see if the Town is willing to fund the Pavement Management Plan through a debt exclusion. This will not impact the budget in FY17 but if approved would increase the debt service starting in FY18. The Finance Committee will make its recommendation on this article at Town Meeting.

Because Retirement, Health Insurance and Debt Service are taking up more of the budget, general spending for the School Department, Public Safety, and the DPW are seeing decreases in budget share.

The Police and Fire Chiefs continue to express a need for additional staffing to meet an ever more demanding work load, but the requests have not been accommodated in this budget. Regional Dispatch will be adding another community which will reduce Lunenburg's assessment and free up \$7,000 to increase weekend coverage at the Public Safety Building.

The School Committee budget request is only \$21,072 greater than the amount in the budget presented here, which assumes the Governor's recommended budget for Chapter 70 funding makes it through the final version of the Commonwealth's budget. The additional Chapter 70 funding reduced the target gap by \$291,523.

In summary, the budget presented addresses at least current service levels with little room to discuss priorities beyond nondiscretionary items. The Finance Committee will continue to assure the budget addresses the priorities of the Town of Lunenburg as we understand them. We congratulate the Town administration's work to maintain the AA+ bond rating which allows the Town to borrow at competitive rates, saving taxpayers significant funds over time. We thank all of the town employees for their continued service, and are grateful for the continued cooperation of the Town Manager, Finance Director, and each department head to ensure that every question is answered.

TOWN OF LUNENBURG

ANNUAL TOWN MEETING WARRANT

May 7, 2016

Worcester, ss:

To: John E. Baker, Constable of the Town of Lunenburg, in the County of Worcester, Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants to the Town of Lunenburg, qualified to vote in elections and town affairs, to meet in the Lunenburg High School Auditorium in said Lunenburg on Saturday, the 7th day of May next, at 9:00 o'clock in the morning (9:00 A.M.), for the purpose of taking action on the Town Meeting Warrant, and then and there to act on the following articles, viz:

CONSENT CALENDAR

In an effort to streamline Town Meeting, the Board of Selectmen will once again try the concept of a Consent Calendar. The use of this Calendar speeds the passage of articles, which the Selectmen feel in consultation with Town Counsel and the Finance Committee should generate no controversy and can be properly voted without debate. The purpose of the Consent Calendar is to allow motions under these articles to be acted upon as one unit and to be passed without debate.

THE CONSENT CALENDAR WILL BE TAKEN UP AS THE FIRST ORDER OF BUSINESS AT THE COMMENCEMENT OF THE ANNUAL TOWN MEETING ON SATURDAY, MAY 7, 2016

At the call of the Consent Calendar, the Moderator will call out the numbers of the Articles, one by one. If two or more voters object to any particular Article being included in the Consent Calendar, they should say the word **"HOLD"** in a loud voice when the number is called. The Article is then removed automatically from the Consent Calendar and restored to its original place in the Warrant, to be debated and voted in the usual manner. After the calling of the individual items in the Consent Calendar, the Moderator will ask that the voters pass all items remaining AS A UNIT.

Please review the list of articles and motions proposed for each Consent Item which follows.

"I move that **ARTICLES 1, 2, 3, 4, 5, and 6** be passed by consent"

CONSENT ARTICLES TO BE PASSED OVER IF THEY ARE "PASSED BY CONSENT"

ANNUAL TOWN MEETING ARTICLES

ARTICLE 1. CC To see if the Town will vote to **re-authorize in accordance with MGL Chapter 44, §53E½, the Ambulance Billing Revolving Fund.** The purpose of this fund will be to cover the cost associated with compensating third party advanced life support companies and third party billing companies that contract and supply services to the Town. Five percent (5%) of the total revenue generated by ambulance services rendered and 100% of the revenue generated by Advanced Life Support services rendered shall be deposited into said revolving fund. The proceeds of said Revolving Fund shall be expended by the Fire Department without further appropriation for the sole purpose of reimbursing the aforementioned companies for services rendered to the Town; expenditures from the revolving fund may not exceed **\$65,000** during the fiscal year without the approval of the Board of Selectmen and Finance Committee or take any other action relative thereto. (Submitted by Fire Chief) **Board of Selectmen recommends approval. Finance Committee recommends approval.**

ARTICLE 2. CC To see if the Town will vote to **re-authorize in accordance with MGL Chapter 44, §53E½, the Timber Rights Revolving Fund,** such fund to be credited with the proceeds of sale by the Conservation Commission of the rights to harvest timber; funds in the account to be expended for the acquisition of land for conservation purposes and associated costs of such acquisitions, including but not limited to appraisals and payment of accrued taxes; such funds may also be expended for improvements on land already under the custody and control of the Conservation Commission; the Conservation Commission may expend such funds without further appropriation; expenditures from the revolving fund may not exceed **\$10,000** during the fiscal year without the approval of the Board of Selectmen and Finance Committee; or take any other action relative thereto. (Submitted by Conservation Commission) **Board of Selectmen recommends approval. Finance Committee recommends approval.**

