

ARTICLE 12

CAPITAL PROGRAM

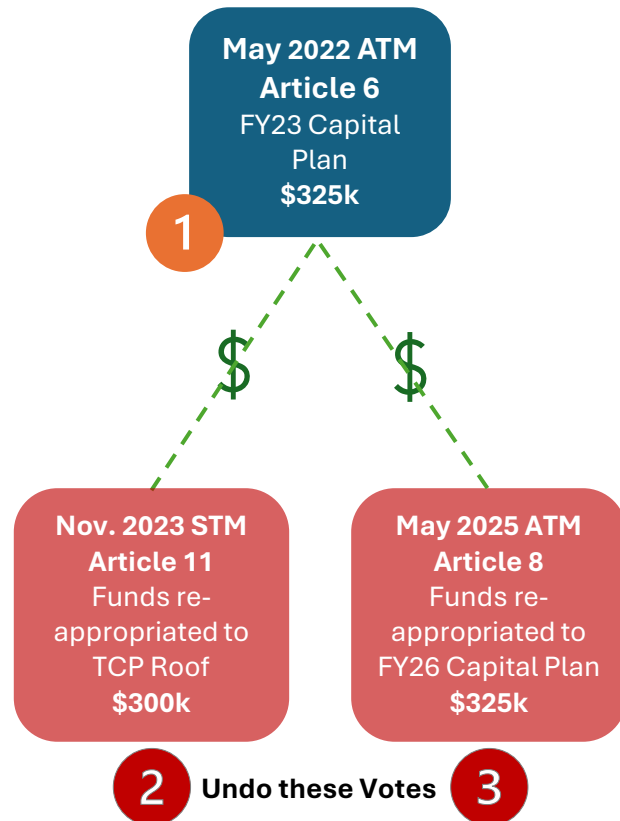

FUNDING REAUTHORIZATION

This article is a housekeeping article to rescind several prior Town Meeting votes and reauthorize funding for the FY26 Capital Plan.

The motion under this Article rescinds 2 prior votes and then re-authorizes the vote taken at the 2025 Annual Town Meeting.

What happened?

- May 2022 ATM - Article 6 - FY23 Capital Plan - Funds for Primary School Hazardous Abatement**
\$325k in FY23 Capital Plan for hazardous abatement at old Primary School. Ultimately funded outside Capital Plan.
- Nov. 2023 STM - Article 11 – PS Abatement Funds transferred to TCP Roof**
\$300k from the FY23 Capital Plan re-appropriated to fund roof repair at TCP. Did not proceed.
- May 2026 - Article 12**
Same funds re-appropriated to FY26 Capital Plan
\$325k from FY23 Capital Plan used to fund the FY26 Capital Plan. However, funds already committed to TCP roof repair.

No new money.
No new spending.
Just housekeeping.

The Fix

- Rescind both transfers and re-authorize FY26 Capital Plan vote.**
Undo prior vote for FY26 Capital Plan.
Undo prior vote for TCP roof repair.
Re-authorize funding for FY26 Capital Plan with transfer from unspent FY23 Capital Plan funds.
