

Facilities & Parks

FY27 Budget Presentation

Christopher Ruth, Facilities Director, Feb 19, 2026

Department Overview

Key Services

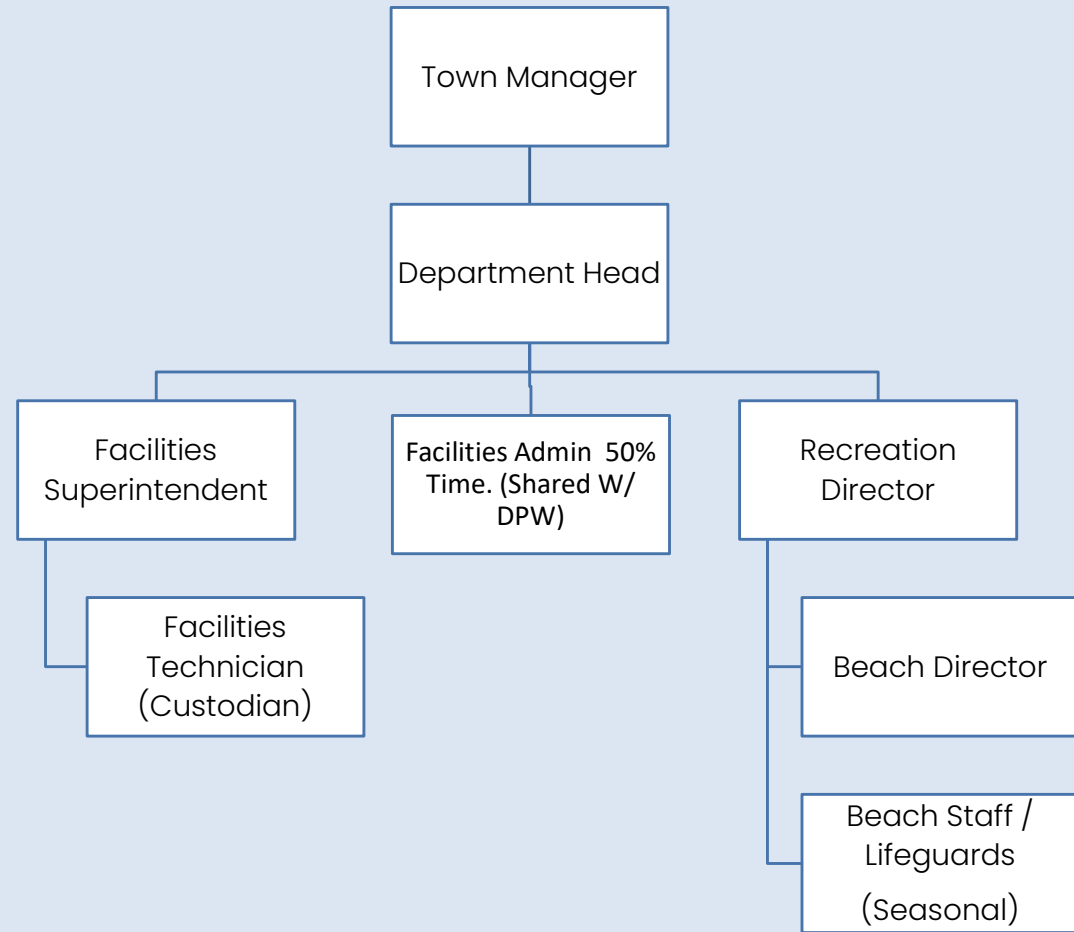

- Building Maintenance
- Grounds Maintenance
- Facilities Capital Planning
- Facilities Budgeting
- Parks Maintenance
- Oversee Recreation Dept.
- Oversee The Town Beach.

The Facilities Department is responsible for the upkeep and maintenance of our eleven town buildings (Town Hall, Ritter Memorial, Library, Teen Center, Eagle House/ Adult Activity Center, Public Safety Building, DPW Building, Town Beach House, TC Passios and Brooks House, grounds (town commons), parks (Marshall Park, McNally Field, Fitzgerald Field, Wallis Park, and Veterans Park), and town beach.