ARTICLE 3. CC To see if the Town will vote to **re-authorize in accordance with MGL Chapter 44, §53E½, the Custodial Special Detail Revolving Fund,** for the purpose of paying special detail salaries for outside functions. Charges and money received from outside organizations in connection with this program are to be deposited in said revolving fund and expended by the Lunenburg School Committee without further appropriation for the sole purpose of paying personnel for hours worked. Said revolving account expenditures shall not exceed **\$13,000** per year without the approval of the Board of Selectmen and Finance Committee; or take any

other action relative thereto. (Submitted by School Committee) **Board of Selectmen recommends approval. Finance Committee recommends approval.**

ARTICLE 4. CC To see if the Town will vote **to re-authorize in accordance with MGL Chapter 44, §53E½, the Green Thumb Revolving Fund**, to support the Green Thumb Program at Lunenburg High School. Fees, charges, and money received from sales of items in connection with this program are to be deposited in this Revolving Fund Account and expended for the operation of this program by the Lunenburg School Committee without further appropriation; said revolving account expenditures shall not exceed **\$5,000** per year without the approval of the Board of Selectmen and Finance Committee; or take any other action relative thereto. (Submitted by School Committee) **Board of Selectmen recommends approval. Finance Committee recommends approval.**

ARTICLE 5. CC To see if the Town will **re-authorize in accordance with MGL Chapter 44, §53E½, the Library Revolving Fund**, to receive funds from library fines and penalties, said funds to be expended by the Trustees of Lunenburg Public Library for the purchase of library and information materials and document information and electronic data delivery. Expenditures from the revolving fund may not exceed **\$12,000** during the fiscal year without the approval of the Board of Selectmen and Finance Committee; or take any other action relative thereto. (Submitted by Library Director) **Board of Selectmen recommends approval. Finance Committee recommends approval.**

(Submitted by Town Manager) **Board of Selectmen and Finance Committee to make recommendations at town meeting.**

ARTICLE 13. To see if the Town will vote **to raise and appropriate or transfer from available funds, a sum of money to fund the first year of the FY17, FY18 & FY19 Police Officers Collective Bargaining Agreement dated July 1, 2016 to June 30, 2019 with IBPO Local 353, AFL-CIO**; or take any other action thereto. (Submitted by Town Manager) **Board of Selectmen and Finance Committee to make recommendations at town meeting.**

ARTICLE 14. To see if the Town will vote **to raise and appropriate or transfer from available funds a sum of money for the FY 2017 Capital Plan, as appearing in the Capital Planning Committee Report,** or take any action relative thereto. (Submitted by the Capital Planning Committee) **Board of Selectmen recommends approval. Finance Committee recommends approval.**

ARTICLE 15. To see if the Town will vote **to raise and appropriate or transfer from available funds, a sum of money to defray the charges and expenses of the Town for FY2017** and to fix the salaries and compensation of all elected officials of the Town and any other items included in the budget of the Town Manager; or take any other action thereto. (Submitted by Town Manager) **Board of Selectmen and Finance Committee recommend approval of \$33,802,328.**

ARTICLE 16. To see if the Town will vote **to replace the current Salary Schedule in Article XV, Salary Administration Plan of General Bylaws with the below FY'2017 Salary Schedule which authorizes a cost of living increase of 2% per year for Fiscal Year 2017, for permanent employees not covered by a collective bargaining unit agreement or individual contract and to authorize 2% COLA increases for Fiscal Years 2018 and 2019;** or take any other action thereto. (Submitted by the Personnel Committee) **Board of Selectmen recommends approval. Finance Committee recommends approval.**

(Submitted by Planning Board) This requires a 2/3 majority vote.

Board of Selectmen and Finance Committee will make recommendation at town meeting.

6.4.3. Off-Street Parking Design Standards

General Parking & Loading Provisions

a) Location

1. Required off-street parking spaces shall be provided on the same lot as, and loading bays shall be provided next to, the principal or accessory use they are required to serve.
2. No area may be utilized and counted as both a required parking space and a required loading bay, without the approval of the Planning Board. Shared parking/loading areas shall only be used for loading prior to opening or after closing of all uses located on the site in question. However, maneuvering aisles and driveways may serve both required parking and loading bays if they meet the design standards of each. Existing areas used for both parking and loading shall be counted for loading purposes.
3. Required off-street parking spaces or loading bays may be wholly or partly enclosed in a structure.
4. Off-street parking spaces required for two or more buildings, uses, or establishments on a single lot may be provided in a common lot.

b) Driveways

1. Each parking space and loading bay shall be connected by a driveway to a street or to an interior drive that leads to a street.

