The Budget Process

August - District Leadership Team worked to develop the Strategy for Continuous Improvement, and align School Improvement Plan goals, administrator and teacher evaluation goals to the Strategy objectives.

October – Instructional Leadership Team began to develop a 5-year staffing plan that would support student needs and execute the Strategy for Continuous Improvement. Department leaders and building administrators developed FY21 budget requests focused on highest impact on teaching and learning, and alignment with Strategy objectives. Superintendent presented trends in population/student needs data at the Symposium Oct 29, 2019.

November – Budgets were submitted to the Superintendent. Individual meetings were held with each department head and building administrator to review budget line requests. Leadership Teams continued to refine the 5-year staffing plan.

December – The 5-year staffing plan was finalized and submitted to the Town Manager and will be incorporated into the 5-year financial forecast to be presented in January. The Year-1 positions are part of this presentation.