Organizational Structure

Staffing Overview

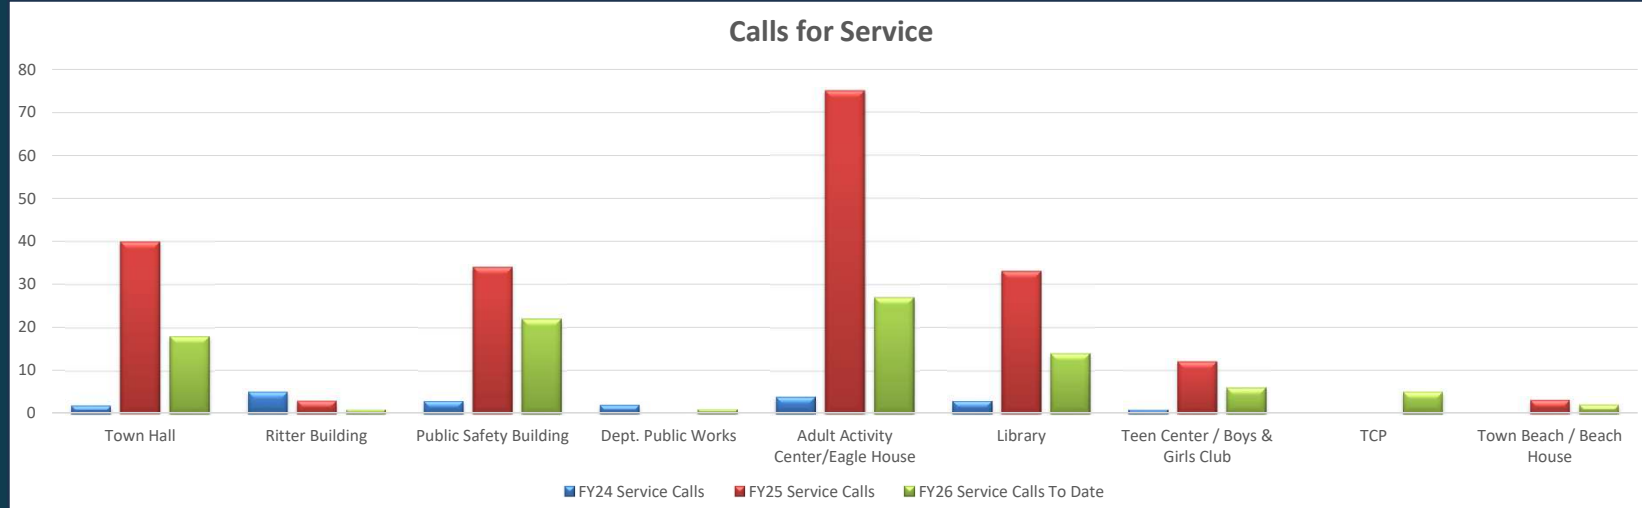

The Facilities and Parks Department is run by the Facilities Director and two dedicated full time staff members, the Facilities Superintendent and a Facilities Technician. Facilities administrative duties are covered by a shared Administrative Assistant with DPW. There is also a part time Recreation Director @ 19hrs per week who oversees recreation programming and the beach staff. The Recreation Director also handles parks billing.

Service Trends by Fiscal Year

The new work order system came online partway through FY24 and TCP work orders didn't come online until FY26.

Many minor issues aren't captured in this chart due to facilities staff taking care of minor issues on their daily walk throughs.

\$287,500.00

Total FY27 Budget Request PUBLIC BUILDINGS (Utilities)

The proposed budget of \$287,500 amount reflects a 29.88% increase from the prior year, ensuring continued delivery of essential services and addressing rising operational costs.

Major cost drivers

- TC Passios Building – Actual budgeting of costs
- Library utilities are not included in this as they are paid direct by the library.
- We are adjusting solar credits in hopes of lowering actual electrical costs. We have a surplus of credits in some locations and deficits in others. Credits can not be re-applied, we can only reallocate where they are applied.

\$770,474.56

Total FY27 Budget Request FACILITIES (Maintenance)

The proposed budget of \$770,474.56 amount reflects a 8.27% increase from the prior year.