2. The number of driveways permitting entrance to and exit from a lot shall be limited to two per street line. Driveways shall be located to minimize conflict with traffic on public streets and where good visibility and sight distances are available to observe approaching pedestrian and vehicular traffic.
3. All curb cuts and access driveways shall be located in the Zoning District in which the site's primary use is permitted.
4. The maximum grade of any outdoor driveway is 12%.
5. No Driveway shall require that vehicles back out onto public or private ways.

c) Setbacks

1. Each parking space or driveway serving a one-family or two-family dwelling shall be set back five feet from any side lot line and rear lot line, with the exception of common driveways and shall be designated on a plan and is issued a building permit by the Building Commissioner.
2. No parking is permitted in the front yard other than in a designated parking space or driveway.
3. All paved parts of all parking spaces, driveways and maneuvering aisles shall be set back from any wall of a principal building and from any lot line or zoning boundary line as indicated in the following table:

District	Residential District Line	Street Line	All Other Lot Lines	Wall of Principal Building
RA; RB; O; R, VCD	N/A	25	5	5
LB/R;	25	25	10	5
RC; C	40	30	15	5
OP/I	50	30		5

*all measurements are in feet

Exceptions to the Table Are:

- a. One and Two-Family homes
- b. A parking space located within a structure otherwise permitted in such area
4. No parking space, internal driveway or loading bay, whether required or otherwise provided, shall be located, wholly or partly, within the right-of-way of a street.
5. All access to parking shall be by driveways meeting the requirements of this Section; curbs, wheel stops, screening or similar barriers must be installed to prevent vehicles from being parked or driven within required setback areas.

d) Screening for Parking

1. In all residential and mixed uses, or on a lot in any district which abuts or is across the street from a residential use, any outdoor parking lot, all loading bays, maneuvering aisles and driveways shall be screened in a manner to protect abutting lots from the glare of headlights, noise and other nuisance factors.
2. Any parking lot, which is a principal use, must be screened along driveways and around the entire perimeter of the parking lot. The entrance to driveways, to the extent practicable, shall be located on the side near nonresidential uses or on streets or highways leading to nonresidential areas.
3. Screening shall consist of:
 - a. A strip of land at least four feet wide, densely planted with combination of shrubs, and trees with or without earthen berms which shall have a combined height of at least four feet high at the time of planting and which are of a type that may be expected to form a year-round dense screen at least six feet high within three years;
 - b. A wall, barrier, or fence of uniform appearance at least five feet high above finished grade. Such wall, barrier or fence may be opaque or perforated, provided that not more than 50% of the face is open; or

c. Any combination of a & b approved by the Planning Board through Site Plan Approval.

4. Such screening shall be maintained in good condition at all times. Such screening or barrier may be interrupted by entrances or exits and shall have no signs attached thereto other than those permitted in the district.

e) Design Standards

1. Dimensions

a. Parking spaces and maneuvering aisles shall have the minimum dimensions set forth in the following table and elsewhere in this section:

Table 1

S = Standard Parking Space C= Compact Parking Space

Angle of Parking	Width of Parking Space		Depth of Parking Space**		Width of Maneuvering Aisle		Unit Parking Depth	
	S	C	S	C	S	C	S	C
61° to 90°	9*	8.5*	19	15	22	20	60	50
46° to 60°	9	8.5	19	15	16	15	56	48
45°	9	8.5	19	15	14	13	53	47
Parallel	8	8	22	18	12	12	n/a	n/a

NOTES:

* Where one or both of the long sides of a parking space abut a wall or similar obstruction, the width shall be 12 feet.

** Up to 2 feet of unpaved landscaped space may be included in the depth provided there are no obstructions to the vehicles overhang.

b. To count as a required parking space, a parallel parking space shall have maneuvering space at least 20 feet deep in front of it in an aisle parallel to and abutting such parking space.

c. Where columns of a building or structure are located in a parking lot (such as a parking garage under a building) no part of a column may be within three feet of a maneuvering aisle or within the minimum dimensions of a parking space.

d. The width of a driveway for one-way use shall be a minimum of ten (10) feet and for two-way use shall be a minimum of twenty (20) feet and a maximum of thirty (30) feet, as measured at the setback line.

e. Where access or egress is provided for a parking lot, or one or more loading bays, such access or egress shall be so arranged to provide a circulation system or maneuvering space on the lot so that all vehicles may exit from and enter onto a public street by being driven in a forward direction and no vehicle shall be required to enter or leave by backing and no vehicle shall have to stand within a street right-of-way waiting to enter the lot.

2. Number of compact car spaces. In parking lots containing more than 20 spaces, not more than 33% of such spaces may be designed for use by compact cars. Such compact car spaces shall be located in one or more continuous areas and shall not be intermixed with spaces designed for standard cars and shall be clearly designated by signs or pavement marking. In parking lots with 20 or fewer parking spaces, spaces designed for use by compact cars are not permitted.

3. Loading bays. All required loading bays must have minimum dimensions as follows: 30 feet long, 12 feet wide and 14 feet high. Each loading bay shall have a maneuvering space equal to its length. Where the long portion of a loading bay abuts a wall, column or other obstacle, or in other cases where the permitting authority requests, evidence shall be provided that the loading bay and its maneuvering space are adequate to accommodate large motor vehicles and trailers.

All required loading bays shall have an adequate travel isle to provide access. This may be separately located or through the parking area. In either instance the "Truck Route" shall be clearly delineated by signage or pavement marking. An adequate travel path shall provide width and turning radii appropriate to a WB-55 or the largest truck expected to deliver goods to the site, whichever is larger.

