PRIORITIES IN DETERMINING CUTS

- ▶ Provide a quality free public education
- ▶ Preserve student access to a well-rounded educational program
- ▶ Allocate resources to meet students needs
- ▶ Lower class size
- ▶ Inflict the least negative impact on students
- ▶ Allocate resources in alignment with the District Strategic Plan goals and School Committee goal to allocate resources for the greatest impact on teaching and learning

Reduced Positions

- LMS FL Teacher (1.0 FTE)
- LHS Paraprofessional (1.0 FTE)
- LMS Bubble Teacher (1.0 FTE)
- LHS Part-time Greenhouse Manager
- THES Part-time Secretary

*Reduced from 6.0 FTE

** Seeking alternate funding

IMPACT

Districtwide

- ▶ Reduced supply accounts
- ▶ Reduction of hours for some paraprofessional positions
- ▶ Reduction of stipends- including department heads (*LHS will replace with BLT stipend*), building leadership team (*LMS, THES, Primary*), and fewer club advisors
- ▶ Long-term these reductions need to be restored

Turkey Hill Elementary School

- ▶ Part-Time Secretary: The secretary position is currently unfilled. A slight increase to the secretarial overtime account will assist with the school office duties.

Lunenburg Middle School

- ▶ Teacher, THES Bubble to Middle School: A grade 7 teacher will be switched to grade 6 to accommodate the larger class size (138). This will make six grade 6 teachers. The past several years we have had 6- 10 new sixth graders register over the summer.

Grade 7 will function with 5 full-time teachers. Student enrollment is currently 131, making class sizes approximately 26 per class (1 with 27).

- ▶ Teacher, Foreign Language Teacher: This would be an elimination of a program we have developed over the past two years in which students are exposed to three languages and different cultures in order to make a more informed decision on which foreign language they want to take in grade 8.

LMS will run 6th and 7th grade specials and enrichment with one less offering, making enrichment class sizes larger.

Lunenburg High School

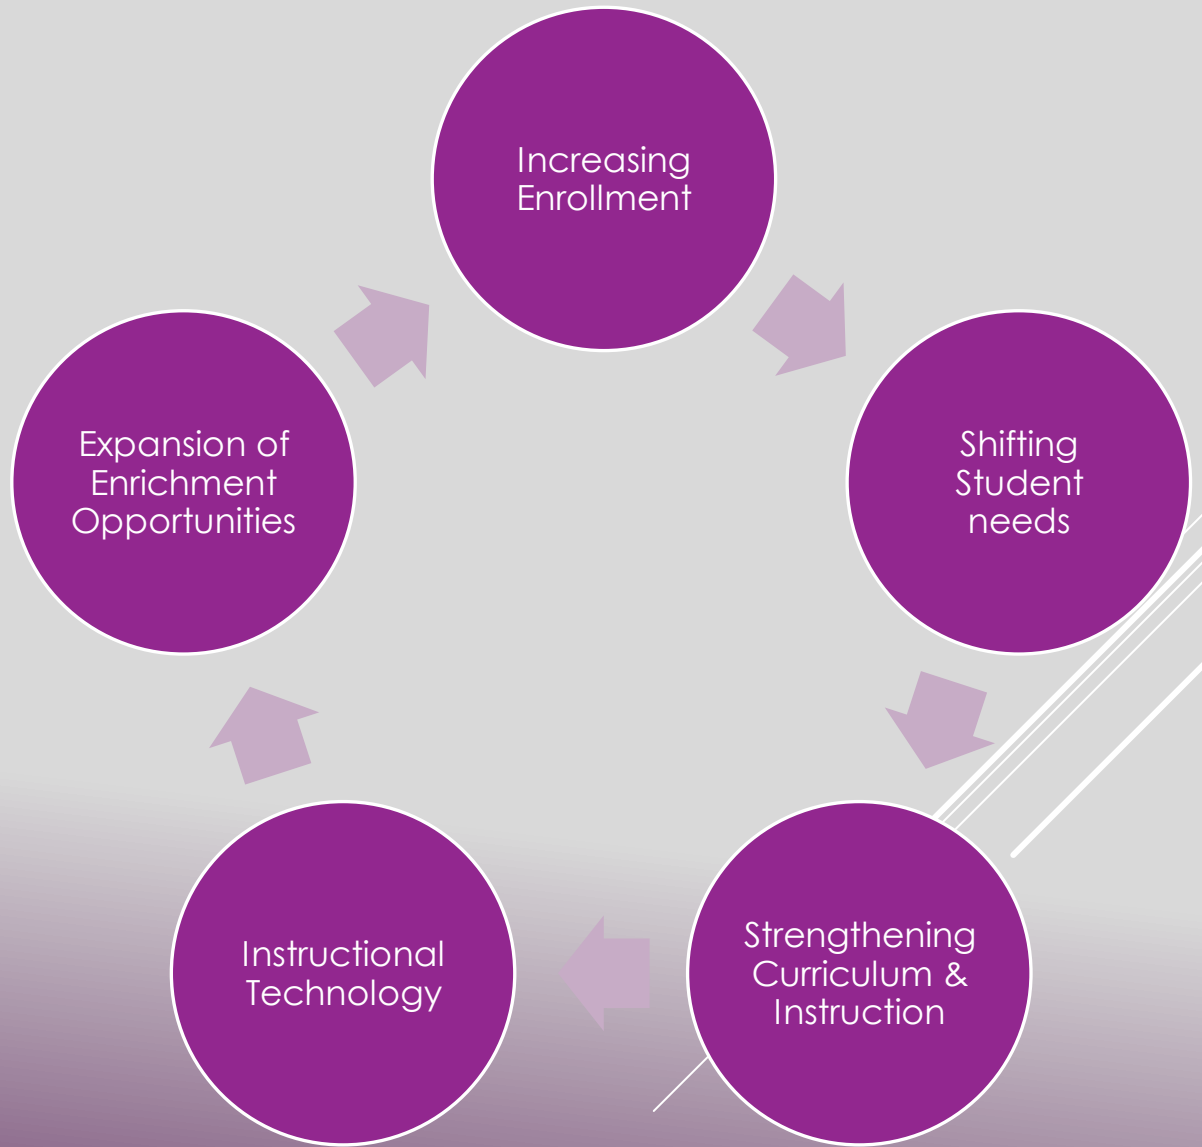

- ▶ Proposed Athletic Trainer: The district will not have an athletic trainer on staff. The district will attempt to contract available athletic trainers in the local area at a per diem rate when possible. The department will continue to provide the safest environment within the means available to the student-athletes. The position is going to be a requirement by the state for all athletic departments at some point in the near future. This position is vital to help provide an even safer environment for the students who participate in athletics.
- ▶ Paraprofessional, Study Hall: This will impact the LHS Advisory program. We are currently working with LEA to find a solution to maintain the integrity of the Advisory Program.
- ▶ Greenhouse Manager: There would no longer be small group activities in the greenhouse. Other staff and students would assume the responsibility for watering the plants.

LOOKING FORWARD

Enrollment

- No reliable projections.
- 4 years enrollment steadily increasing
- This year K enrollment increased 33%
- Town birth records also indicate increases
- Kindergarten registration moved from mid-March to early February. Current enrollment **101**
- Numbers may dictate relocation of our preschool program to make space available for K-2 at the Primary School
- Difficult to anticipate staffing needs