Major cost drivers

- Increase to the purchase of service line to cover much needed repairs and improvements that don't rise to the level of capital but are outside our normal maintenance.
- Increase to the contracted services line to account for price increases & additional equipment.
- An increase to building maintenance supply to account for price inflation & more work being done in house.
- Salaries are shown at the FY26 rate. Increases will be covered by the salary fund. Facilities staff is operating off a 2 year old union contract but they are currently negotiating with the teamsters 170.
- The addition of a vehicle allowance for the facilities director to match the building commissioner.
- The town betterment costs reduced from last year and will expire after FY28 (\$63,886 for FY28)

\$33,500

Total FY27 Budget Request TCP Revolving Fund

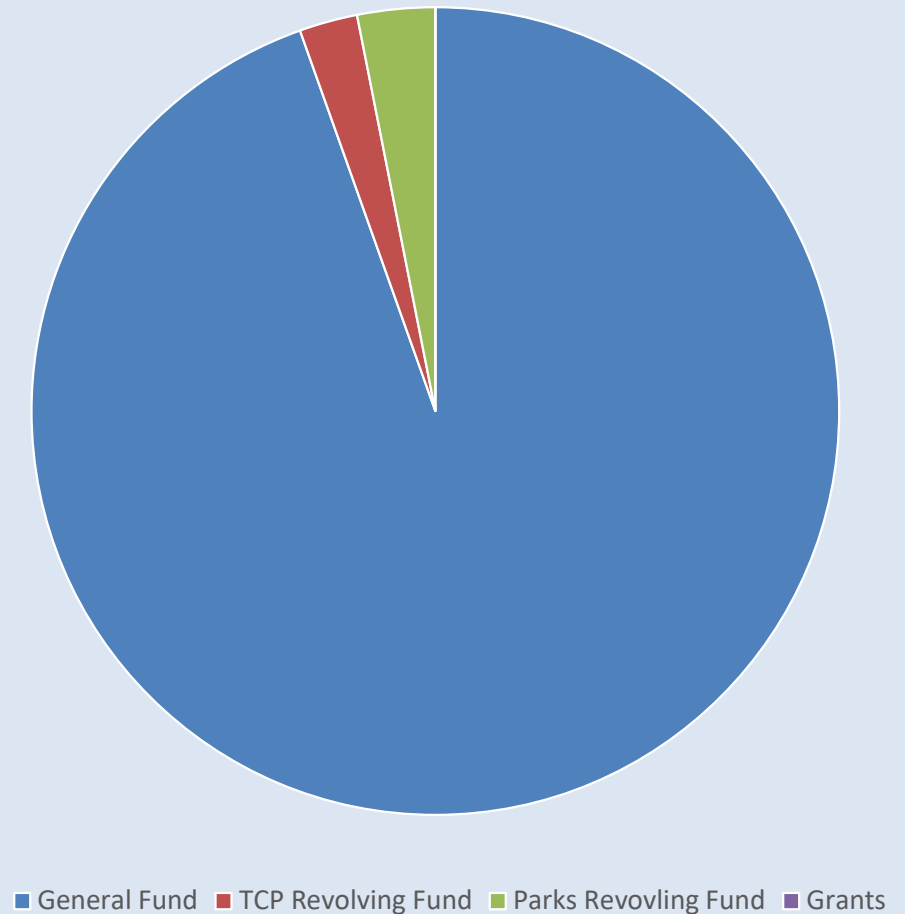

There is a TCP revolving fund that starts out each year with \$0 and is funded by rental income from several sources. These funds are used to offset un-budgeted TCP Costs.

Renter	Per Month	Total
Public Access TV	\$ 500.00	\$ 6,000.00
Shapiro School	\$2,000.00	\$24,000.00
Misc. Gym Rentals (AVG)		\$ 3,500.00
		\$33,500.00

Funding Sources

The department's funding sources primarily come from general fund. The facilities department also works with several town committees such as the parks commission and green communities to support revolving funds, grants, and fees, ensuring fiscal responsibility and transparency while maintaining essential services for our community.

FY27 Summary & Recap

The biggest changes to the facilities budget over last year is the proper budgeting of the TC Passios Building which has not been fully captured in any other budgets in recent years.

Even with the partial decommissioning of the buildings there is still a significant cost to operating that space.

THANK YOU!