4. Marking. In a parking lot or loading area, the surface of the parking lot or loading area shall be painted, marked or otherwise delineated so that the location of the parking spaces and loading bays is apparent, and signs shall be erected indicating that loading bays, and, if necessary, compact or other reserved parking spaces, are reserved for such use. Where 50% or more of the required parking spaces in a parking lot are assigned, such as to individual employees or to dwelling units in a dwelling, parking spaces for guests or visitors to the use or establishment, not to exceed 10% of the required parking spaces, shall be located and designated, by signage or pavement marking, as visitor parking near the principal entrance to the building which they serve.

5. Availability. To ensure the availability and utilization of required parking spaces and loading bays on a year-round basis:

a. Unless authorized by Special Permit or Site Plan Approval, no fee or other charge to the parker, in addition to a lease or purchase agreement applicable to occupants generally, shall be made for a parking space or loading bay required to serve a use, building, or establishment.

b. Each required off-street parking space and loading bay shall be designed so that any motor vehicle may proceed to and from said space without requiring the moving of any other vehicle or by passing over any other space or bay.

c. Parking spaces for vehicles larger than automobiles, such as large trucks or buses, shall be specifically identified on the off-street parking and loading plan and shall be of such dimension as to accommodate the specified type of vehicle. Such vehicles shall be permitted to park only in the spaces so identified and approved.

6. Snow storage. An aggregate area equal to, at a minimum, ten percent (10%) of the paved area shall be set aside for snow storage. Snow storage shall be designated, at a minimum, in two separate and distinct places on the property. These areas shall be located on the submitted off-street parking and loading plan.

In addition snow storage shall be prohibited from:

a. Being located on/in stormwater structures or ponds;

b. Impacting the sight lines at intersections both within the site and where the site driveway meets public roads.

c. Being located in/on off-street parking spaces that are required per the Protective Bylaw.

7. Surfacing and drainage.

a. All required parking spaces and loading bays, maneuvering aisles, and driveways shall have a durable, dustless, all-weather surface suitable for year-round use, such as asphalt or concrete, and shall dispose of surface water by grading and drainage in such a manner that no surface water shall drain onto any public way or onto any lot in other ownership.

b. It is the intent of this Section that the paved surface of a parking lot or loading area shall be limited to such areas as are necessary for the parking spaces, loading bays, maneuvering aisles, and driveways required to meet the provisions of this Section. The off-street parking and loading plan required by this Section shall demonstrate that all paved areas associated with a parking lot are necessary for the storing, standing, or maneuvering of vehicles; the permitting authority may deny the request for a permit when more area is paved than is necessary to comply with the provisions of this Section.

8. Grade. The maximum grade of any required maneuvering aisle, parking space, or loading bay shall be 10%.

9. Landscaping.

a. On at least three sides of the perimeter of an outdoor parking lot containing 20 or more parking spaces, there must be at least one tree for every eight parking spaces abutting the perimeter; such trees must be spaced so that some part of a parking space is not more than 30 feet from the center line of a tree.

b. In the interior part of an outdoor parking lot where two rows of parking spaces containing a total of 10 or more parking spaces face each other, a landscaped open space not less than five feet in width must be provided. The landscaped strip may be provided either:

i. Between the rows of parking spaces parallel to the aisle; or

ii. In two or more strips parallel to the spaces and extending from the aisle serving one row of spaces to the aisle serving the other row of spaces. There must be in each such strip, at least three trees and in all such strips not fewer than one tree for every eight parking spaces in the interior part of the parking lot. Trees must be spaced so that some part of each parking space is not more than 30 feet from a tree.

c. Trees required by this Section shall be at least two inches in diameter at a height four feet above the ground at time of planting and shall be of a species characterized by suitability and hardiness for location in a parking lot. To the extent practicable, existing trees shall be retained and used to satisfy this Section.

10. Exception for one-family or two-family dwelling. The provisions of 6.4.3 b) 5; 6.43 e) 4, 5 & 6 with regard to backing into a public street, marking of pavement, moving of vehicles and surfacing and drainage and snow storage shall not apply where parking is provided for any one-family or two-family dwelling.

f) **Bicycle Parking**

1. Required spaces. In any parking area with twenty or more spaces as defined in the parking and loading tables, a minimum of two bicycle parking spaces shall be provided, and one additional bicycle parking space shall be provided for each increment of 20 motor vehicle parking spaces over 40 vehicle spaces.

2. Placement and access. Bicycle parking shall be located near the primary entrance(s) of the building. Half of the bicycle parking spaces shall be provided as long-term parking, safe and secure from vandalism and theft and protected from the elements. The other half shall be provided as short-term (customer or visitor) parking, and short-term parking spaces shall be visible and convenient to the building entrance. Bicycle parking apparatus shall not be installed in a manner that will cause obstruction of pedestrian or motor vehicle traffic. Bicycle parking shall be situated in such a way that normal snow removal activities and snow storage do not impact the bicycle parking facility.

3. Dimensional Regulation. Each bicycle parking space shall be sufficient to accommodate a bicycle six feet in length and two feet in width.

4. Design. Bicycle parking apparatus shall be of a high-security design to which the frame and wheel of a parked bicycle may be attached; installed in a visible location to deter vandalism and theft; and permanently mounted to the ground or to a building or other immovable structure. Inverted-U-frame or other racks that support the bicycle at two or more points above the center of gravity are required.

ARTICLE 40. To see if the Town will vote **to amend the Zoning Bylaw, Section 8.4, Development Plan Review, by deleting the entirety of the existing wording and inserting a new Section 8.4 Site Plan Approval**, or take any action relative thereto.
(Submitted by Planning Board) **Board of Selectmen and Finance Committee will make recommendation at town meeting.**

8.4. Site Plan Approval

8.4.1. Purpose

The purpose of the Site Plan Review Bylaw hereby established is to protect the safety, public health, convenience and general welfare of the inhabitants of the Town by ensuring that the design and layout of certain developments permitted by right or by Special Permit will constitute suitable developments and will not result in a detriment to the neighborhood or the environment.

8.4.2. Applicability

8.4.2.1. Projects Requiring Site Plan Review

- a) New construction or exterior expansion of any non-residential building or multi-family dwelling containing more than four (4) units. "Expansion" shall include a floor space increase of 5,000 square feet or 25% or more within any ten (10) year period, whichever is less.
- b) The construction or enlargement of any multi-family dwelling containing more than four (4) units, or buildings accessory to such dwellings, including such dwellings on contiguous lots under the same ownership.
- c) The construction, rehabilitation, of a building involving ten (10) or more parking spaces.
- d) The construction, reconfiguration or renovation of parking facilities, with the exception of normal maintenance.
- e) Any use designated that is granted a Special Permit or Variance by the Zoning Board of Appeals.
- f) Any change of use within an existing building or site.
- g) Any child care facility.

8.4.3. Procedure

8.4.3.1. Applications are to be prepared in accordance with the Planning Board Rules and Regulations for Site Plan Approval and Special Permit. These plans are to be submitted to the Planning Office in the number outlined in the aforementioned document.

8.4.3.2. Public Hearing on Site Plans

- a) The Planning Board shall hold a public hearing within sixty-five (65) days of the receipt of a complete application and shall take final action within ninety (90) days from the time of the hearing, as provided for in MGL Chapter 40A, Sections 9 and 11.
- b) The Planning Board's final action, rendered in writing, shall consist of either:
 1. Approval of the site plan based upon determination that the proposed plan will constitute a suitable development and is in compliance with the standards set forth in this Bylaw; or
 2. Disapproval of the site plan based upon a determination that the proposed plan does not meet the standards set forth in this Bylaw; or
 3. Approval of the site plan subject to any condition, modification or restriction required by the Planning Board which will ensure that the project meets the standards set forth in this Bylaw.

8.4.3.3. Failure of the Board to take final action upon an application for Site Plan Review within the time specified above shall be deemed to be approval of said application. Upon issuance by the Town Clerk of an appropriate certification that the allowed time has passed without Planning Board action, the required building permits may be issued.

8.4.4. Site Design Principles

8.4.4.1. All Site Plan Review applicants shall adhere to the following general principles when designing a site plan for land within the Town of Lunenburg.

- a) Landscaping Within the Setbacks: Applicants are expected to design setbacks with landscaping, maintain the landscaping and replace any landscaping that has not fully established itself. Front yard setback landscaping shall consist of street trees, low-level plantings and other visually unobtrusive flora. Landscaping shall be situated in a manner such that vehicular and pedestrian sight lines are not restricted.
- b) Driveways and Curb Cuts: Entrance and exit location shall be designed to facilitate safe traffic movement both on and off the site as well as internally. Curb cuts are limited to as few as practicable for the length of street frontage with adequate separation from adjacent parcels, other curb cuts and intersections.
- c) Service Roads/Connection of Parking Lots: To minimize turning movements onto adjacent public ways, developers are encouraged to provide internal circulation systems (service roads) that connect to adjacent developments (parking area to parking area). Site plans that propose service roads and/or connection of parking areas shall show on the plan how the connection of parking areas will be achieved and have a deeded agreement and easement from the abutter.
- d) Parking and Loading Areas:
 1. Access locations shall be designed to encourage unimpeded traffic flow with controlled turning movements and minimum hazards to vehicular and pedestrian traffic.
 2. Facilities and access routes for deliveries, service and maintenance shall be separated, where practical, from public access routes and parking areas.
 3. Parking facilities shall be designed to prevent parked cars from damaging trees, shrubs and curbing, and shall not disrupt pedestrian walkways.
 4. Walkways shall be separated from areas of vehicular traffic and designed to minimize stormwater runoff while maximizing access.
 5. These facilities shall include appropriate landscaping, pedestrian access and multi-modal parking accommodations.
- e) Stormwater Management (Grading and Drainage): All site plans shall be designed to comply with DEP (Department of Environmental Protection) Stormwater Management Standards. Furthermore, the use of Low Impact Development, infiltration of stormwater and reduction of impervious surface are strongly encouraged.
- f) Lighting: Lighting designs shall be Dark Sky compliant. This includes all exterior lights being designed and installed in such a manner as to prevent objectionable light at (and glare across) the property lines. Developments shall eliminate glare onto

adjacent properties through the use of lighting shields, earthen berms, addition of new landscaping and/or retention of existing natural vegetation.

8.4.5. Standards for Site Plan Review

8.4.5.1. In reviewing a site plan application, the Planning Board shall take the following items into consideration:

- a) Compliance with all applicable provisions of the Lunenburg Protective Bylaw; Planning Board Rules and Regulations for Site Plan Approval and Special Permit; and Subdivision Regulations.
- b) Traffic safety and ease of access at street and highway entrances and exits, to be determined by
 - 1. The adequacy of grades,
 - 2. The presence of sight distances that are appropriate for the design speed of the road, as determined by ASHTO,
 - 3. Minimum safe distance between such exits and entrances, and
 - 4. The existence of proper alignment or safe distance from proximal existing street(s) and driveway entrances.
- c) Safety and adequacy of driveway layout and pedestrian walkways; off-street parking areas; off-street loading areas for materials and products; to be determined by
 - 1. Adequate access for service and emergency vehicles,
 - 2. Proper separation of pedestrian and vehicular facilities,
 - 3. The presence of separated facilities for delivery of goods, and
 - 4. Acceptable traffic patterns to/from the site entrance/exit and within the parking facilities.
- d) Safe and adequate means of disposal of sewage, garbage and rubbish.
- e) Safe and adequate water supply and distribution; including sufficient water and facilities for firefighting on the site.
- f) Safe and adequate storm drainage consistent with
 - 1. building and surface coverage,
 - 2. grade and slopes,
 - 3. soils and
 - 4. water table

All of which shall result in zero increase in the rate of runoff from the site, as measured by the 2-Year (24-hour) and 10-Year (24-hour) Storm Event Standards; and there will be no negative impacts to downstream property-owners in a 100-year (24-hour) storm event. The stormwater system shall meet all the requirements and standards of the Massachusetts Stormwater Management Standards, as amended.

- g) Prevention of soil erosion during and after construction; provisions for an increase in the volume of runoff of surface water from the site and the protection of adjacent areas against detrimental or offensive uses on the site by the provision of adequate buffers against light, sight, sound, dust and vibrations.
- h) Open space provisions and landscaping, including the maximum retention of on-site natural features.
- i) Placement of underground utilities, night lighting and signs.
- j) Compatibility of soil and subsoil's to type and intensity of development.
- k) No exterior lighting shall shine directly on adjacent properties, or in such a manner as to create a nuisance on such properties or a hazard on public ways. To ensure exterior lighting conforms to this provision the following conditions shall be met.

1. For the proposed use all lighting installed shall conform to the standards outlined in The Illuminating Engineering Society of North America Lighting Manual.
 2. All lighting, with the exception of security lighting, shall be turned on no earlier than one half hour prior to the business opening and turned off no later than one half hour after the business closing.
 3. The Lighting Plan shall meet the requirements outlined in the "Lighting Plan Submissions" section of the Dark Sky Society's 2009 Guidelines for Good Exterior Lighting Plans, as amended;
 4. All fixtures using LED lighting shall be in the range of "warm-white" or shall be filtered LEDs that meet the standard of CCT < 3,000 K or have an S/P ratio < 1.2)
- l) Snow storage areas shall be shown on the site plan and shall not interfere with sight distances at points of ingress/egress to a site or pedestrian/vehicle circulation, nor shall it adversely impact surrounding water bodies, streams, wetlands, or other resource areas as defined in Chapter 131 section 40 Massachusetts General Laws, and the Lunenburg Wetlands Bylaw, as amended.

8.4.6. Modifications to an Approved Site Plan

8.4.6.1. Once a site plan has been approved by the Planning Board, said plan shall not be changed, amended or modified without approval of the Board. There shall be only one final site plan in effect for a parcel of land at a time.

8.4.7. Construction of an Approved Site Plan

8.4.7.1. Construction on a site with an approved site plan must be started within one (1) year from the date of the Planning Board's approval of the site plan. Site plan approval may be extended for one (1) year at the discretion of the Board after receipt of a written request from the landowner, showing good cause. If one year has elapsed from the date of approval; and no extensions have been granted; or if one year has elapsed since the granting of said extension; the final site plan approval shall become null and void without requiring any further action by the Planning Board. This time period shall not include delays resulting from litigation.

8.4.7.2. No permit to build, alter or expand any building or structure, or change of use requiring Site Plan Review under this Bylaw shall be issued by the Building Inspector; nor shall any construction commence before a written statement of Approval or Approval with Conditions has been issued by the Planning Board.

8.4.7.3. The Building Inspector may inspect a site under construction for compliance with the approved site plan.

8.4.8. Enforcement

8.4.8.1. It shall be the duty of the Building Inspector/Zoning Enforcement Officer to administer and enforce the provisions of this Bylaw.

8.4.8.2. The Planning Board shall provide a schedule of inspection fees to be paid by the applicant prior to the start of construction.

8.4.8.3. The Planning Board may use inspection fees paid by the applicant to offset the cost of hiring any additional engineers or inspectors necessary to monitor all phases of construction covered by an approved site plan.

8.4.8.4. If work is not performed per the approved plan, including all conditions, the Building Inspector/Zoning Enforcement Officer has the authority to issue a cease and desist order per the Planning Board Rules and Regulations for Site Plan Approval and Special Permits, as amended.

8.4.8.5. "As Built" plans, certified by a registered professional and noting any change from the approved plan, shall be filed with the Building Inspector and the Planning Board before a Certificate of Completion shall be issued.

8.4.8.6. Building Inspector shall issue a Certificate of Completion when all construction has been performed and all other requirements have been met in compliance with the approved site plan. A copy of the Certificate of Completion will be filed with the Planning Board.

8.4.8.7. No Certificate of Occupancy shall be issued for any structure or use subject to site plan review unless a Certificate of Completion has been issued.

8.4.8.8. The Building Inspector may issue a Temporary Certificate of Occupancy for a period of one (1) year if the required construction has been substantially completed and the permitted uses of the development can be carried on in a safe and convenient manner.

8.4.9. Rules and Regulations

8.4.9.1. The Planning Board may adopt such rules and regulations for carrying out its duties under this Section. The Board may, where such action allowed by law, in the public interest and not inconsistent with the purpose and intent of this Bylaw, waive strict compliance with any requirement of this Site Plan Review Bylaw or its rules and regulations.

8.4.9.2. The Planning Board may periodically amend or add rules and regulations relating to the procedures and administration of this Site Plan Review Bylaw, by majority vote of the Board, after conducting a public hearing to receive comments on any proposed revisions. Such hearing dates shall be advertised in a newspaper of general local circulation, at least seven (7) days prior to the hearing date.

8.4.10. Appeals Procedure

8.4.10.1. Any person aggrieved by any decision of the Planning Board or Building Inspector regarding a Site Plan Review application may appeal that decision per M.G.L Chapter 40A Section 17, as amended.

ARTICLE 41. To see if the Town will vote to amend the following Town of Lunenburg Protective Bylaw sections as follows (changes are ***bolded italic***): Under Section 2.0 DEFINITIONS, ***2.1.1.16 Farming and Agriculture***

a) Farm: A parcel of land ***as defined by M.G.L. (e) In case of a farm exempted from the provisions of the zoning by Statute, the minimum lot area, width and frontage requirements shall be in addition to the five acres as required under Massachusetts General Law Chapter 40A, Section 3 and Chapter 61A. (Submitted by Agricultural Commission)
Board of Selectmen and Finance Committee will make recommendation at town meeting.

ARTICLE 42. To see if the Town will vote to amend the General Bylaws of the Town by revising Section XXXII, entitled **Architectural Preservation District**, by making technical changes to reflect the intent of discussions at the May 2, 2015 Annual Town Meeting as follows: **Section 3: Designation of Architectural Preservation District (APD).** To delete the words “map entitled “Town of Lunenburg Historic District and the Lunenburg Village District” and insert the words “map entitled “Town of Lunenburg Architectural Preservation District” and to delete the map entitled “Lunenburg Historic District” and replace it with the map entitled “Town of Lunenburg Architectural Preservation District”, which map is appended to this bylaw.; **Section 4: Architectural Preservation District Commission;** Delete the words “and two residents of the APD and one resident at large.” in the fourth sentence and insert “and one resident of the APD and one resident at large.”; **Section 8: Binding Review.** Delete the words “Within thirty (45) days” in the fourth sentence and insert “Within forty-five (45) days”; **Section 12: Coordination with Other Town Boards and Bylaws.** In sub-section (d), to delete the words “The APDC shall be included as an advisory review entity in new construction projects” and insert the words “The APDC shall be included as an advisory review entity in new construction projects in the APD”; **Section 15: Appendices.** In Appendix A, to delete the words “are defined and shown on the Town of Lunenburg Village Center District Map and the Town of Lunenburg Historic District Map, which is a part of this bylaw.” and insert the words “are defined and shown on the map entitled “Town of Lunenburg Architectural Preservation District”, which is a part of this bylaw.”; or take any action relative thereon. (Submitted by the Planning Board) **Board of Selectmen and Finance Committee will make recommendation at town meeting.**

ARTICLE 43. To see if the Town will vote to amend General Bylaw, General Wetlands Bylaw XXI, making the following additions and changes, or take any other action thereto. (Submitted by Conservation Commission) **Board of Selectmen and Finance Committee will make recommendation at town meeting.**

CHANGES new language SHOWN IN ~~strikethrough~~

SECTION 2: JURISDICTION ~ Except as permitted by the Conservation Commission or as provided in this bylaw, no person shall commence to remove, fill, dredge, build upon, degrade, discharge into, or otherwise alter the following resource areas: any freshwater wetlands; marshes; wet meadows; bogs; swamps; vernal pools; banks; reservoirs; lakes; ponds of any size; creeks; beaches; lands under water bodies; lands subject to flooding or inundation by groundwater or surface water; lands subject to flooding; lands within 100 feet of any of the aforesaid resource areas; perennial rivers and streams and lands within 200 feet of such rivers and streams (collectively the "resource areas protected by this bylaw"). Said resource areas shall be protected whether or not they border surface waters. (ADD THE FOLLOWING SENTENCE TO THIS SECTION) ***Lands within 100 feet of aforesaid resource areas and within 200 feet of rivers or perennial streams located within the corporate boundary of Lunenburg shall be protected regardless of the location of the wetland with respect to municipal corporate boundary.***

SECTION 5: NOTICE OF HEARINGS ~ Any person filing a permit application or (REMOVE RFD AND ADD) ***RDA*** with the Commission at the same time shall give written notice thereof, by certified mail (return receipt requested), (ADD) ***certificate of mail*** or hand delivery, to all abutters according to the most recent applicable tax list of the assessors, including owners of land directly opposite on any public or private street or way, including any in another municipality or across a body of water. The notice to abutters shall enclose a copy of the permit application or request, with plans, or shall state where copies may be examined and obtained by abutters. An affidavit of the person providing such notice, with a copy of the notice mailed or delivered, shall be filed with the

Commission. When a person requesting a determination is other than the owner, the request, the notice of the hearing and the determination itself shall be sent by the Commission to the owner as well as to the person making the request.

The Commission shall conduct a public hearing on any application or (REMOVE ~~RFD~~ AND ADD) **RDA**, with written notice given at the expense of the applicant, five business days prior to the hearing, in a newspaper of general circulation in the municipality.

The Commission shall commence the public hearing within 21 days from receipt of a completed application or request for determination unless an extension is authorized in writing by the applicant.

The Commission shall issue its permit or determination in writing within 21 days of the close of the public hearing thereon unless an extension is authorized in writing by the applicant.

The Commission in an appropriate case may combine its hearing under this bylaw with the hearing conducted under the Wetlands Protection Act, G.L. Ch.131, s. 40, and Regulations, 310 CMR 10.00.

The Commission shall have authority to continue the hearing, (ADD) **with the applicant's consent written or granted verbally on the record during the course of the public hearing or meeting**, to a certain date announced at the hearing, for reasons stated at the hearing, which may include receipt of additional information from the applicant or others deemed necessary by the Commission in its discretion, or comments and recommendations of boards and officials listed in Section 6.

SECTION 6: COORDINATION WITH OTHER BOARDS ~ Any person filing a ~~Wetlands Protection Act~~ Permit application or (REMOVE ~~RFD~~ AND ADD) **RDA** with the Commission shall provide written notice thereof at the same time, by certified mail or hand delivery, to the Board of Selectmen, Planning Board, Zoning Board of Appeals, Board of Health and Building Inspector. The Commission shall not take final action until such boards and officials have had fourteen (14) days from receipt of notice to file written comments and recommendations with the Commission, which the Commission shall take into account, but which shall not be binding on the Commission. The applicant shall have the right to receive any such comments and recommendations, and to respond to them at a hearing of the Commission, prior to final action.

SECTION 7: PERMITS AND CONDITIONS (CHANGE TO PARAGRAPH 6)

A permit shall expire three years from the date of issuance. Notwithstanding the above, the Commission in its discretion may issue a permit expiring five years from the date of issuance for recurring or continuous maintenance work, provided that annual notification of time and location of work is given to the Commission. (ADD) **The Commission may extend a permit or a previous extension for an additional period of no greater than three years per extension.** Any permit may be renewed once for an additional one year period, provided that a request for a renewal is received in writing by the Commission prior to expiration. Notwithstanding the above, a permit may contain requirements which shall be enforceable for a stated number of years, indefinitely, or until permanent protection is in place, and shall apply to all owners of the land.

SECTION 8. REGULATIONS~ After public notice and public hearing, the Commission shall promulgate rules and regulations to effectuate the purposes of this bylaw. Failure by the Commission to promulgate such rules and regulations or a legal declaration of their invalidity by a court of law shall not act to suspend or invalidate the effect of this bylaw.

At a minimum these regulations shall define key terms in this bylaw not inconsistent with the bylaw and procedures governing the amount and filing of fees. (ADD THE FOLLOWING PARAGRAPH) **The Conservation Commission will establish a draft of proposed changes during regular, properly posted open meetings. Once there is consensus on the proposed changes, a formal hearing will be scheduled and will take place over 2 regularly scheduled meetings. Both hearings will be televised. A notice of the hearings will be put in a local newspaper at least 10 business days prior to the hearing dates. At the discretion of the Conservation Commission, the hearing may be continued to the next consecutive open, regularly scheduled meeting. Once the hearing is closed, the final changes will be drafted and voted on. The proposed and approved changes will be posted on the Commission's Town website.**

ARTICLE 44. To provide Yard Waste Disposal Services for its residents on a bi-weekly schedule from 5/1 -10/31 (6 mo.) or (12X); or take any other action relative thereto. (Citizen Petition Article) **Board of Selectmen and Finance Committee will make recommendation at town meeting.**

ARTICLE 45. To see if the Town will vote to establish a study committee for the purpose of investigating the feasibility as well as costs and benefits of having the Lunenburg Water District become a Town department and to establish transition milestones. Said committee to report back with its recommendations no later than the 2017 annual town meeting; or take any other action relative thereto. (Submitted by the Board of Selectmen) **Board of Selectmen recommends approval, 4 – 1. Finance Committee will make recommendation at town meeting.**
